190th Annual Report

of the

TOWN OF NATICK

MASSACHUSETTS

for the

Year ending December 31

1970

Lorell Press
437 D Street
Boston, Mass. 02210

Information for Voters

Natick was incorporated as a Town on February 19, 1781.

Location: 18 miles West of Boston

Population: 31,149

Registered Voters (December 31, 1970)

Republican:	2,688
Democrat:	4,734
Independent:	7,983
TOTAL:	15,405

Area: 15.99 square miles

Assessed Valuation (1/1/69)

Real Estate:	\$171,907,000
Personal Property:	6,093,900
TOTAL:	\$178,000,900

Tax Rate: \$64.30 per thousand.

Town Offices: Masonic Building, 24 Main Street

Tax Collector: 8 East Central Street

Town Clerk: 10 East Central Street

State Senator: David H. Locke, Wellesley
(Middlesex and Senatorial District)

United States Senators: Edward M. Kennedy and
Edward W. Brooke

Representative in Congress: Margaret M. Heckler of Wellesley
(Tenth Congressional District)

Representatives in General Court: Walter T. Burke and
Louis R. Nickinello
(Fortieth Middlesex)

Member of Executive (Governor's) Council: Herbert L. Connolly
(Second Councilor District)

Voting Qualifications: Must be 18 years of age, born in the United States or fully naturalized; a resident of Massachusetts six months and Natick six months, both continuously.

Registration of Voters: (1) Town Clerk's Office, 10 East Central Street, daily, 8:30 A.M. to 5:00 P.M.; Monday evening, 7:30 to 8:30. (2) Special sessions previous to all elections.

Where to Vote:

Precinct #1 -- Center School, East Central Street, Natick
Precinct #2 -- Eliot School, Auburn Street, S. Natick
Precinct #3 -- Kennedy Junior High School, Mill Street, W. Natick
Precinct #4 -- Murphy School, N. Main Street, Natick
Precinct #5 -- Lilja School, Oak Street, E. Natick
Precinct #6 -- Wilson Junior High School, Rutledge Road, N. Natick
Precinct #7 -- Harold Johnson School, S. Main Street, Natick
Precinct #8 -- Senior High School, Campus Drive, Natick

Tax Bills: Due and payable on or before October 1. Law provides for addition of interest from October 1 on bills unpaid after November 1. Motor Excise Taxes and Water bills are payable thirty days from date of issue.

Library Hours: Morse Institute: Adult Department, Monday, Wednesday, Friday 9:00 A.M. to 9:00 P.M.; Tuesday, Thursday, Saturday 9:00 A.M. to 6:00 P.M. Closed Saturdays during July and August. Children's Library, Monday through Friday, 12 Noon to 6:00 P.M. Saturdays and all vacations 9:00 A.M. to 6:00 P.M. Closed Saturdays during July and August. Bookmobile schedule available at library.

Table of Contents

Information for Voters	i
Town Officers, Boards and Committees	1 - 6
Selectmen	7 - 8
Administrator	9 - 10
School Committee	13 - 17
Superintendent of Schools	18 - 22
Leonard Morse Hospital	24 - 26
Police Department	28 - 31
Fire Department	32 - 35
Civil Defense	35
Public Works Department	36 - 37
Recreation	38 - 40
Town Clerk	42
Registrars	43
Morse Institute Library	45 - 47
Bacon Free Library	48
Assessors	50
Veterans' Services	51 - 52
Planning Board	53 - 54
Personnel Board	55 - 56
Zoning Board of Appeals	58
Building Inspector	58
Housing Authority	59
Board of Health	60 - 62
Town Counsel	64 - 68
Sealer of Weights & Measures	69 - 71
Forestry	72
Committees:	
Treasurer's Office Committee	75
School Needs Committee	76
Council on Aging	77 - 78
Building Code Revision Committee	78
Historical Commission	79
Town Office Building Committee	80
Fourth of July Committee	81
Environmental Control Commission	82 - 83
Long Range Sewerage Planning	84
Leonard Morse Hospital Building Committee	85
Police Station Exterior Needs Committee	85
Central Equipment Purchasing Committee	86
Safety Committee (Traffic)	86
South Natick Elementary School Building Committee	87
Town Government Study Committee	87
Dog Officer	88
Town Report Committee	88

Statistical & Financial Section:

Town Meeting Members Attendance	91 - 95
Town Meeting Minutes	96 - 209
Police Statistics	210 - 213
Leonard Morse Hospital Audit Report	214 - 222
Housing Authority Balance Sheets	223 - 225
Morse Institute Treasurer's Report	226 - 228
ZBA List of Appeals	229 - 232
Contributory Retirement System	233
Town Collector's Report	234 - 237
Assessors	238 - 248
Real Estate Tax Abatements	249 - 250
Treasurer's Report	251
Accounting Department	252 - 259
Expenditures	260

NATICK'S FIRST FIVE-MAN BOARD OF SELECTMEN
shown with Administrator and Counsel

ELECTED

<u>Position</u>		<u>Term Expires</u>
Moderator	Francis G. McGee	1971
Board of Selectmen	James N. Luttrell, Chairman Peter H. Garland, Clerk Thomas L. Huddy George A. Strait Daniel J. O'Leary	1971 1971 1972 1972 1973

1970 TOWN MEETING APPROPRIATIONS with distribution of Debt service, pay increases, equipment purchases to departmental accounts:

NATICK

MASSACHUSETTS

BOARD OF SELECTMEN

TOWN OF NATICK

24 Main Street, Natick, Mass. 01760

BOARD OF SELECTMEN

In 1970 the Board of Selectmen held 61 meetings compared to 46 in 1969. The Board for the first time in a number of years made official visits to a number of Town departments such as Police, Fire, Law, Veterans and Sealer of Weights and Measures. Selectmen made on site inspections for a number of drainage, street lighting, traffic, litter and other problems. In 1970 Selectmen perambulated four town bounds with the Selectmen of Dover, Framingham, Wayland and Weston, as required by State Law.

In 1970 the Board changed from 3 to 5 members. The change appears to provide a wider basis for representation, with more ideas and more open discussion of current issues. Also, it allows better attendance at various hearings, meetings and social events where the Selectmen's presence has been requested. It also means that a citizen with a complaint is more able to telephone a Selectman.

It is significant that all members of the Board are generally out-of-town during the work day in comparison with other years when there was usually a Selectman who was available for town business during the day. This appears to be a current trend in suburban communities. It has an advantage in that Selectmen who work in Boston have been able to make appearances before State and Legislative groups. However, it puts more of a burden on the Administrator and his office force.

The Administrator has increased in value as he has gained experience. He represents us at the MBTA meetings and handles relationship with local boards and committees. Often he puts in long hours because of the many night meetings involved.

Labor relations continue to be an increasing responsibility of the Selectmen who are now responsible for 5 groups representing 272 employees out of the total of 316 town employees not in the School Department. We continued to employ Attorney Norman Holtz as the town's negotiator backed up by the Labor Relations Committee. We recommend continued use of Attorney Holtz in the coming year. Also, we wish to express our sincere thanks for the long hours and good advice provided by the Labor Relations Committee, whose names are listed on a previous page.

The Conflict of Interest laws were put into full effect insofar as possible in 1970. All town officials and committee members designated "Special Municipal Employees" now have statements covering their status filed with the Town Clerk.

Down-Town Parking was improved with the cooperation of many others. The biggest parking lot was increased to 34 parking spaces. Improvement on the second parking lot was started but one house-taking has yet to be done; when done 40 parking spaces should be added here. Also, our thanks

to Town Counsel DiGeronimo and Msgr. Mahoney for an agreement that made 140 daytime parking spaces available near St. Patrick's Church.

Bids on insurance coverage were solicited by the Selectmen for the first time in 1970. Bids were received on Employee Group Medical and Group Life Insurance; employees contribute half the premium cost on these now. Also put out to bid were Employer's Liability Insurance and Workmen's Compensation, where thanks to a safety program helped by the Public Works Commissioners, we improved our rating and lowered our costs.

The Board is looking forward with great hope to the work of the Civic Beautification Committee it organized in 1970. Also we hope to provide improvements in the areas of purchasing, personnel and data processing.

We wish to give our wholehearted thanks to the various individuals, committees and departments for the cooperation given to make this a most successful year.

James N. Luttrell, Chairman
Thomas L. Huddy

Daniel J. O'Leary

Peter H. Garland, Clerk
George A. Strait

Selectmen's Secretary
Mrs. Kay Farnham

Administrator's Secretary
Mrs. Ruth Nickles

ADMINISTRATOR

In the first report since the establishment of the position of Administrator, some concept of how and on what I have been spending my time might be appropriate. Some short discussion of this will occur later in the report. Some illustrations of revenue and expenditure will also be shown later in the report.

Seen from the standpoint that most Town Departments have been accustomed to and would apparently prefer to act as independent corporations, cooperating where necessary in the interests of the Town, cooperation with me has generally been good. I have brought to the attention of some departments instances in which I have felt that more business-like purchases could be made, and have received cooperation in bringing such expenditures into line. As time goes on, I would expect to see that cooperation continued and increased. Broadly speaking, the various departments should be complimented on the generally economical outlook which governs their purchases. While I have no question that still further economies can be practiced, I would not, on the basis of the present evidence, expect to find in the area of purchasing any economies except on the small scale.

ECONOMY ON THE LARGE SCALE - Natick is a more or less typical example of municipal spending in Massachusetts. Appropriations are generally in line with those in other towns with which we might compare. In those instances where another community is operating a given department for significantly less money comparatively, it is generally at the sacrifice of some service or services being supplied by the similar department here in Natick.

Yet examination of statistical information on a nationwide basis on communities in Natick's population grouping (25,000 to 50,000) shows certain examples of municipal government departments being operated for significantly less dollars comparatively than here. In some of those examples, municipal employee's salaries are higher than here. How is this possible when it has not been possible to date in Natick? Many of the answers go to the heart of municipal government organization and state legislation in the Commonwealth of Massachusetts. While the system, whether town or city organized, has the appearance of home rule and local determination of how much to expend on municipal government, in reality, only a small percentage of the fiscal decisions are left open to local determination.

REVENUE, EXPENDITURE AND BUDGET(S) - Elsewhere in municipal government, various devices have been found to place a legal limit on taxation that is meaningful ranging from a vote on fixing the tax rate, as in Montpelier, Vermont, to the statutory setting of a limit on the property tax rate, such as exists in western states. Taking all the ramifications of the latter approach, the first procedure in establishing a budget for a municipality is to estimate the revenue from all sources. An expenditure budget is then drawn to fit within the dollar amount of this estimated revenue. This is similar to the methods employed in some business concerns. In such municipalities, it is necessary to continually examine actual revenue and expenditure and make any adjustments necessary to make the suit fit the cloth. Such a system sets up the establishment of priorities. It also sets up pressures that bring about a management orientation to those responsible for determining or proposing budget requests. To bring such a system into being in Natick would involve a complex program for change involving state legislation and local custom.

The Master Tax Plan Commission study and recommendations made recently propose changes in the tax base, methods of assessment, state subsidy and other matters. If the recommendations result in a change of legislation, in part, the heavy reliance now placed on the property tax base would be diminished. This and other recommendations would effect a shifting away from senior citizens and others in lower income groups some of the burden of the costs of government. Meritorious as that is, the recommendations, if enacted into law, might mean very little to the average taxpayer because the tax bite would simply be in a different form. The present costs of government, logically higher than now, will simply be distributed somewhat differently in proportions to property, sales and income taxes.

Even Federal and State proposals for revenue sharing, while again meritorious, and while offering some greater ease in the actual collection of taxes, will not decrease the burden of government for the average taxpayer in Natick.

A case could well be argued that if the recommendations of the Master Tax Plan Commission and the proposals for revenue sharing actually come about, that a part of the present pressure for reduction in the overall costs of government will be lessened without any reduction in the costs of government themselves. What should come about, if the voice of the taxpayer is heard loud enough, is that efforts to reduce the cost of government should be tied in every conceivable way to implementation of tax structure revision and revenue sharing. Cost reduction should obviously become the municipal way of life. In addition, proposals to change the structure of government, to make regional solutions to some municipal problems and services easier to bring about, and a strong research and development program for municipal services should be implemented. While some technological change has been implemented in nearly every phase of municipal services over the years, there has been very little basic change in the way in which the major services of local government are rendered or in the way in which manpower is utilized.

* * * * *

A large amount of time has been spent in work germane to collective bargaining, assisting the negotiations in many ways. Serving the Selectmen in revising the office and the way business is conducted has also been time-consuming. A number of proposals and recommendations have been made to the Selectmen and others, ranging from new methods of sanitation collection, to traffic safety and data processing. Natick lags behind a number of municipalities of this size and smaller who have utilized data processing for at least financial record-keeping. Proper utilization of computers should be the immediate goal ahead for improvements in payroll and purchasing.

Town Office Building: An analysis of expenditures for rent for various town offices yields the fact that it would not be more economical to pay for the costs associated with building and operating a town office building. On the opposite hand, the bringing about of a more economical town government will not be achieved without building such a building. If the town prefers to continue thinking of the various departments as separate companies funded by the parent with the lack of coordinated fiscal policy that results, then the present system of operation with various departments scattered throughout the down-town is the perfect way to preserve this.

Other factors relating to the Town office building revolve around utilizing some school building that is no longer suitable for education needs. The Center School and the Eliot School both have many of the features necessary to incorporate into a Town Office. Sites for a new building considered by the various Committees who have some part to play in recommending to Town Meeting, range from a site on West Central Street out from the business section to sites or a site in the down-town area.

My experience with Urban Redevelopment in other communities tells me that this Town is not going to find a plan acceptable to both the Town and the federal government which will be adopted. Even supposing that the Town were able to find such an acceptable plan, the lure of federal dollars which might result from the building of the Town Offices is a false lure. I do not know of any community which has accomplished an urban redevelopment effort in less than six years from start to finish. It is more likely to be eight years and is often ten years. The costs of the overall structure during that time have risen between 50% and 75% judging by the immediate past.

It may well be that 1971 is the year in which to authorize the drawing of plans and specifications for the Town Office Building. With these plans in hand later in the year, if the current trends continue, the Town Meeting could then be in the position to capitalize on the current favorable situation in the construction industry.

Stanley J. Lavery, Administrator

APPROPRIATION AND REVENUE-TAKEN FROM 1970 ASSESSMENT RECAPITULATION

(not included are Betterments and Special Assessments = \$99,510.40)

School Committee

The year 1970 will be remembered as a period of unrest for many universities, colleges and high schools. It will be remembered by the Natick School Committee as the year when countless hours of deliberation were devoted to the goal of achieving important changes without sacrifice of true values and without any unpleasant experiences in the Natick schools.

At the secondary level pupils were given greater choice in determining how they may use their free time at school. A "student union" room was set aside as a place of relaxation for seniors. Better communications between staff, students, administrators, school committee and parents were established. An effort was made and will be made to involve more people in the decision making process. Everyone associated with the Natick Schools became more aware of the necessity of being accountable, not only to those who pay for local education but especially to those who are to be educated.

Seated: Paul Ambler, Thomas J. Shea, Chairman C. Bernie Sigalove
Dr. Gail E. Cosgrove; Standing: Daniel Flynn, Miss Helen Sellow,
Supt. Winston Wetzels, J. Vincent Saunders.

The School Committee recognized the need to do more for young men and women who do not plan to continue their formal education after high school. As a first step, a course in "Distributive Education" was established. This addition to the curriculum permits students to learn about retailing and merchandising on a released time basis. From the results to date it can be predicted that this "school without walls" will be a success. Further encouragement will be given to the vocational education program so that future artisans will be better prepared to make the transition from school to occupational life.

The new center for the handicapped at the Memorial School was expanded in the Fall. New classes were initiated there for the emotionally disturbed and perceptually handicapped in line with the original concept when the school was constructed. Pre-school tests were given for the first time this year. These tests are designed to detect potential learning difficulties and behavioral problems so that adjustments and treatment can be initiated at an early age.

"Doesn't anyone know how
to run this thing!!!!!"

"She never calls on me."

Other programs which elicited interest throughout the year were the introduction of courses in black history, the humanities, and drug abuse. The use of the computer in mathematics and science was expanded. Concern for the handicapped was reflected in the increased services provided. Two days were set aside at the high school for "teach ins" on the war in Southeast Asia and on the subject of Ecology.

A school of practical nursing, which was proposed in 1968 by the school officials and School Committee jointly with the staff of the Leonard Morse Hospital, became a reality. In collaboration with the South Middlesex Regional Vocational High School, permission was granted by the State to initiate a licensed practical nurses training program at the Leonard Morse Hospital. The program was based on the original concept, but financing was made possible by federal grants through the South Middlesex Regional Vocational High School. Two classes of twenty students each have been in session since the Fall.

Townspeople should be aware of a directive from the State on future school lunch programs. In 1972 all single session schools must provide a hot lunch program for its children. In 1973 a hot lunch must be provided for all pupils. The lunch will be similar to that now being served in the secondary schools. There is little doubt that this innovation will be beneficial to some elementary children who do not receive proper nutritional food at home. However, despite the State's sharing of costs, the town will be required to subsidize the additional expenses of food, labor and equipment.

The School Department has worked closely with the firm of Metcalf & Eddy in the preparation of a projected school plan for the schools of the future in Natick. It is evident that with the additional planned housing, land acquisition is necessary immediately. The School Needs Committee has made suggestions and will present a final report in 1971. At that time it is expected that a proposal will be made to acquire more land for future school buildings.

This year all members of the Committee participated in some phase of negotiations with at least one of the School Department's five collective bargaining groups. This experience, involving the salaries of over six hundred employees, has made the members more aware of the total costs and the necessity for maintaining a proper balance between quality education and what the townspeople can afford. It is the conviction of the committee that the schools must look to the State for more support. It is imperative that the proposed, comprehensive revision of the tax program throughout the Commonwealth be undertaken without delay.

In an annual report of this kind, the Committee can only highlight a few of the schools' accomplishments in a very cursory manner. More detail may be obtained by reading the reports of the Superintendent and his assistants in this publication and the report of the other administrators and specialists in the annual edition of the school department. Valuable information about local education may also be obtained in the School News which is published three times a year.

Once again the School Committee extends its appreciation to town officials, to parents and citizens of the community, to the school staff, and to all who have helped the children of the Natick Schools.

SUPERINTENDENT OF SCHOOLS

Public education is at a time when goals must be reviewed and programs examined. New courses should be added. Some courses should be eliminated. Seneca, the Roman philosopher, reminds us that if we do not know to which port we are sailing no wind is favorable. Instructional objectives provide direction and guidelines to curriculum. Only when we have achieved a consensus as to educational goals can we begin to assess student progress and teacher performance.

Of the more than forty billion dollars spent annually on public education in the United States, the largest percentage is controlled and expended by local school systems. High costs have created a critical public mood. Traditional budgeting deals with such items as salaries, books and equipment. The modern view in school budgeting is to develop an approach based upon the total cost of activities or programs. The relationship between the financial input and the educational outcome is not always clear. A more comprehensive system of programmed budgeting is recommended.

Monies expended during the past year for school purposes provided the financial basis for the following educational highlights:

Introduction of new courses entitled Black Studies, Distributive Education, Humanities and Sociology.

Improvement of graphic arts program with the acquisition of modern offset printing equipment.

Addition of video tape devices and listening stations to enrich the language arts programs at both the elementary and secondary levels.

Implementation of programs in vocational education through greater use of community resources.

Utilization of the planetarium, which projects heavenly bodies at demand. This area has also served students as a stage for dramatic presentations with excellent sound effects and lighting.

Availability of cultural programs in the fine arts (planned cooperatively with parents).

Introduction of a system-wide program in an educational clinic for children with serious learning problems or emotional difficulties.

Expansion of facilities by completion of the modern Memorial Elementary School.

Presentation of relevant and varied in-service programs for the professional staff.

Development and improvement of curriculum and instruction through innovative pilot programs and experimental research studies. These include special programs in the teaching of computers, consumer education and conservation.

For many years teachers have used textbooks and chalkboards in the traditional instructional process. Teachers now use a greater variety of materials and strategies to enhance the learning atmosphere. The trend today is towards many media. This modern approach permits more self determination and independence on the part of the student.

The Instructional Materials Center at the High School is used daily by hundreds of students.

Natick has advanced the multi-media approach to instruction by the transformation of its libraries into instructional material centers. These areas contain an ever increasing number of non-book materials. Tapes, cassettes, recorders, and other audio-visual devices permit students to experience subject matter in greater depth.

Television complements instruction at all educational levels. "Sesame Street" is an excellent example of what can be accomplished via quality programming. Television has an immediate impact on students. It expands knowledge, skills and enthusiasm. The proper use of this media makes it possible for the teacher to be literally in several places at the same time.

The good teacher is still the most important single variable in education. The teacher must evoke a variety of skills in the student. The result should be learning in a classroom of challenge, curiosity and interest. A typical example would be the study of ecology, where pupils develop the ability to observe and interpret accurately the living world around them.

The findings of research and the results of studies by the staff show a need for the following changes:

"Released time" for administrators and teachers to maximize their effectiveness. This need can be accomplished without reducing the total weekly school hours for students.

Organizational changes for instructional purposes such as team teaching, modular scheduling, and semester courses.

Individualized instruction must become a reality and not simply a desired objective.

Elementary schools should place greater emphasis on teaching the basic skills of reading, writing and arithmetic.

Greater use of teacher aides in classroom instruction.

Implementation of a modified phase of the open campus plan for high school students.

Expanded use of school facilities (buildings, equipment and grounds) both by the school system and the community.

Ideas, plans and programs should be exchanged on a regional basis among communities. Natick has moved in this direction with its active membership in the educational cooperative.

There is also a need in education to re-examine views concerning the nature of learning.

Education in the seventies will expand the school's horizons beyond the classroom and campus which is already occurring in the vocational field. Experiences in work-study programs make it possible for students to become educated in practical work. In these extended frontiers, youth quickly learns how to learn.

Young people are vitally concerned about the activities and events that surround them. They want to feel a sense of involvement to discuss and study urgent public issues, problems, and concerns. Drugs, poverty, crime and the war seem more important to youth as the great events of history or the valuable formulae of science. Teachers must relate the past with the present; the abstract with the concrete; the ideal with reality. Only then does learning become interesting, curriculum relevant, and schools more challenging and rewarding for all concerned.

During 1970, in addition to the twenty-nine members of the non-instructional staffs who were employed, seventy-one new teachers were hired for the professional staff. Following is a general profile of those who began their service in the Natick Public Schools last September:

The above group hold degrees from forty-seven accredited colleges and universities located in sixteen states and Canada. Sixty percent of them are experienced in the specialized field to which they were appointed, and thirty percent possess master's degrees. Those selected for positions in our schools were chosen from 1,534 applicants.

It is obvious from this large number of certified teachers that more time was and will be devoted to consultation and interviews by the administration. It is expected that the well qualified candidates selected in 1970 will maintain and raise the standards of our professional staff.

Negotiations with the department's organized associations were an important assignment of the Personnel Office. During the year forty-three collective bargaining sessions were held with representatives of the teachers, administrators, custodians, secretaries and cafeteria personnel. Preparation for these meetings as well as the time devoted to the consideration and solution of employee grievances contributed significantly to better communications between school personnel and the school committee.

REPORT OF THE TRUSTEES OF THE LEONARD MORSE HOSPITAL

As the fiscal year ended September 30, 1970, Leonard Morse Hospital stood on the threshold of its first birthday as one of the most totally modern health care centers in Massachusetts. More importantly, it had increased its bed capacity from 111 to 193, established three new departments to provide expanded patient care while making only minimal additions to the hospital staff to promote greater efficiency and to institute all possible economies.

Obviously, it became necessary to recruit additional personnel as the potential for patient care and health services continued to grow. Yet while community hospitals of comparable size across the country maintained an average 2.7 employees per patient, excellent management practices have enabled Leonard Morse to provide the best patient care possible with an austere 2.5 ratio.

While this hospital is not a department of the Town of Natick, it has always recognized the importance of keeping our Greater Natick community fully informed as to its progress and its problems. And while its seven-member unpaid Board of Trustees are the sole legal body directing the functions of Leonard Morse Hospital, it continues to maintain complete contact and cooperation with those agencies which are Town Departments.

When Leonard Morse Hospital opened as a 12-bed "cottage" hospital in 1899, seven trustees were more than adequate to oversee this limited operation. Today, with our hospital now one of the largest public service and economic factors in the Town of Natick, its trustees meet a minimum of 50 times a year, with several attending dozens of additional sub-committee and joint committee meetings. The recently organized Trustees Council with its 48 members has made a major contribution in reducing the overwhelming work load which the trustees previously carried alone.

During fiscal 1969-70, Leonard Morse Hospital again was accorded full accreditation after a thorough survey in early July by the Joint Commission on Accreditation of Hospitals. It also established a new Department of Pulmonary Physiology to deal more effectively with respiratory diseases, such as the killer emphysema. It opened

a new Department of Nuclear Medicine, heretofore available only in larger neighboring hospitals. And, it inaugurated a new Department of Social Services which assists actively in marshaling the forces of all other community agencies to help solve intimate patient problems.

Director of Volunteer Services, Mrs. Margaret Johnson recorded the amazing total of 10,857 hours donated by in-service hospital volunteers from January 1 to September 30. This surpasses any accumulation of hours for the same length of time in the history of the Hospital Aid Association.

As the end of calendar 1970 approached, the Board of Trustees unanimously gave preliminary approval to the creation of an ongoing Development Fund, whose chief aim will be to attract "outside" money from charitable trusts, business, industry, state and federal sources, to help meet the continuing capital costs of an ever-expanding health care facility. The need for this new fund is dramatically portrayed in the fiscal year financial statement printed elsewhere in this report and indicating an excess of expenses over income in the amount of \$37,909.

The near-end of the fiscal year saw the opening of a Progressive Care Unit, where the least ill of the patients can be treated by a greatly reduced number of personnel, with a strong accent upon patient self-help, therefore reflecting a proportionate decrease in daily room rates at a time when costs in all other patient areas continue to increase amid the inflationary trend.

For the reciprocal cooperation Leonard Morse Hospital has continually received from all other official departments of the Town of Natick, its Board of Trustees, General Director and entire staff remain forever grateful.

Mary R. Leavitt
Secretary
Board of Trustees

GIVING GENEROUSLY of their own time are many Leonard Morse Hospital physicians who meet regularly in instructional courses, and who exchange techniques and experiences in handling patients with unusual conditions. Here, Dr. Arthur Lusklin presides at a monthly meeting of the Electrocardiography Department with his colleagues (l.to r.) Dr. Sawyer Foster, Dr. Edward Kattany and Dr. Paul A. Lamothe. At left are EKG technicians Miss Grace Wentworth and Mrs. Patricia Watson. Every Monday, each of these doctors including Chief of Medicine Dr. David Pomfret, alternate instructing other clinical personnel in the treatment and management of heart cases.

COMPARATIVE STATISTICAL REPORT

CHANUKAH AT CHRISTMAS was the theme in the Pediatrics Unit at Leonard Morse Hospital when Santa Claus presented his holiday gift to seven year-old Larry Cantor of Framingham, recovering from serious injuries received in an auto accident. With the bearded gent (really a Stop and Shop emissary in disguise) is the child's mother, Mrs. Alyce N. Cantor.

SOPHISTICATION IN EQUIPMENT is another feature made possible in the greatly expanded Leonard Morse Hospital. Dr. David L. Pierce illustrates the use of a high-powered surgical microscope which now permits delicate middle-ear operations and other similar procedures possible at LMH, without the need to refer such patients to other neighboring hospitals.

Police Department

Preamble:

We have witnessed great changes in the problems confronting law enforcement during the past years. The criminal element has become more sophisticated and complex in the approach and fulfillment of their trades. No community, regardless of size, or affluence has been immune to these changes. The future offers little relief. People and conditions over which we have no control will provide the problems with which we will be confronted. The traditional law violations --- Burglary, larceny, auto theft, bank robberies, etc., have been augmented by newer areas of concern --- drugs, civil disorder, bombings, and assaults on police officers and other public officials.

During the past year, eighty-six law enforcement officers were killed in the line of duty. This represents a 34% increase over the previous year. It is also noted that during the past ten years, over six hundred law enforcement officers have been murdered while protecting the lives and property of our citizens. This is further compounded by the increased acts against police officers which frequently result in grave and serious injury. Since 1962, assaults on police officers have increased 144%. What was once an unknown occurrence, is now an increasingly tragic item of news.

Too long, law enforcement agencies have been the scapegoat for the inequities of our society. As the visible evidence of government, we have been and will continue to be the target of dissident individuals and groups bent on the destruction of the basic rights of each and every one of us. The continuing increase in lack of community support and concern for the police officer, and the services he performs, has provided these people with a valuable tool which is being used frequently to accomplish their goals. Our society must command the respect for individual rights, and the rights of others in order to survive. To achieve this, respect for basic law and order, and those responsible for its implementation must be maintained.

<u>Year</u>	<u>Full Time Employees</u>	<u>Part Time Employees</u>	<u>Budget</u>	<u>Expended</u>
1968	57	18	\$596,677.69	\$584,424.98
1969	57	18	657,577.89	637,649.87
1970	57	19	717,228.00	690,993.44

There is set forth below a comparison of selected statistics of the department for the years of 1969 and 1970.

	<u>1969</u>	<u>1970</u>
Complaints requiring investigation	14,987	14,407
Arrests following investigations	1,034	1,099
Fines levied after convictions	\$21,466.00	\$26,559.00
Jail sentences	45 yrs., 5 mos.	57 yrs., 7 mos.
Value of goods recovered	\$100,049.00	\$210,241.00
Parking Tags Issued	4,103	3,557
Checks made on vacant homes by request	7,321	7,422
Fees collected from parking meters	\$11,793.55	\$12,434.04
Parking meter violation fines (court)	\$616.00	\$464.00
Miles travelled by police cruisers	358,775	350,450
Persons fingerprinted (Civilian purposes)	812	774
Fees received for copies of accident reports	831.00	\$1,005.00
Fees received for permits to carry firearms	418.00	\$466.00
Fees received for firearm ID cards	\$756.00	\$354.00
Fees received for liquor ID cards	\$18.00	\$122.00

The conclusion of this report will compile specific records reflecting the nature of our police activities this past year, and the type of investigations which are occupying our attention.

I should like to comment on various aspects of these records and other matters pertinent to this report.

GENERAL CRIME CONDITIONS:

An analysis of the year 1970 in comparison with that of 1969 indicates:

CRIMES AGAINST THE PERSON	INCREASED
CRIMES AGAINST THE PROPERTY	INCREASED
CRIMES AGAINST THE PUBLIC ORDER	INCREASED
COURT PROSECUTION OF JUVENILES	DECREASED
VALUE OF GOODS RECOVERED	INCREASED

During 1970 there were seventy-six more arrests made than in 1969. It is interesting to note that out of this number 55 were for crimes against the public order. Included in this category is the crime of "possession of a dangerous weapon" which has risen sharply over the past three years in Natick. It is not uncommon for police officers making "routine" arrests to find the subjects armed with knives or guns. This, to me, points out the upward trend of crimes of violence, unheard of in past years to law enforcement officers in suburban areas. It further supports the contention that our officers are constantly in the unenviable position of risking life and limb with each and every call they answer.

Narcotic drug violations --- a full time job --- have increased steadily and this is of the greatest concern to all of us. The use of drugs has become too much a way of life for many of our young people, and the results are disastrous. While the number of arrests for these violations has risen sharply, the ratio between the number of offenders and those arrested is far too low. We in Natick have been fortunate in curtailing this activity to a great extent by constant investigation and arrests. We have taken a firm stand against the perpetrators of this disease, and will continue to devote maximum manpower and training in this field.

Housebreaks continue to plague suburban communities, and Natick has been no exception. While the "professional" housebreaker has been active to some extent, we find that a great number of these crimes are committed by amateurs, mainly local youths. During this past summer this was pointed out with the apprehension of three groups of local youths who were responsible for breaking into twenty-five homes, as well as many other violations (Car Thefts, Larceny From Cars, etc.). As in the past we again solicit the aid of all residents in reporting suspicious activity in their neighborhoods to the police immediately.

Automobile thefts, and thefts from autos has been a major problem during the past year. Our large shopping areas have provided car thieves, both amateur and professional with the opportunity and the supply to practice their trade. While we provide constant vigilance in these areas by patrols in marked and unmarked cruisers, these thefts continue. Unlocked cars, and keys left in ignitions are the greatest contributing factors to this type of crime, and we urge all motorists to lock their vehicles when not in use.

Court prosecution of juveniles decreased during the year 1970, and this has been encouraging and rewarding to the members of the department. Many hours were spent, not only in the investigation of complaints involving juveniles, but in the implementation of programs of prevention. Our juvenile officer has worked closely with school officials and youth programs in an effort to establish closer communications between the police and the youth of the town.

Several outstanding acts of police investigation and apprehension were made by the department during 1970. A Norwood man was arrested following the holdup of a local bank. Over \$30,000.00 in stamps and furs were recovered, and a professional housebreaker arrested after he had broken into a Natick home. After an armed robbery of a local drug store, the quick action of Natick and Wellesley Police Officers resulted in the arrest of two known narcotic users. As the result of some good cooperation by a citizen and some good sound police investigation, we were able to obtain a larceny conviction and \$43,000.00 in restitution for the elderly victim of an insurance fraud.

ADMINISTRATION AND OPERATIONAL MATTERS:

The Police Station is now in good condition, and there were few repairs required during the past year. It was necessary, however, to replace the boiler and install new locks on all of the cell doors and was done within the budget.

With the recent wave of bombing of police stations, we did take precautions within the department in order to give more adequate protection to the building and the officers. This was also done within our budget.

During the past year we had installed a computerized teletype system which has proven to be one of the most beneficial tools in the area of crime prevention and apprehensions. This system has enabled us to obtain information from the various state and national records keeping facilities within seconds. We have been able to supply the officer on the street with many types of vital information which prior to this he has been unable to obtain. This system while still in its infancy is already being updated to provide more and more types of information and faster. We will be funded by the Law Enforcement Assistance Administration for another year at least for this system. We receive approximately 60% of the cost of the system from this federal source.

We are presently in negotiations with a federal agency with respect to updating our radio equipment with 50% of the cost being borne by the federal government. Other equipment is also under consideration by this source and we hope to have a firm commitment very shortly.

We have requested appropriations in 1971 for the addition of two Lieutenants for the department. As stated earlier in this report, law enforcement has become a very sophisticated field, in which major decisions must be made quickly and accurately. At the present time, during the night hours, we keep a sergeant on patrol at all times, and a patrolman at the station. It is my contention that the station should be manned by a Lieutenant, in addition to the Patrolman, at all times. This would afford the Patrolman the opportunity to call on a superior officer immediately if the need arises. and provide the residents of Natick with the necessary protection of which they are deserving.

The department now has two radar sets for use in traffic control. During the past year we have used these sets diligently, and we feel this has been a useful deterrent in motor vehicle violations throughout the town.

MOTOR VEHICLES:

The town safety committee has been very active during the past year, and has cooperated with our department in every way. Since the formation of this committee great strides have been taken in the elimination of serious conditions which have jeopardized the safety of our residents. We would like to take this opportunity to commend the members of this committee for their tireless efforts and time devoted to making Natick a safer place to live.

During 1970 traffic lights were installed at the intersection of Mill and West Central Streets. These lights have worked out extremely well and have decreased the frequency of accidents at this location.

The Route 9 - Speen Street location still maintains the reputation of being one of the worst traffic locations in the state. While many meetings and plans have been conducted to alleviate the problem, there does not seem to be an immediate solution at hand.

It is our understanding that traffic lights will be installed at the Speen Street - Hartford Street intersection during the next few months. While this will certainly aid in making this location less hazardous, we feel that congestion will still be present due to the close proximity of Route 9. This whole area is "one big ball of wax", and will never be resolved until construction of some type is completed on Route 9.

During the past several years we have strongly advocated the installation of traffic lights at all school crossings. The possibility of state funding or cost sharing with respect to these installations is being studied and some type of action will more than likely be taken this year.

Recommendations are now being studied relative to the possibility of changing the traffic flow in the Lincoln Square area. It may be possible to eliminate one way traffic on Dewey Street, which would take some of the congestion away from the Muligan Street, East Central Street intersection which at the present time presents a problem.

During the year 1970 there were 378 accidents investigated by the Natick Police Department. This represents an increase of 10 over last years total. There were 180 personal injury accidents in which there were 277 persons injured. This was 16 less personal injury accidents than in 1969 with 6 less persons being injured.

We again experienced four fatal accidents during 1970. We had our first pedestrian fatality since August 1, 1967 and our first bicycle fatality since September 2, 1964. We are making every effort through safety education in the schools to start more and longer fatality-free periods.

On April 26, 1970 a 19 year old Framingham man was fatally injured at the intersection of Speen Street and Hartford Street in a right angle two-car accident. On July 2, 1970 a 17 year old Natick man, a passenger in a car that went out of control on North Main Street, was fatally injured as the car struck a utility pole. On September 22, 1970 a 9 year old Natick boy was struck and killed by a car while riding his bicycle on Bacon Street. The final fatal accident of the year occurred on December 29, 1970 when a 40 year old Framingham woman was struck and killed while attempting to cross Route 9 near Wethersfield Road.

W. Joseph Shea, Chief of Police

Our school traffic supervisors and auxiliary police make a genuine contribution to the traffic safety in Natick and I would be remiss not to thank them publicly.

+++++

The entire number of arrests for 1383 offenses committed in Natick in the year of 1970 was 1110. Of these 891 were males and 219 were females. The number of residents arrested was 319 as compared to 791 non-residents. Included in these figures are 84 juveniles of which 45 were residents of Natick and 39 were non-residents. In addition there were 878 warrants and criminal processes served for other departments.

The Fire Prevention film library now numbers more than twenty educational films. These films deliver various messages to all ages, covering such subjects as "Heart Attack", "Children and Poison", "Safe Handling of Diving Injuries", "Rescue Breathing", "Home Fire Safety", just to mention a few. These films are presented to the Fire Department by local businesses concerned with the safety of life and property and are available for showing by contacting the Fire Prevention Division.

COMMUNICATION DIVISION

Fire Alarm:

A Fire Alarm Maintenance Truck with the latest safety features including an hydraulic boom was delivered in March and has proven an asset to the Communication Division.

The condition of the fire alarm system is very good. Bi-monthly tests were performed on all fire alarm boxes including auxiliaries in all schools, rest homes and churches.

Rural type "C" wire was used to extend aerial circuits a distance of 5,500 feet. This aerial wire is for both replacement and new box locations.

Our cable system was extended with the installation of more than 4,700 feet on Oak Street and more than 3,000 feet of cable on Bacon Street. This cable completes the cable expansion begun in 1967 to give the East Natick section of town sufficient circuits to handle the communications needs of this area for some time. Necessary modifications were made to the Wayland mutual aid circuit to provide direct wired voice communications in addition to the two-way telegraph box signals. We are planning to expand this type of mutual aid facility to other neighboring towns. A new box circuit was added to the substation at the West Natick Fire Station. This new circuit will provide overload relief in the northern section of town for some time.

Police Alarm and Traffic Control:

The police alarm system including patrol box stations were continuously serviced and periodically tested throughout the year.

Traffic control equipment and lights were maintained and kept operating the entire year.

Radio Systems:

The Fire, Police, Public Works, Recreation and Civil Defense systems have been serviced and tested periodically. A new frequency meter has enabled us to readily meet the requirements of the Federal Communications Commission's rules and Regulations. Four new mobile and one new base station radio sets were installed in the Public Works system. The Recreation Department's communication system was put into operation this past year.

Civil Defense System:

The ten audible electronic warning units have been tested daily and serviced bi-monthly.

Ten members of this department completed a six week Fire Fighters course held at Fire Training Academy, Stow, Mass. Ten members of this department completed courses at Civil Defense Training Academy, Topsfield, which included a Skin Divers Seminar, Emergency Training Courses, and a Heavy Rescue Course.

Seven members of this department are attending state community colleges working for Associate Degrees in Fire Science. A course in Emergency Care conducted by American Academy of Orthopedic Surgeons was conducted at Harvard University and completed by two officers.

Captain John F. Allen retired on June 16, 1970 after 33 years and 4 months of service, 16 of these years he served as a Fire Captain. Firefighter Fred J. Hladick retired on November 30, 1970 after 27 years of service to the Town with 17 of these years in the Fire Department. Warren Schlemmer, a firefighter, retired on January 6, 1970 after 29 years of service.

There were three disability retirements due to heart and lung conditions incurred in the line of duty. There was one member who resigned.

All members of this department completed the Advanced Course in First Aid conducted by Lieutenant William E. Forance, Jr., a Red Cross Certified Instructor.

I wish to extend my thanks and appreciation to the members of this Department, and to all persons, who in any way have cooperated and assisted in our operation and development.

Richard D. Fahey, Chief of Department

CIVIL DEFENSE

I respectfully submit the following report for the year 1970:

All Civil Defense Radios, Generators, Warning System and other equipment have been maintained and improvements made throughout the year, ready for use in any emergency.

A generator, lights, Scuba gear and other equipment have been placed in the Rescue truck (the old bookmobile) providing a place to change clothing, etc., in extreme weather, and for other emergencies where this equipment or truck may be required.

The Auxiliary Police have continued to assist the Police Department when necessary with their usual efficiency.

Some equipment for this and other Town departments has been obtained through the Surplus Property Program.

This year the Town received in excess of \$3,000.00 through the Matching Funds program, a much greater amount than the cost of this program to the Town.

With the so-called "winding down" of the Vietnam War, much equipment should become available at a greatly reduced cost. A continuous Civil Defense Program is required for inclusion in these two programs.

Charles E. Holloway, Director
John A. Morris, Deputy Director

Department of Public Works

This is the 50th Annual Report of the Department of Public Works.

Mr. Louis R. Nickinello was elected to a one year term as Commissioner.

Mr. Daniel O'Leary resigned in order to take up his duties as Selectman.
Mr. Anthony J. Gallo was appointed to the Board.

During the year Mrs. Katherine Boyd, Mr. Mathew Murphy and Mr. Frank Murphy retired from the Department after many years of dedicated service. We wish them well.

Employees and former employees who died during the year: Albert Richards, Kenneth Parker, Henry Morris. Our deepest sympathy goes out to the families of these fine employees.

The chief function of the Public Works Department is to render municipal services to the taxpayer that he is unable to provide for himself. These services are vital and necessary for the well-being of all Natick citizens. Such services do not just happen. To provide each service requires trained and dedicated employees willing to perform, often under adverse conditions. Such performance, on numerous occasions, goes unnoticed by the citizens of Natick because they are only noticed when not performed. It should be noted that the size of the Public Works work force has remained virtually unchanged during the past 10 years despite an ever expanding work load.

The Department is staffed by a total of 95 regular employees and is augmented by hiring contractors to assist during periods of heavy snowfalls and the installation of some municipal utilities.

The cost of the Department is offset in part by earnings realized by Water and Sewer earnings, Betterment Assessments, Inspection Fees and miscellaneous Department charges.

The sewer system now has 25 pumping stations in service maintained and serviced by the Sewer Division. New sewer mains and service lines were installed in town, totaling 18,000 feet added to the system.

Water rates were voted by the Department of Public Works Commissioners to be equalized at 20 cents per hundred cubic feet to all users. Total gallons pumped for 1970 amounted to 2,033,551,250 gallons with highest consumption for one day was 8,412,000 gallons.

The Highway Division performed their usual varied duties at maintaining and cleaning the many drains and brooks that comprise Natick's storm sewer system. Construction of drainage systems, sidewalks, roadways, curbing and loaming and seeding areas damaged by snow plowing operations were a portion of the work done by the highway crews. Roadway maintenance was hampered in 1970 by the inability to purchase road oils and tars caused by strikes affecting the oil industry.

A new articulated front end loader is most helpful in excavating and filling for sidewalk construction as it can work within a minimum of space alleviating traffic tie ups in the construction area. Its use in other construction and snow removal operations has been beneficial to the Town because of its speed and agility.

The Sanitation Division work load was increased by about 30% in rubbish collection because of the no burning law which took effect on July 1, 1970. This was accomplished with no increase in personnel.

Some residents have expressed the opinion that rubbish should be collected weekly, while others feel that bi-weekly collections are satisfactory. Articles have been inserted in the next Annual Town Meeting Warrant so that that body may decide the issue. It will require three new pieces of equipment although no increase in personnel will be necessary, provided the rubbish and garbage collections are combined and at the curb. Added cover material will be necessary at the dump if garbage is mixed with the rubbish rather than sold to hog farmers as is the policy at present.

The leaf collection question created quite a stir in the fall, brought on by the no-burning edict. Because of a lack of funds, the Department did not pick up leaves, requiring the residents to transport them to the dump. A second leaf dump was made available for the residents in East Natick.

DEPT. OF PUBLIC WORKS OFFICE

Natick Recreation and Park

Recreation and Park Service in Natick has made some noteworthy changes in 1970, and the challenges for 1971 and the years ahead will be increasingly severe as residents require more creative approaches to worthy use of leisure time, an ever increasing commodity in the nation, as well as our Town.

Primary among the accomplishments has been citizen involvement in planning, promoting, and anticipated implementation of Facility and Program Development in the Town. Concerted efforts by the Recreation and Park Commission to open lines of communication between the board and Fraternal, Social, Service and Private groups and organizations of the Town has already shown evidence of increased understanding by the citizenry at large, of the needs for recreation in the community.

Active participation by the East Natick P.T.A. in determining the needs of that neighborhood for recreation and park facilities and program has led to a comprehensive plan which will be proposed to Town Meeting in 1971, and is an excellent example of taxpayer participation in proposed service growth areas.

Generous and enthusiastic support of programs and equipment for handicapped and retarded children of the Town by the Natick Kiwanis Club, BPOE 1425 Lodge of Elks Natick, Amvets Post 79 Auxiliary and numerous businesses of Natick have made possible the establishment of Winter and Spring Special Recreation Programs in the "Home of Champions". A twenty week athletic, art, and drama program and a six team league Floor Hockey Program for Retarded are living proof of the accomplishments possible on a tax free basis, when groups such as these combine efforts for a most worthy cause.

Tax revenue, though still the primary source of service improvements, has been further complemented in 1970 by more extensive support of volunteers at every level of programming. Participation in supportive staff leadership positions, on an increased basis, was the single most progressive step of the past year. Pre-teens - Teenagers and Adults have contributed over 20,000 volunteer hours at various program levels, providing critically needed service extensions throughout the community.

Examination of future recreation in Natick in terms of short and long range personnel, program and facility needs, has been necessarily stifled in the past by lack of adequate administrative and supervisory personnel, and a remedy to this situation has been proposed for 1971 by the Commission, through the addition of a full time professionally trained Recreation Supervisor. Today the employment of 153 part time staff and over 400 volunteers combining efforts to implement some 65 different program elements, conclusively demonstrates the need for a supervisory staff member to adequately plan, promote and implement the diversified service components of the Department. Commission endorsement of the proposal, after a three year evaluation of over-all Department personnel needs, was reached in the sincere belief that, through this first phase implementation of a redirected personnel critical path, long term efficiencies will be accomplished.

Severe among obstacles to overcome in the years ahead is the need for a new approach to financing, and large scale acquisition of open space and recreation land. Scrutinization of public and private funding programs, and more careful examination of new methods and techniques of revenue producing procedures, will only partially relieve the burden of responsibility now heavily weighing on the taxpayers of

Natick. The willingness to accept the challenge of providing such service intangibles as aesthetic and environmental preservation, and meaningful developmental recreation programs must continue to be a primary objective of the community at large.

Planned on a short range scale in the next three years is acquisition of three parcels of land adjacent to Lake Cochituate, most necessary for the assurance of adequate water oriented facilities, and valuable utilization of one of Natick's most treasured natural resources. Sites in West Natick, downtown Natick and North Natick have been and will continue to be investigated for possible immediate negotiation, while areas in West Natick, East Natick and South Natick will be carefully observed for possible changes on a long range basis. Commitment by Natick to land preservation policies is most vital at this time if we are to maintain the more natural, rural, atmosphere of the community, to which we are accustomed.

Developmental projects in 1971 will be primarily focused on the proposed East Natick School Recreation Facility Improvement. The Memorial Beach-Dug Pond Facility Renovation and Water Resource Protection are proposed for professional study in 1971 and submission of final plans and working specification for implementation in 1972.

Recommended also in 1971 is protective color coat resurfacing of tennis courts at Natick High School and Wilson Junior High and the basketball courts at Whitney Field. The protective sealing treatment of these surfaces, if performed now, will eliminate the need for more costly reconstruction or renovation in the years ahead.

Meaningful Recreation Program Services, the mainstay of people oriented development, continues to hold priority, however, in relation to the over-all Municipal Recreation and Park Service. Coordination of a professionally directed plan to meet individual and group needs of the Natick Community on a Social, Cultural, and Physical Recreation basis, must be foremost in the minds of those responsible for the provision of Recreation and Park Service, as they relate to the development of the "whole man" as prescribed by finely drawn Goals and Objectives of Recreation.

In line with this philosophy, programs for 1971 have been developed, which according to carefully determined priorities, are being proposed for implementation.

With the program for elementary and adult age groups well established, program emphasis in 1971 will be redirected to meet the changing needs of Natick's youth culture.

Programs of social and cultural significance have been proposed for both junior and senior high age levels, including a newly developed Summer Co-Recreational Day Camp Program for junior high ages at the Town Forest Facility and a Junior High Pilot Study Program, that will constitute the initial step in a year-round total co-recreational social experience for grades 7 to 9.

A proposed expansion of the Natick Drama Workshop to a year-round program in 1971 will provide a more in-depth cultural experience for both junior and senior high ages. The fall, winter and spring program featuring both clinic and laboratory sessions will be a most welcome supplement to the extremely limited experiences that are available to Natick youth.

1971 will be a year of reflection, and a barometer for the 1970's in terms of youth program priority reorganization.

Recreation and Park Service is more essential to human development and growth than ever before in the history of society. The need for man to understand himself and others and learn to express himself in a positive manner, is vital to the future of this country and most certainly the Natick community. Recreation in Natick, as it has in nearly every phase of national, state, city and town societal units, must continue to receive the support and priority of the community at large.

Example of the priority now being placed on recreation here in Massachusetts is the proposed establishment of a State Recreation Coordinator's Department within the new, soon to be established, nine cabinet structure of State Government, brought about by the demand for Recreation Services by Massachusetts residents. Natick has, over the years, been a leader in acknowledging the importance of recreation to the development of enriching community life and can take great pride in its accomplishments of the past and plans for the future.

The Recreation and Park Commission, and Professional and Non-Professional Staff of the Recreation and Park Department, expresses their most sincere gratitude to the Natick residents at large, to the various Town departments, Officials and Committees and to all those who have contributed so much in making 1970 another year of progress and achievement.

Respectfully submitted,

Michael J. Rourke, Superintendent of Recreation and Parks
Kenneth J. Cereghino, Assistant Superintendent of Recreation and Parks

Town Clerk

I hereby submit my annual report for this office of the Town Clerk covering the year ending December 31, 1970.

The year 1970 has proven to be one of the busiest, both in elections as well as revenue received. Total revenue received in the office of the Town Clerk amounted to \$22,143.33. This is an increase of \$2,265.29 over the year 1969. The total revenue received by this office was subsequently turned over to the Town Treasurer for which I hold the receipts.

As of December 31, 1970 our records show as being recorded 736 births, 429 marriages and 345 deaths. It is well to inform you that this is not the total births, marriages and deaths of Natick residents for the year 1970.

In many cases these records of births, marriages and deaths of Natick residents will not be received by this office from out of town or out of state for at least two to three months.

The New England Town Clerks Association, as well as the Massachusetts Town Clerks Association, is endeavoring to find ways in which vital statistics can be processed more rapidly so that a more accurate report can be made in the Annual Town Report.

Our records also show a total of 1838 dog licenses were issued for the year 1970. The different categories as sold were:

Male Licenses	-	985
Female	-	160
Spayed Female	-	693
\$10.00 Kennel	-	6
\$25.00 Kennel	-	1
\$50.00 Kennel	-	4

After proper deductions the monies collected for dog and kennel licenses were turned over to the County by the Town Treasurer. In return, from the County the Public Library is proportionately refunded.

Residents of Natick are once again reminded that all dogs three months of age or older are required by law to be licensed.

The report of the Town Clerk for the year 1970 would not be complete without mentioning and thanking the Genealogical Society of the Church of Jesus Christ of Latter-Day Saints for their wonderful gift to the Town of Natick.

On May 2, 1970, the Church of Latter-Day Saints completed microfilming over 364,000 copies of every birth, marriage and death record that is on file in the office of the Town Clerk.

Presently stored for safekeeping in Salt Lake City, Utah, are copies of these vital statistics free of charge to the Town. In case of disaster to the records filed in this office, a new copy could be obtained in just a matter of a few days.

Also received from the Church were the microfilm rolls of these records which I hope to put into use in the very near future.

Edward W. Devereaux, Town Clerk

Board of Registrars

We, the Board of Registrars, wish to submit our annual report for the year 1970.

Our records show a total of 15,508 registered voters as of December 31, 1970.

The year 1970 proved to be one of the most successful years in voter turn out percentage-wise, in what is known as an "off year election", the highlight of which was on State Election Day, November 3, 1970 when 87% of the registered voters cast their ballot. During the year 1970 the Board of Registrars strived to protect your voting rights, and to make voting more accessible and easier to the voting public.

Many election laws were changed in 1970, one of which was the lowering of the voting age from 21 years of age to 19 years of age for Town and Statewide offices - and 18 years of age for Federal offices. The Board is waiting with great anticipation to see how many of these new eligible voters will recognize their responsibilities as American citizens and take advantage of this opportunity to become a registered voter.

We, the Board of Registrars are required by State Statute to annually conduct a Town Census of any person 17 years of age and over. We must stress upon you, the residents of the Town of Natick, the importance of the Annual Town Census. It is not only conducted to protect your right to vote but we are also called upon many times to certify some form of legal document; to determine legal residence, to establish credit, to attend schools, to obtain certification for government bonus for service in the Armed Forces. The Annual Town Census is the only source for the aforementioned and it is also the means for up-dating the Voters List.

Your cooperation in helping us to protect your voting rights by answering the Annual Town Census is asked for once again.

On January 2, 1970 the Annual Town Census was conducted by the U. S. Mail for the first time in the history of the Town of Natick. The cooperation of the residents in returning the census information was most gratifying to the Board. The policy of conducting the Annual Town Census has proven to be most successful and thus will be continued.

Elizabeth H. Partridge, Librarian

<u>Year</u>	<u>Employees</u>	<u>Budget</u>	<u>Expenditures</u>
1969	12	\$161,802.00	\$146,856.12
1970	13	\$184,299.00	\$177,426.46

The Morse Institute report for 1970 is hereby submitted.

The total circulation of books for the year was 272,324 which represents an increase in the circulation of adult books and a slight decrease in children's books. 5,072 books were ordered, classified, cataloged and processed for circulation and 4,910 were discarded.

Reference work is one of the most challenging and interesting services of the library. Questions come from borrowers' inquiries at the desk, by mail and by telephone. Sample questions include: information on stocks and bonds, current information on Denmark's foreign trade, biographical material on Truman Capote, meaning of ABCD in a news story, Treaty by which U.S. and Mexico transferred land, travel information on Corfu, pictures of Civil War uniforms in color, specifications of the Canadian aircraft carrier, Bonaventure. Some answers can be found quickly and others require considerable research. Frequent use is made of the N.Y. Times and the Natick papers on microfilm. The pamphlet file has been expanded and is a useful source of current information along with periodical articles.

The Children's Library continued to have regular visits from the 4th, 5th and 6th grades at the Center School and from all the grades at St. Patrick's School. The Bennett-Hemenway first grades, the Natick Cooperative Nursery School, the First Congregational Church Nursery School all had field trips to the Children's room. Each Saturday morning from October through May there was a story hour for kindergarten through grade two and on the last Tuesday of the month for pre-school children. During July and August two successful Summer Reading programs were conducted; "Moon Walk" for the older children and "Big Chief" for the younger ones. 257 children, at the library and on the Bookmobile, completed the required reading. Miss Womboldt gave a talk on children's books for the Natick Mother's Club in November.

Both Bookmobiles provided their usual excellent library service to the community. The Adult Bookmobile showed a slight increase in circulation. This Bookmobile now includes stops at Cedar Gardens and at the Maria Hayes Home. During the summer an additional stop was made in the Winter Street area. The School Bookmobile maintained a good circulation, even though there was a slight drop in comparison with the previous year. Both Bookmobiles carry an unusually good collection of books carefully selected to supply their patron's needs. A new engine and a generator, for supplying heat and electricity, were installed in the School Bookmobile which is now 12 years old. With these major repairs completed, it should give a few more years service before being replaced.

A Paperback Collection of books was started with a selection of titles that would appeal to the young adult reading interests. This proved to be very popular and will be expanded further in the coming year. Some of the paperbacks were duplicates of books in the regular collection and others were new titles.

The Librarian and the Children's Librarian met several times with the High School and Junior High Librarians to discuss school and library cooperation - ways of obtaining better cooperation from the teachers regarding advance notification of school assignments. If this were possible, there could be a more even distribution of available material among the students. A manual was drafted that would be given to the teachers, explaining library services available to them and indicating what would be expected from them.

Membership in the Eastern Regional Public Library System has proved beneficial in providing better library service for Morse Institute patrons. Many books are borrowed through the sub-regional center at the Wellesley Free Library. If a requested book is not in the Wellesley Library, the information is relayed to the Boston Public Library by teletype. In many cases, if a book is not in either library, it is purchased by the Boston Public Library. The Morse Institute has a "Union List" of the periodical holdings of all the libraries in the Eastern Sub-region, so that a borrower may know where to locate a particular magazine not in the Morse Institute collection. Natick borrowers are entitled to cards without charge at the Wellesley Free and Boston Public Libraries. Any Natick organization may register at the Boston Public Library for a card to borrow films. Workshops sponsored by the Eastern Region on "Public Relations and Publicity" and on "Film Programming" were attended by several members of the staff. The Librarian also attended business meetings, where further means of improving service were discussed. Book Lists for distribution to the public, as well as "Suggested Books for Purchase" were regularly received from the Eastern Regional Office.

The meeting room on the second floor was used by a number of Natick organizations, such as the Boy Scout Council, the Girl Scout Council, the Natick Historical Society, the Environmental Control Commission and the Metco Group. It is available free of charge for any civic, cultural, or educational group.

The Library has been very fortunate in having so many interesting exhibits in both the Adult and Children's display cases. They always attract a great deal of attention. Many thanks to those who so kindly loaned their collections.

In July Mrs. Helen Fletcher was promoted from an Assistant Librarian to Circulation Librarian to fill the vacancy created when Mrs. Doris Bower changed to a part-time assistant. In October Mrs. Zelda Schiffenbauer was appointed to the position of an Assistant Librarian. For the first time in some years the Library had a full staff. Mrs. Schiffenbauer came to Natick with experience at the Palo Alto, California, City Library.

The staff would like to thank the members of the Natick Garden Club for the many plants and flower arrangements that were brought in the library. They were a joy and pleasure for the patrons as well as the staff. The Library is grateful to the "Natick Bulletin" and the "Suburban Free Press and Recorder" for the gift of their respective papers and for printing the library news; to the Natick Federal Savings and Loan Association for the book marks and the plastic bags to protect the borrowers' books in stormy weather; to the Natick Trust Company for the envelopes for borrowers' cards and the lovely poinsettia plant at Christmas.

Many gifts of books and magazines have been received, among them several memorial gift books. There was also a generous donation of funds for books in memory of Endora Mortimer Vance who died in January.

State and regional library meetings were attended by various staff members during the year. The Librarian attended the Annual American Library Association Conference in Detroit Michigan in June.

The Librarian would like to express her appreciation to all the staff for their loyalty and cooperation and to the Trustees for their understanding and support of the Library's problems and needs.

Elizabeth H. Partridge, Librarian

Committee Reports

BACON FREE LIBRARY MAINTENANCE COMMITTEE

The Bacon Free Library received wide publicity this year when the firm of Campbell and Hall, book dealers, featured a picture of the library and its unique fence on the cover of its October catalog, which was distributed nationwide to all libraries, schools and book dealers. The following description was included:

"ON THE COVER: The Bacon Free Library, of South Natick, Mass., a cherished institution steeped in history and literary tradition. The wrought-iron fence in the foreground commemorates the life and works of John Eliot, 'Apostle to the Indians,' the alternating crosses and arrows symbolizing his ministry to the Christian Indians who were the first settlers of Natick.

"Despite its fortress-like facade, the library's interior is a place of tall windows and lofty ceilings, of light airy spaciousness, where children and adults of the town browse among the current books, while the shades of such former patrons as Harriet Beecher Stowe and Horatio Alger, Jr., patrol the library's notable collection of early American works.

"A prized treasure of the museum on the lower level is one of the few surviving copies of John Eliot's translation of the Bible into the Mohican language."

The library completed the rehabilitation of its historic fence in 1970, and now is only \$500 short of its goal of \$422,560 for the project. The 1969 Town Meeting had appropriated \$12,000 toward this, and businesses and individuals gave the remainder.

Librarian Mrs. Edmund Shedd reports a circulation of 9111 adult books for the year, (3345 nonfiction, 5766 fiction) and 7483 juvenile books, (1615 nonfiction, 5868 fiction). In addition, 294 records were circulated.

Over 200 pamphlets and other material were added to the "vertical file", and 421 new adult volumes and 333 juvenile books were acquired. Paperback editions, which have proved to be extremely popular in this library, increased by 383.

Twenty-five children received certificates during the summer reading program, and the two resident gerbils produced 32 offspring during the year as their contribution to education!

A large display case was given to the library and is used for exhibits of interest. One of the most popular was a collection of bonnets and hat-making equipment arranged by Mrs. Walter Peinze, curator of the Historical Museum on the lower level.

The library is open Monday from 2:00 to 8:30 PM, Tuesday and Thursday from 9:00 to 11:00 AM and 2:00 to 5:30 PM, and Wednesday, Friday and Saturday from 2:00 to 5:30 PM. Assistant librarians are Mrs. Marian Robinson and Mrs. Lee Duvall.

Robert M. White, Secretary
Mary C. King

Arnold W. Hunnewell
Rudman Ham

Board of Assessors

The Board of Assessors respectfully submit its annual report for the year ending December 31, 1970.

Charles W. Emanuelli was re-elected to the Board without opposition, thus rejoining Nicholas Arthur and Donald F. Atherton.

The Board held a meeting in March and Mr. Nicholas Arthur was elected chairman and Mr. Donald F. Atherton, clerk by unanimous vote.

The Board was forced to increase the tax rate for the year 1970 to \$64.30 due to several factors, such as the decrease in the distribution from the local aid fund, increase in our share of the county operating expenses, and the big item, of course, is the increase in the expenditures approved by the Annual Town Meeting.

The Board continues to work closely with other town departments to improve the overall efficiency and effectiveness of the office. We have hired for another year our capable appraisal firm of Whipple, Magane and Darcy, who started appraising new construction, additions and alterations in December 1969, and it is hoped that some approximate valuation figure can be reached for the Annual Town Meeting in March, 1970.

This department continues to press for a change in legislation to help ease the burden on the disabled veterans and widows of towns that have gone to the full and fair cash value method of assessing.

To our office force, those in other town departments who assisted us in our labors, and to the taxpayers who supported us in our efforts to provide equitable assessments throughout Natick, we express our sincere thanks.

Nicholas Arthur, Chairman

Donald F. Atherton, Clerk

Charles W. Emanuelli

Lillian Gallagher, Evelyn Gaye, Victorya Boyington and Rodina Walton

Veterans' Service

I hereby submit my report of registration and care of veterans' graves for the year ending December 31, 1970.

Thirty-three veterans passed away in the Town of Natick during the past year:

14	World War I
16	World War II
2	Vietnam Veterans (One died in service.)
1	Peacetime Veteran

Thirteen Natick veterans were buried in out-of-town cemeteries. Seventeen out-of-town veterans were buried in Natick cemeteries.

This year as I examined all of the veterans' graves in all of the cemeteries in the Town of Natick, I found 78 missing and corroded markers. These markers were replaced so that every veteran's grave was properly marked.

The Town of Natick appropriates \$506.00 a year for the care of veterans' graves. This money is paid to the men who take care of these cemeteries and is allocated as follows: Caretaker of North Cemetery ... \$200.00; Caretaker of Eliot Cemetery ... \$76.00; Caretaker of Glenwood Cemetery ... \$30.00. The balance of this appropriation is used for bronze markers and flags and maintenance of maps.

Respectfully submitted,
Michael Torti, Veterans' Graves & Burial Officer

VETERANS' BENEFITS AND SERVICES

I hereby submit my annual report of the Department of Veterans' Benefits and Veterans' Services for the year ending December 31, 1970:

Veterans' Benefits - There were 871 cases filed for financial aid during the year ending December 31, 1970. These cases are broken down into persons aided so that the total persons aided in 1970 would be 2,257.

These benefits come under Chapter 115, State Laws of Massachusetts, and mean that any wartime veteran, including the Vietnam Era, with an honorable discharge is eligible for benefits as well as his dependents. The veteran must have resided in Massachusetts three years to be eligible for benefits if he did not enter the service from Massachusetts. There is no waiting period when veteran is a Massachusetts entry.

These benefits are paid by the State and the Town. The State reimburses the Town 50% of their budgets which are spent for veterans' benefits. In fact, for the year 1970, the State of Massachusetts will reimburse the Town of Natick \$91,812.68 for veterans' benefits.

This year, three permanent recipients of veterans' benefits passed away. Two assignment cases were discharged for a total of \$540.95 coming back to the Town. At present, we have six assignments pending and four liens on real estate pending.

Assignments are taken when an insurance settlement is involved. The Town must be reimbursed for the amount aided when the recipient receives an award. Real estate liens are taken when a dependent parent of veteran receives aid, with exception of Gold Star Parents.

Veterans' Services - This year, 3,900 photostatic copies of documents and discharges were made.

The following awards have gone directly to the veterans, widows, and dependent children of the veteran. This office has helped these people file with the Veterans Administration and the total amount awarded came to approximately \$295,000.00.

Vietnam Bonus applications are completed in this office and taken into the Bonus Division with the original DD214 by the Director. The DD214, with bonus number stamped thereon, is brought back to Natick by the Director the same day so that the original can be picked up at the office by the veteran. The Commonwealth of Massachusetts mailed \$42,100.00 directly to Natick Vietnam veterans who applied through this office.

V.A. hospitalization patient days amounted to 1,125 for Natick veterans. If this department had to pay for these veterans in hospitals, the amount would have totalled \$101,250.00.

Burial allowances received from the V.A. for 1970 was \$8,320.00. This amount goes directly to the beneficiary or the funeral director.

On August 12, 1970, the President of the United States signed Public Law 91-376 which increased disability compensation rates. Veterans found eligible for disability compensation would be entitled to monthly compensation payments ranging from \$25.00 to \$450.00, depending on the percentage of disability. This office helps the veteran file for his disability.

This office has helped many veterans, widows, and dependent children to apply for Social Security awards by contacting the Framingham Office. This helps to expedite the application.

In order to render these services, this department has to keep up with current laws and new laws that occur constantly.

These awards mean that this money comes into the Town of Natick and is a great savings to the Natick taxpayer.

Selective Service - As Registrar for Local Board #18 for the Town of Natick, I have registered 138 young men for the year of 1970. All young men have five days to register for Selective Service after their eighteenth birthday and this year they have been prompt in doing so, compared to other years.

Veterans' Services Agents Association - My third term as President of the Middlesex County Veterans' Services Agents Association should have expired February 1970 but was extended to April 1970.

As Past President of the Massachusetts Veterans' Agents Association, I was again appointed to the State Association Legislative Committee for this year.

Itemized Details - For complete details, list of expenditures and receipts of the Department of Veterans' Benefits and Services, I refer you to the report of the Town Comptroller.

Respectfully submitted,
Michael Torti, Director

Mike Torti

Mrs. Dot Gurney

Planning Board

In 1970 the Planning Board held 24 regular meetings, two public hearings on zoning articles, the first prior to the Annual Town Meeting in March and the second in advance of a Special Town Meeting in April, plus a public meeting in October on the Master Plan Up-dating, Phases One and Two. The Board, or individual members, met on numerous occasions with other boards, committees and citizens, as well as with local and regional organizations.

THE MASTER PLAN

The first two phases of the Comprehensive Master Plan Up-dating were completed, printed and delivered to the Planning Board in September 1970. The third and final phase was begun and will be completed in the spring of 1971.

In February the Citizens Planning Advisory Committee was formed by the Planning Board under the guidelines set down by the Federal Housing and Urban Development Agency. Ten meetings were held with the 12-member committee and the consultants from Metcalf & Eddy, who are primarily responsible for the contents of the Master Plan. In October the Planning Board appointed a 13th member to the committee, and in December a chairman, vice-chairman and secretary were elected for the purpose of organizing it to pursue planning studies in a quasi-autonomous manner.

ZONING ACTION AT TOWN MEETING

All articles affecting zoning in the Warrant for the 1970 Annual Town Meeting were reviewed by the Planning Board. In accordance with the provisions of the Zoning By-Law of the Town of Natick and the General Laws of the Commonwealth of Massachusetts, the Board held a duly advertised public hearing on February 4, 1970.

In making its recommendations to the Town Meeting, with respect to proposed amendments to the Zoning By-Law, the Planning Board was guided, in part, by the knowledge that the Comprehensive Plan was nearing completion and that any proposals for radical changes in zoning submitted to Town Meeting might adversely affect the over-all land-use pattern envisioned by the consultants in their study.

The following is an account of the recommendations made and the actions taken on Articles 77, 78, 79, 80 and 81 of the Annual Town Meeting.

These articles, all privately sponsored, were related to the re-zoning of land on Route 9 between Park Avenue and Walnut Street. Article 77 requested a change to Residential Single zoning and Articles 78 and 79 asked that the same area be re-zoned to Commercial Two (the depth distance of the zone was the difference between these two.) Articles 80 and 81 related to Use Regulations and changes therein that would allow multiple dwellings to be erected in any single-residence area.

Town Meeting action resulted in indefinite postponement on the five articles, as had been recommended by the Planning Board.

A Special Town Meeting on April 14th included a Planning Board-sponsored article for the re-zoning of a narrow length of Industrial Two land to Residential Single (A) north of the Penn Central Railroad from Boden Lane west to the Framingham Town Line. This article received the affirmative vote requested of the Town Meeting members by the Planning Board.

SUBDIVISION CONTROL

During 1970 the Planning Board approved one subdivision of land in Precinct 2 involving the creation of 14 house lots and the construction of two streets. A Preliminary Plan of a subdivision in Precinct 1, which proposed approximately 52 houses and four streets, was disapproved, without prejudice, pending changes in street layout and improved water pressure to serve the homes.

At the end of 1970 the Planning Board had under its jurisdiction 22 subdivisions containing 582 house lots. As security to insure completion of all roadways and related construction, the Planning Board is holding bonds in the aggregate sum of \$64,200 for 12 of the 18 subdivisions currently listed as approved.

A total of 35 plans were signed as not requiring approval of the Planning Board under the Subdivision Control Law.

BOARD OF APPEALS

There were 58 petitions to the Zoning Board of Appeals reviewed by the Board and 17 of them received comments or opposition in the form of a letter to the Appeals Board.

PERSONNEL

In March Mr. Clifton A. Buchner was elected to the Natick Planning Board to serve for a five-year term replacing Mr. Charles M. Harden who had been an outstanding member of the Board for seven years. By unanimous vote of the Board, Mr. Harden was asked to retain his appointment to the Building Code Revision Committee as Planning Board representative so that his excellent contribution to this group could be continued.

In December Dr. Andrew Schilling was selected from approximately 30 applicants to fill the position of Planning Director, his appointment by the Selectmen to be made in early 1971.

Elizabeth A. Bransfield, Chairman

Donald E. Hughes, Vice Chairman
George T. Hazen

Clifton A. Buchner, Secretary
Alfred B. Grassey

Personnel Board

The Personnel Board held its regular bi-monthly meetings on the second and fourth Wednesday of each month. On January 6, 1971 weekly meetings were begun for the preparation and finalization of the 1971 Personnel Board Pay Plan.

On September 16, 1970, Mr. Henry R. Rose was elected Chairman, with Charles H. Harper elected as Vice-Chairman. Mr. Paul V. McMahon was appointed to the Board to replace Mr. Milo G. Balcom who resigned. Mr. Balcom was a member of the Board for six years. Mr. John W. Nason, Jr. and Mr. Clifford J. Stinson are the other members of the Board.

During the year the Board met with various employees who sought information on the extended pay plan adopted at 1970 Annual Town Meeting and vacation and sick leave benefits. The Recreation Commission was granted permission to hire two part time employees at a rate higher than the starting rate because of the special qualifications and experience of these applicants and the lack of other qualified, available applicants for these specific positions.

A study was conducted on Article 10 of Special Town Meeting of 1970. This Article was referred to the Board for the purpose of determining if on the job management training could be inaugurated for personnel in Town Departments. The result of this study is under separate report in this issue.

Articles were prepared for the 1971 Annual Town Meeting. Meetings were started in October with Department Heads, Boards and Commissions to hear recommendations for the 1971 Pay Plan. The Personnel Board remind all that the 1970 Pay Plan, as voted at the 1970 Annual Town Meeting, contained a cost of living clause (Paragraph D) for the 1971 Pay Plan. Because of the economic situation throughout the nation all agreed that a cost of living increase would be the most the Town of Natick employees should expect in 1971 although some felt that a change in level of some positions should be considered. All requests for an up-grading in level were discussed and considered by the Personnel Board.

Several meetings were held pertaining to the request of the Recreation Commission to change the weekly salary rate of their part time employees to an hourly rate. The Board concurred with the Comparative Analysis presented by the Recreation Superintendent and inaugurated this change in the 1971 Personnel Board Pay Plan.

The Board spent much time giving consideration to the need for increasing the salary rates assigned to each of the fifteen steps in the pay plan. In view of the fact that information secured from the Bureau of Labor Statistics indicated that the cost of living index had increased by approximately 6% thus providing an automatic 6% increase for all regular Town employees; the general state of the economy in the Natick area; the substantial rise in unemployment in the Natick area; the current high tax rate and the possibility of a rise in that rate even without pay increases; and the effect of pay increases being negotiated at the time of this report with the several unions on the tax rate, the Board unanimously voted to retain the rates of pay assigned to each of the fifteen levels at the Annual Town Meeting of 1970 adjusted by the percentage rise in the cost of living.

Henry R. Rose, Chairman

Charles H. Harper, Vice-Chairman
John W. Nason, Jr.

Clifford J. Stinson
Paul V. McMahon

PERSONNEL BOARD

Report of Personnel Board on Article 10 of Special Town Meeting of 1970.

The relationship between Management and Labor has undergone a vast change within the past thirty years. At one time the role of Management was absolute. It represented wealth, power, superior education, privilege and authority. To Labor was relegated the inferior role of poverty, submissiveness, inferior education and obedience. There was very little that both classes had in common. Men were promoted to positions of authority on the basis of their job ability. Their knowledge of basic human relation principles was a factor not worthy of consideration. This is no longer true, Management and Labor today have more in common than they do differences. They are both home owners, drive similar cars, belong to the same clubs, their children attend the same schools and their standard of living is almost on a par. A successful Manager today is one who possesses the necessary leadership qualities to motivate others toward a common objective. The emphasis today is not so much on job knowledge but on the ability to handle people.

The program outlined is aimed at the development of a proper recognition and appreciation of the role of a supervisor in the administration of Town affairs. The brevity of the program makes it impossible to do more than scratch the surface of many areas of supervisory responsibilities, and expose the supervisor to the type of skills and knowledge that will enable him to perform his job more efficiently. Additional training may be provided through authorized Town programs or may be had through evening extension courses offered at most local colleges and universities.

This type of program, being heavily Management oriented, can best be presented by a qualified Industrial Trainer or a Management Development Supervisor. The Personnel Board offers its services toward obtaining a qualified Educational and Training Director to conduct the program.

MANAGEMENT TRAINING 26 Hour Program

	Hours
1. <u>The American Economic System</u> - how it works - its problems - what we mean by free enterprise - private property - open market - government regulation, etc.	2
2. <u>Town Government</u> - its form - how it receives its authority - its relationship with County, State and Federal government.	2
3. <u>Organization</u> - Line and Staff - what they mean - how they work.	1
4. <u>Interdepartment Relationships</u>	3
5. <u>Contract Agreement between the Town and the Union</u> - the role of the Supervisor in its administration.	3
6. <u>Basic supervisory knowledge of the job</u> - the employees - the need for teamwork.	2
7. <u>Town policies regarding the job</u> - benefit plans - wage structures - forms - procedures, etc.	3
8. <u>Communications</u> - written - oral - developing listening skills.	3
9. <u>Motivation</u> - drive concepts - how to recognize and utilize them.	3
10. <u>Problem solving and decision making.</u>	2
11. <u>Basic principles of good human relationships.</u>	2

Zoning Board of Appeals

During 1970, sixty seven (67) cases were filed for Hearing. Ten (10) cases requested for commercial purposes were unanimously granted by the Board. One (1) suit was filed in Superior Court against the Decision of the Board (#70-39), by an abutter to the property. Due to the zoning changes that have taken place in residential areas since the construction of certain properties, the majority of appeals approved by the Board were requests from sideline and set-back requirements that would not nullify or derogate from the surrounding area. Thirty seven (37) petitions were granted, sixteen (16) were denied, five (5) appeals were withdrawn and nine (9) appeals are pending.

A complete list of the cases filed this year can be found on page 229-232.

Robert T. Gammons, Chairman

Herbert A. Black II, Clerk
Henri Prunaret, Member

William J. Reynolds, Alternate Member
Walter S. Peterson, Alternate Member

Building Department

The Building Department in 1970 issued a total of 2,278 permits as follows:

New Buildings	69
Alterations	417
Electrical	632
Gas	522
Plumbing	444
Occupancy	194

and received the sum of \$21,295.15 in fees, which amount has been turned over to the Town Treasurer.

The West Suburban Skating Club on Windsor Avenue is in the final stages of completion and it is expected that it will be ready for use very early in 1971. This rink will be a valuable asset to the citizens of the Town and many thanks are due to all who have worked so diligently on this project.

Section II of Pinecrest Estates (Larchwood Lane and Tamarack Road), comprising sixteen homes, has been completed this year. Twelve new homes are in the process of being erected on Mohegan Trail off Kendall Lane.

Although work has as yet not been started on the Planned Cluster Development "Kendall Crossing" (formerly the Bianchi property) on West Central Street, it is expected that building will commence early in 1971.

Clark's Block on Main Street is undergoing extensive remodeling, including the installation of an elevator which will be greatly appreciated by the tenants. The architecture of the building will not be changed but, when completed, the interior will have extremely modern office space and facilities.

In October, Frederick L. Sanford, Jr., Inspector of Buildings, attended an In Service Training Program for Building Inspectors held at the University of Massachusetts.

Several preliminary meetings have been held this year by the developers of the proposed Planned Cluster Development "Audubon Village".

Frederick L. Sanford, Jr.
Inspector of Buildings

Natick Housing Authority

Veterans' Housing

Pursuant to Section 26U of the General Laws, the Natick Housing Authority, Town of Natick, Commonwealth of Massachusetts, submits herewith its Annual Report for the calendar year 1970.

For the past twenty years the fifty-two units (twenty-six duplex houses) of the Veterans Housing Project have provided low-income housing for Natick veterans who would find comparable commercial rentals far above their means.

Long-term bonds, coupled with low interest rates and a subsidy provided by the Commonwealth have made it possible to retain the following schedule of rents; families with less than three minor dependents, 18% of their income; families with three or more minor dependents, 14% of their income.

During the past year, nine of the twenty-six duplex houses have been modernized by the application of vinyl-siding in pastel colors. Payment for these improvements were taken from Operating Reserves and have had no effect on the rents of the apartments. It is the intent of the Board of this Authority to apply siding to the remaining fifteen structures within a period of two years.

The Board is well aware of the growing need for low-income housing and has taken steps to meet this need. Consistent with the wishes of the coming Town Meeting, and with the interests of qualified Natick residents foremost in mind, the Authority is prepared to act under any available legislation to alleviate housing needs in the Town.

Housing for the Elderly (Cedar Gardens)

With one hundred and sixty-four units of garden-type apartments existing and ninety-six more to be constructed shortly, the Town may well feel proud of progress made to satisfy the need for elderly housing. The apartments are modern in every respect and offer comfort, security and economy to our very deserving elder folks.

In general, it has been a year of marked progress for this Authority:

- (a) Authorization for ninety-six additional units of elderly housing has been obtained.
- (b) Groundwork has been laid for a definite program to cope with the problems of the shortage of low-income housing.
- (c) The Authority has received from the Department of Community Affairs authorization to participate in the program for Rental Assistance (Chapter 707 of the General Laws).
- (d) Religious services are now conducted at the Community Hall for the convenience of the Elderly.
- (e) The Community Hall has been air-conditioned for the summertime comfort of the residents.

At the Annual Meeting held in April, 1970, election of officers was duly held with the following unanimous choices:

Chairman Thomas L. Huddy
Vice-Chairman ... Robert J. Ryan
Treasurer Dr. Vasil W. Petro
Asst. Treasurer.. P. Joseph Coan
Member John A. Grady

The Board wishes to extend its thanks to William J. McDermott, who resigned after many years of service with the Authority and to welcome P. Joseph Coan, elected to serve the balance of "Bill's" unexpired term.

As ever, sincere thanks to all Town Departments, veteran and fraternal organizations, their auxiliaries, the Women's Clubs, the Visiting Nurses Association, and all other groups without whose ever-ready cooperation the comfort and enjoyment of the residents would have been measurably less.

During 1970, the Natick Housing Authority paid to the Town of Natick \$1,872.00 in lieu of taxes.

Thomas L. Huddy, Chairman
Robert J. Ryan Dr. Vasil W. Petro P. Joseph Coan John A. Grady
David I. Keniry, Executive Director and Secretary

Board of Health

Contagious Diseases reported in 1970:

Bacillary Dysentery. . .	14
Chicken Pox.	269
German Measles	4
Gonorrhea.	1
Infectious Hepatitis . .	5
Measles.	0
Meningitis	2
Mumps.	12
Salmonella	11
Streptococcus Infections	36
Tuberculosis	7
Whooping-cough	0

Total number of home visits and releases for contagion totaled 1568. Chicken Pox this year has been the most prevalent contagious disease. The year 1970 had no Measles as a reportable disease. This is the second consecutive year that the Town has had no Measles.

The Health Department in cooperation with the School Department were able to hold Mumps, German Measles and Tine Clinics. A total of 1711 Tine Tests were given, 2472 inoculations for Mumps and 4281 inoculations for German Measles were given.

The number of out-patients brought to the Middlesex County Sanatorium for x-rays and diagnostic services totalled 20. Home visits totalled 197. The number of active cases of Tuberculosis reported for 1970 was 7, all of which were pulmonary except 1. Cause of death for one patient was attributed to Tuberculosis.

The Evening Division of the Natick Women's Club in conjunction with the Natick Health Department once again conducted the Amblyopia Clinic open to all pre-school children. A total of 13 referrals were made. Five positive findings were made from a total of over 200 examined.

Flu Clinics were held at the Center School for all Town Employees and teachers. Vaccine was administered to 151 persons.

Ten Well Baby Clinics were held in 1970. A total of 111 participated and there were 32 new registrations. The following is a breakdown of the services rendered:

D. P. T.	40
Oral Sabin Trivalent. .	52
Measles Vaccine . . .	5
Smallpox Vaccine. . .	12
D. T.	0
German Measles. . . .	18

There were thirty premature births reported to the Department in 1970. A total of sixty visits was made. Three applied for aid and were referred to the Department of Public Welfare. No aid was required by the Board of Health for the year 1970.

Fifty home visits were made in the Maternal Health Program for the year 1970: fourteen antepartum visits and thirty-six postpartum.

The following permits and licenses were issued during the year 1970:

General Licenses (keeping animals, bakeries, etc.) .	33
Day Care Centers	9
Milk Licenses (Stores)	76
Milk Licenses (Vehicles)	10
Mobile Food Server (Canteens).	5
Food Service Establishment	66
Oleomargarine.	18
Camps, Cabins, Trailer Coach Park & Motels	6
Massage	9

Methyl Alcohol	1
Removal or Transport Garbage or Offal.	7
Mfg. Ice Cream Frozen Desserts	4
Swimming Pools (Construction & Operation).	47
Funeral Directors.	6
Burial Permits	239
Septic Tanks	11
Beverages.	1
Catering	1
Rubbish (Residents).	4,603
Rubbish (Trucks)	455
International Certificates of Vaccination.	74

The following biologics were distributed to the various Natick physicians:

Smallpox	493
Tetanus and Diphtheria Toxoid (for adult use).	48
Oral-Polio	492
Measles.	565
Typhoid.	26
Tetanus Toxoid	154
Diphtheria and Tetanus Toxoid.	102
Diphtheria and Tetanus Toxoid and Pertussis Vaccine combined	250
Tuberculin, Old.	49
Immune Globulin.	174
Tine	64

Fees collected and returned to the Town Treasury for dump stickers totaled \$29,430.50

The Dental Clinic under the Health Department is staffed by three qualified dentists and a dental nurse. It opened in September of the school year. All children from grades one through six inclusive were examined and Dental Notices were sent to their parents for signatures on work needed. Dental work required could be accomplished by the staff at the Dental Clinic or by the family dentist.

The following is a breakdown of work done at the Clinic for 1970 which includes charting fillings, cleaning, extractions and x-rays.

Operations...1554 Patients....893 Sessions.....367

Fees collected and returned to the Town Treasurer totaled \$1,524.00.

Through the office of the Natick Board of Health a total of forty-four (44) dog bites were reported. From other sources twenty-three (23) bites were reported. The total of sixty-seven (67) dogs were examined, found to show absolutely no evidence of the contagious disease of Rabies, and were released from quarantine after the prescribed ten (10) day confinement.

In May, the Annual Rabies Clinics were held under the direction of the Natick Board of Health. A total number of 1609 animals were vaccinated. The fees received were a total of \$804.50 which was turned over to the Town Treasurer's Office.

The head specimens of five (5) squirrels, three (3) rodents, six (6) skunks, three (3) cats, and seven (7) dogs were sent to the State Laboratory at Jamaica Plain for analysis of Rabies. These reports were returned as negative.

The Health Department Laboratory under the supervision of our Director of Public Health was again approved and certified by the State Department of Public Health. Approval is determined by qualified personnel and up-to-date equipment which is usually recommended by the State. Yearly samples are submitted by the State for quantitative and qualitative analyses as a method of testing equipment, techniques and personnel.

Dug Pond, Lake Cochituate and Nonesuch Pond tested within Public Health Standards for water to be used for swimming purposes. During the months of July and August and early September, Dug Pond was again tested on a daily basis because of its high bathing load. This service was initiated because of possible adverse effects from bacterial growth, due to the dry season which prevailed and high bathing loads.

In June of this year, Mr. Stetson Hall, a graduate of the University of Massachusetts was hired to the Health Department staff.

The following is a combined summary of activities and inspections by Mr. Stetson Hall, Sanitarian, and Mr. Taddeo, the Department's Director.

Complaints (all types)	90
Consultations (drainage, disposal units, etc.)	50
Court (show cause)	4
Dairy Inspections.	8
Final Inspection (disposal units, swimming pools)	80
Inspections (eating establishments, canteens, markets, etc.)	220
Inspections (day camps, nursing homes, etc.)	35
Lot Surveys.	120
Milk Samples	190
Percolation Tests.	0
Progress Inspections (complaints, swimming pools, disposal units, etc.)	200
Swab Tests	140
Water Samples (beaches and drinking)	150

There are nine Day Nurseries in Natick which participate in programs for pre-school children from three years of age and up. These establishments are inspected periodically by the Department in order to check the number of children each nursery has admitted, medical records and all facets of sanitation and safety required by law. Personnel are also checked for chest x-ray clearance.

Six Nursing Homes in the Town are also inspected periodically by the Department relative to sanitary requirements and qualified personnel. Notices of their deficiencies are forwarded to each nursery for correction.

No cases of food poisoning have been traced to any eating establishment in the Town of Natick for 1970.

The Town was sprayed a total of six times by the Department's mobile mist blower with a refined grade of Malathion. This insecticide is considered one of the least toxic of compounds to warm blooded animals. The Mosquito Control Program is in operation throughout the year, weather permitting. All swampy, stagnant water areas are sprayed and the cleaning of brooks and culverts of debris is a continuous program throughout the year. The Town Dump is also sprayed periodically to eliminate and reduce insect breeding. The great concern is cockroaches. Also in operation is a rat control program at the Town Dump because of materials in the area conducive to rat attraction.

This Department has received numerous requests this past year to remove hornet nests, wasp nests and mud wasps in residential areas. On all occasions, elimination and removal of these nuisances have been successful.

Helicopter services are hired annually for the spraying and dusting of six large swamp areas in the confines of the Town of Natick. The dusting is done before or during the thaw season in early Spring to prevent the Spring hatching. The spraying is carried out during the summer months accordingly. Weather and safety factors permitting, frozen swampy areas are dusted during the winter months by the Department's Mosquito Control Foreman.

The Department had to issue out several warnings to residents of the Town for violating the open burning law which went into effect July of this year. High rise chimneys in the area from factories and plants have been watched closely for smoke violation. Investigation by this Department and the State Department of Health were necessary for twelve violators.

The Mental Health Program which was started in 1967 by the members of the Board of Health for the residents of Natick requiring help is operating smoothly and efficiently. It is hoped these services will continue for the needy.

Edward R. Taddeo, M.S.P.H., Director of Public Health

Approved: Board of Health

John E. Goodman, D.M.D.

Frank A. East, M.D., Chairman

Ernest E. Adams, D.M.D.

Town Counsel

I herewith submit my report of legal activities of the Law Department for the year 1970.

This is my fifth year as Town Counsel which has required the full time of my professional services. My earnings for this year under case fees amounted to \$16,125.00, \$1,830.00 to Special Town Counsels; this equals the \$18,000.00 appropriated to this account in 1970.

Activities: I am an active member of the City Solicitors and Town Counsel Association and attend the New England Law Institute Seminars involving municipal law. I am also making independent research and study of different phases of municipal law to help me in rendering legal advice as Town Counsel. The Selectmen have appointed me to the C.A.T.V. Study Committee. I have attended the conflicts of law seminars conducted by the Attorney General's Office.

Special Counsels: This year Attorney Edward R. Lembo of Framingham concluded several years of litigation against the Town of Natick involving procedures on the Civil Service laws in suspensions and discharge of a police officer. His services for 1970 amounted to \$825.00. The Selectmen, upon recommendation of the Finance Committee, appointed Attorney Samuel H. Cohen of Boston to investigate and take the necessary legal action for damages due to a roof defect at the Kennedy Junior High School. Mr. Cohen is to work under the direction and with the cooperation of the Town Counsel. His services for 1970 amounted to \$1,005.00.

Retainer: Under my retainer fee of \$96.16 per week, I am consulted daily, both in my office and on the telephone, by various Town Officials, Departments and persons dealing with the Town relevant to pending or informal legal questions. In addition, I have attended 44 meetings of the Board of Selectmen and 16 meetings of other Boards and Committees. All cases and matters handled by Special Town Counsels appointed by the Selectmen are under my general supervision and this includes litigation involving the Town of Natick which is defended by the attorneys retained under our General Liability Insurance coverage. Under the Town Counsel By-Laws, I review as to form and content, contracts, town accident reports, covenants, bonds and other legal documents involving legal matters which require my approval; notify in writing all departments of new legislation and judicial decisions relating to their offices; I prepare and review Town Meeting Warrant Articles as to form and content inserted by Town Departments and Committees, and draft specific Articles for them when requested. I attended this year nine sessions of the Town Meeting rendering oral opinions and answering questions to Town Meeting Members. A detailed Town Report giving the status of all litigation involving the Town of Natick is appended to this report.

Case Fees: Under my case fees, I have written 53 legal opinions requested by the various Town Boards and Committees, prosecuted in the Natick District Court for violation of the Town's By-Laws. There are two cases that were appealed to the Supreme Judicial Court involving Town Departments which I am now defending. At the request of the Finance Committee and the Recreation Department, I have drafted and executed the first option agreement to purchase land known as "Camp Mary Bunker" off North Main Street. Under the Articles passed at the 1969 Town Meeting, I have negotiated the purchase of land for parking on Middlesex Avenue and on Pond Street adjoining existing municipal parking facilities. The Board of Selectmen and the Law Department were unable to negotiate purchases of land as directed by Articles in the Town Meeting of 1969 for a town dump and property located on West

Central Street abutting our municipal parking lot. After two years of negotiation, the Public Works Commissioners and this Department executed a permit fee with the Department of Natural Resources for water wells off Cypress Road located on their property. The Finance Committee has requested and received from me a written opinion involving the use of the facilities at the Leonard Morse Hospital for a professional office building. After lengthy negotiations and conferences, this Department participated with the Town Counsels of Wellesley, Needham, Westwood and Lexington in drafting and executing leases for computer equipment to be used jointly between said towns by their respective School Departments. I have settled several welfare suits against the Town of Natick in the Municipal Court for the City of Boston which were pending before the State takeover of the welfare services prior to July 1, 1968. The legal services rendered are to be paid by a Special Federal Grant set up in the Comptroller's Office. The Selectmen have authorized me to negotiate and execute a license for use of the parking facilities of Saint Patrick's Parish involving spaces for 140 vehicles.

Projection: My policy has been and will continue to be to avoid litigation where possible. This Department cannot anticipate the amount of litigation in the year 1971. Every effort will be made to keep the legal expenses to a minimum but not at the expense of any decline to the Town's need for legal advice. It is my opinion that the present structure of the Law Department is the most practical and economical to the Town. There is an Article in the 1971 Annual Town Meeting changing the term of the Town Counsel from one year to a three-year term. If this is passed, it will give an opportunity to the present Town Counsel and future Town Counsels to implement long-range plans affecting the Law Department and of benefit to the Town. This term of office of three years will be consistent with the terms of other municipal officers. The Town could be better served if the Town Counsel were able to continue to work closely with Town Departments and Committees which require its services; and not only on matters relative to their jurisdiction but also their rights in relation to other Town Departments so they may receive independent and impartial legal advice.

I wish to again extend my appreciation to the present Board of Selectmen for the confidence they have placed in me and the cooperation and consideration shown to me by the individual Town Officials, Department Heads and municipal employees.

Cases Pending as of December 31, 1970:

Beatty, Edward P. vs. Natick - suit for damages to lawn, driveway and cellar from alleged water main break on High Street.

Berkowitz, Sidney B. & Maureen Maffei vs. Natick - petition for assessment of damages of an easement taken by eminent domain for sewer purposes.

Falmouth Heights Corporation vs. Natick - petition for assessment of damages of an easement taken by eminent domain for sewer purposes.

Garvey, John vs. Selectmen - police officer dismissed, suit for reinstatement and wage compensation. Case reassigned from Special Town Counsel to Town Counsel.

Hersey, Marie vs. Natick and Planning Board - suit seeking that a gift of land to Town in 1949 dedicating it for public use as a street.

Maffei, Waldo et al vs. Natick - petition for assessment of damages of an easement taken by eminent domain for East Natick Sewer Project.

Maffei, Waldo et al vs. Natick - petition to restrain the Town of Natick to use the present sluiceway at Jennings Pond, and to repair and readjust the present sluiceway to avoid alleged discharge of water causing damage to land and buildings.

Mahan, Warren vs. Z. B. A. and Walter George Bergman - appeal of partial variance granted in the construction of a wall and patio without a prior permit. Decision filed with Town Clerk on May 6, 1970.

Marks, Jeanette vs. Natick - suit for personal injuries due to alleged defect in a public way. Middlesex Superior Court.

Natick Board of Selectmen vs. Massachusetts Labor Relations Comm. & W. Joseph Shea, as Chief of Police, vs. Massachusetts Labor Relations Comm. - petitions for review filed in Suffolk Middlesex Court re revocation of certification of International Brotherhood of Teamsters, Local 841, representing certain employees of the Police Department, granted by the Labor Relations Committee.

Natick vs. Dept. of Natural Resources (S. Slafsky) - appeal for a rehearing from the granting of filling of land under the Hatch Act.

Natick vs. J. L. Davies, J. Robert Wollf d/b/a Davies & Wolf, Earl R. Flanesberg & Ronald Craig Freeman - suit against architects for damages resulting from alleged roof defect at Kennedy Junior High School.

Natick vs. C. R. Burns d/b/a C. R. Burns & Sons - suit against builder of Kennedy Junior High School for breach of contract - alleged roof defect.

Natick vs. Dow Chemical Co. - suit against bond on the Kennedy Junior High School roof.

Natick vs. Mass. Labor Relations Comm. - petition for review Suffolk Superior Court, revoke certification of International Brotherhood of Teamsters, (Police Dept.) and

Shea, W. Joseph as Chief of Police vs. Mass. Labor Relations Comm. - petition for review Suffolk Superior Court, revoke certification of International Brotherhood of Teamsters (Police Dept.).

Natick Leasing, Inc. vs. Roy Lithographic Co., Inc. - Trustee process against Town of Natick to withhold funds due to defendant.

Newman, Douglas T. vs. ZBA - appeal from a decision of the Board denying a variance for the construction of a single residence dwelling on Lakeview Ave. and Fairview Ave. in Natick.

Paramount Development vs. ZBA - denial of variance to construct a residence on land partially in Commercial II and a residential area at 675 Worcester St. Case tried, Judge passed away before decision was rendered. Case now pending a new trial.

Reservoir Woods, Inc. vs. ZBA - appeal from denial of a variance for a nursing home located in a single residential area on the easterly side of Union Street.

Robshaw, Einar vs. Planning Board - agreed by the requirements of the Board of Health to a submitted approved subdivision off Cottage Street.

Sanford, Frederick L., Jr. vs. Sostilio, Joseph & Alice - request for a permanent injunction enjoining the defendants from using the premises owned by them at 52 Everett St. for a trucking business and for the storage of trucks. Finding for plaintiff. Appeal to Supreme Judicial Court.

Sanford, Frederick L., Jr. et al vs. Walter G. Bergman - construction of walls and patio without a building permit. Final decree ordering removal of all construction on property without permit on or before January 1, 1970. Petition for contempt pending.

Sanford, Frederick L., Jr. vs. Justin W. & Louise A. Cirrone - suit enjoined permanently from violating order and By-Laws to renumber their dwelling from #5 to #3.

Steinberg, Calvin B. vs. Natick Planning Board - suit alleges Bond requirement for subdivision known as Bailey's Hill is unreasonable.

Tamagno, Caesar vs. ZBA - denial of a variance by the Board's decision filed March 24, 1969 of property located at the rear of 90 Worcester Rd., Framingham.

Tilton, Delmont vs. ZBA, Samuel Zitter & Paramount Development Associates - appeal from the Board's decision filed 12/2/70 granting addition to present structure and use of parking area.

United Homes, Inc. vs Planning Board - subdivision plan approved subject to the Board of Health's requirement of a Bond and other conditions. Finding for defendant, appeal to Supreme Judicial Court.

Whiting Milk Company vs. Natick, James Spiller and Robert S. Wharton - suit for property damages as a result of an alleged defect in the highway. General insurance coverage applies for the liability against the Town but not for personal liability of Town employees.

Wright, William C., Jr. vs. Mass. Medical Service and Town of Natick - action of contract for the sum of eight hundred dollars in the Municipal Court of Dorchester.

Zani, Donald P. vs. Natick - petition for assessment of damages of an easement taken by eminent domain for the East Natick Sewer Project.

APPELLATE TAX BOARD:

Briggs, W. vs. Natick Board of Assessors
Continental Baking Co. vs. Natick Board of Assessors
Corbosiero, Anthony C. vs. Natick Board of Assessors
Eliot Land Development Corp. vs. Natick Board of Assessors
Framingham vs. State Tax Commission and Natick Board of Assessors
Hassenfeld, Merrill & Barbara vs. Natick Board of Assessors
Henderson, Ernest vs. Natick Board of Assessors
Hines, Paul H. et al vs. Natick Board of Assessors
Nastasi, A. vs. Natick Board of Assessors
Natick Merchants, Inc. vs. Natick Board of Assessors
New Realty Corporation vs. Natick Board of Assessors
Niles, Inc. vs. Natick Board of Assessors
Stern, Eva vs. Natick Board of Assessors

Cases Concluded as of December 31, 1970:

Balboni, Frederick P. vs. ZBA - denial of variance as to area and frontage of property at 8 Retrop Road. Superior Court ordered appeal back to ZBA; ZBA denied new petition.

Bernard, Bradford E., Executor vs. ZBA - appeal from the decision of the Board of Appeals not to grant a requested variance allowing the erection of a single family dwelling on a certain parcel of land because it constituted a subdivision. Final decree dismissing the Bill on 1/12/70.

Boston vs. Treasurer & Receiver General of the Commonwealth et al (Natick) - suit seeking to bar the M.D.C. from assessing against Boston the full share of its obligation to support the Metropolitan Sewerage District and joining all other municipalities in this district. Finding against the City of Boston.

Burke, Walter L. vs. Civil Service Commission & Selectmen - appeal to the Municipal Court of Boston. Re police officer temporarily suspended by the Selectmen in 1965 and affirmed by the Civil Service Commission.

Cirrone, Justin - a show cause complaint in the Natick District Court for failure to change the house number after notification of the Building Inspector and in violation of the Natick Building Code. Failed to attend hearing. Commenced civil suit in Superior Court.

Commonwealth vs. Myer Alpert (Alpert's Furniture Co.) - complaint of the construction of a sign on an exterior wall of a building in violation of the Natick Sign Code. Finding guilty and fine of \$20.00 paid. Concluded.

Goodwin, Myer, Estate of - Probate Court, Town of Natick filed a list of claims against the estate.

Licadone, R.; Lang, John; Gallo, John; Mabee, Albert; Paul, James vs. Natick - five separate petitions for assessment of damages of easements on Lena Road taken by eminent domain for sewer purposes. Cases tried in Superior Court, decision pending. Finding for plaintiffs. Concluded.

Talvy, Herman vs. Natick - suit for damages to a line of hedges from the alleged negligent operation of a sidewalk snow plow. Settlement for \$90.00. Case concluded.

Wright, William C., Jr. vs. Civil Service Commission & Selectmen - appeal to Municipal Court of Boston from the finding of the Civil Service Commission on March 5, 1969 that the discharge by the Board of Selectmen was justified. Case assigned to Special Town Counsel. Finding for defendants. Reinstatement denied. Concluded.

Jerry J. DiGeronimo, Town Counsel

Sealer of Weights and Measures

I hereby respectfully submit the following report for 1970.

Through this year of turbulence, disorder and change, there has been a marked increase in consumer affairs and a mounting interest in the welfare of the consumer, both on the part of government authorities and the individual.

The soaring cost of living, the spiraling increases in prices of food and all commodities has made us all aware of the strain on our income.

Almost everybody is a consumer in one way or another. The motorist buying gasoline--the householder getting oil deliveries--the housewife buying meats and groceries--all these factors come under the jurisdiction of the Weights and Measures Department.

Consumer protection is the basis and the fundamental reason for Weights and Measures Administration.

The importance of one phase of Weights and Measures work is prepackaged reweighs (the reweighing of packaged meats in the markets) becomes increasingly apparent.

Through the year, over three million pounds of fresh meat, packaged, totaling over five million dollars in retail value was sold by the markets in Natick to the local consumers.

Recognizing a minimum of one percent margin of error in the process of packaging, pricing, and merchandising, the inspection and reweighs done by this department reveals a saving to the local buyers of over fifty thousand dollars. This is in meat alone.

Considering the inspections of other commodities plus the checking and adjusting of and weighing and measuring devices, the savings to the townspeople would be very much more.

To contemplate for a moment the absence of all Weights and Measures Administration and enforcement, with no control of any kind, would create a very depressing picture. It would be open season, at the expense of the buying public for any unscrupulous merchants, dealers and businessmen.

During the year, 22 investigations were made by this department, following up complaints from residents who believed they had been cheated or overcharged. Most of these revealed the presence of error, either on the part of the seller or the buyer.

One case involved the purchase of gasoline by a resident from a reputable dealer. He felt that he had been overcharged for five gallons. Subsequent inspection revealed the presence of an auxiliary tank which held 5 gallons of which the owner was unaware.

Another case covered the purchase of coke from an old and reputable company. A local resident bought a ton and claimed short measure. An estimate by this department conceded their delivered amount was about a half-ton. The coke was wet, and a test showed that coke will double its weight when wet. He had received a ton but half of it was water. The company was notified and immediately sent another half-ton to the purchaser.

Two cases dealt with canned vegetables. The buyer claimed short weight, not realizing that the net contents as marked on the can included the fluid in which the product was packed.

Some dealt with packaged meats which were quickly rectified. Some concerned bread, which is unusual. Bread is locally sent out from a bakery about an ounce overweight to allow for shrinkage.

One complaint dealt with the sale of oysters. A customer bought a pint of oysters at a local market; a little pint container was only partly filled. Checking on this, it was found that the clerk was adhering to the old adage, "a pint is a pound the whole world 'round," which just isn't true. It may be with water, but not with liquor commodities.

These investigations provided many interesting aspects, but I believe the merchants and businessmen in the town are all men of integrity and honesty.

The Weights and Measures Department is the watchdog of the consumers protection.

Citizens of the town are urged to contact this office (653-4230) in the event they are faced with any problem or complaint in the field of Weights and Measures, to report faulty scales, measuring devices, or in cases where they suspect fraud, error or malfeasance in transactions involving Weights and Measures.

Continued and added emphasis will be placed on the reweighing and rechecking of the prepackaged meats and other commodities.

In conclusion, I wish to thank the Board of Selectmen, the merchants of the town and all others who assisted me in the performance of my duties throughout the year.

John J. Mullaney
Sealer of Weights and Measures

During the year weighing and measuring devices have been tested and sealed or condemned as follows:

	<u>Adjusted</u>	<u>Sealed</u>	<u>Not Sealed</u>	<u>Condemned</u>
Scales - over 10,000 lbs.	0	1	0	0

--	------------

Salary for Sealer of Weights and Measures	6,900.00
---	----------

TOTAL	<u>\$8,549.00</u>
-------	-------------------

Forestry Department

The Forestry Department was most active in its many duties of tree maintenance, tree planting, spraying, and removals in 1970.

Dutch Elm Disease

The Department reports for 1970, the removal and disposal of over one hundred (100) Dutch Elm diseased trees. Sanitation methods such as pruning, trimming, spraying, removal and disposal of diseased trees continues to be carried on throughout the Town.

Spraying

A dormant spray was applied as in other years, in early April to all Elm trees in an effort to curtail the Elm Bark beetle. During April, May, June and July a foliage spray was applied for Elm Leaf beetle, Birch Leaf miner, Oak Leaf miner and other tree pests. The Department continues to use only the insecticides recommended and approved by the Shade Tree Laboratory of the University of Massachusetts at Amherst and the Waltham Field Station. All employees of the Department who apply insecticides are licensed by the Commonwealth.

Tree Maintenance

A continuing inspection program was carried out throughout the Town for all trees needing pruning, shaping, dead wood removal, bark tracing, and root feeding.

Planting

The tree planting program continues to progress, and we report the planting of over two hundred (200) trees of various varieties throughout the Town. Trees were planted in the playground areas at Murphy and Bennett-Hemenway schools, for future shaded areas for recreation purposes.

Stump Removal

A total of one hundred fifty (150) stumps were removed below ground level in various sections of the Town.

Christmas Lights

The Forestry Department worked in cooperation with the Fire Department in the installation of the Christmas lights and decorations in the downtown area in December, and their removal in January.

New Equipment

The Department reports the addition of a new International pick-up truck in 1970. Also, a new Brush Chipping machine for the disposal of brush.

Several of the personnel of the Forestry Department attended courses during 1970 at the Waltham Field Station, concerning various phases of tree management, preservation and conservation.

Treasurer's Office Committee

Treasurer's Office Committee was appointed by the Board of Selectmen November 3, 1970. The Committee held meetings to study (1) the term of the Town Treasurer and combining this office with another office; and (2) the function and reorganization of the Treasurer's Office.

Since the General Laws under which Natick operates state that the Treasurer must be elected, the discussions led to a choice of leaving this office a part time position or combining it with another office, such as clerk or collector. The majority of towns in Massachusetts have a combination treasurer-collectors and a few have treasurer-clerks. Some have a combination office by legislative acts or referenda and some by virtue of the same person holding two positions. Since one cannot foretell the outcome of elections, the Committee's discussions centered on combining the office of Treasurer with another.

Our conclusion is to leave the Treasurer as a separate office, for the following reasons:

- (1) a separate office serves as a check and balance
- (2) there is not enough time to make a change this year
- (3) the Treasurer's Office requires expertise not required for other offices.

The preparation of the payroll is now being done by the Treasurer's Office, yet is not a necessary function of that office. The large amount of time spent preparing the payroll led to the Committee's discussing the use of data processing equipment in Natick.

One of our meetings was joint with the Data Processing Study Committee of Mr. James N. Luttrell, Chairman, Board of Selectmen; and Mr. Alfred McGrath and Mr. Percy Laming of the Finance Committee. Our conclusion is that although there may be many uses for data processing equipment, including payroll preparation, there is a need for further in-depth study of the needs of the whole Town, and of a timetable for its implementation.

Temporary alternatives to the acquisition of data processing equipment for preparing payroll are:

- (1) the use of a commercial data processing service
- (2) sharing the use of another town's equipment (at a lower cost)

The time available to this Committee has been insufficient for in-depth study of the use of data processing. Also, a Town Meeting Committee would be more appropriate for this study. Therefore, we ask to be discharged.

We especially thank Mr. Richard Potter, Town Treasurer, and Mr. Stanley Lavery, Town Comptroller-Administrator, who served as ex-officio members and were helpful in answering many questions.

Lois M. Masterson, Chairman

Benjamin Kessell

George A. Strait

Minority Report - Added Comments

Discussion of data processing and its possible uses in the operation of the Town government (i.e., water billing, tax billing, assessor's report, etc.) pointed out the problems of divided authority, and how each Department can decide for itself the use or non use of such equipment. This emphasizes that the Town government cannot be treated as an entity, because it is made up of independent parts. Although it is possible to work out cooperation and coordination, it requires much time and results in the loss of good ideas.

Lois M. Masterson

Interim Report of the School Needs Committee

During this last year, the School Needs Committee met on four occasions to discuss school enrollment projections and proposed school site recommendations. The Committee is now in the process of preparing its final report. It is hoped that this report can be completed and distributed to Town Meeting members before the completion of the 1971 Town Meeting.

John T. Schomer

Council On Aging

On all sides the year 1970 was heralded as a time for change and challenge. Natick's Council on Aging has not been immune to these changing times. However, we have not changed in our determination to focus our attention on the needs and interests of our elderly citizens and make plans accordingly to help and advise these good people of these services available to them.

Following the recommendation of last year's Council a questionnaire was sent to approximately 2000 elderly people in an attempt to identify their needs and wishes. Over five hundred returned the papers but only a few answered all the questions concerning the topics of food, shelter, leisure time, transportation and finance. (It should be noted that the questionnaires could have been too lengthy and complicated, leading to some misunderstanding.)

The responses have been carefully tabulated. Now the Council is concerned with interpreting the results. Can we justify increasing the Drop-In Center facilities when 296 out of 525 failed to answer questions on leisure time interests at all? 418 said they did not attend the present facility. The Drop-In Center at Sherrill Hall was operated through May under the capable supervision of Mr. Anthony Pais. Our sincere thanks go to him for his many hours of work.

Transportation has been cited frequently as one of the disturbing problems. Some communities have made special bus routes available for the elderly to travel to the center of town, shopping areas, medical centers, etc. Plans are now being considered for similar limited service in Natick. Is the Town willing to provide money for this service? Is there enough interest to justify the program?

The Hot Lunch Program, sponsored by Federal and State agencies, has created some interest. This would involve use of school cafeteria facilities and transportation of people to the schools or delivery of meals to other central points. According to questionnaire returns 82% indicated they could adequately supply food needs. While favoring the Hot Meal Program in principle, at the same time 52% said they would not go to a neighborhood location nor did they want a hot meal brought into their homes.

These are but a few of the problems and challenges which the Council has been discussing this year.

Meantime the Council itself has changed. Mr. Rourke has delegated Ronald Ordway to represent the Recreation Department on the Council. Resignations were received from Miss Catherine Kennedy, Mrs. Mary Duffy, and Mrs. Kavanaugh. These resignations were accepted with regret. We recognize with sincere appreciation the work all these members have done. New appointments by the Selectmen were Miss Anna E. Finn, Mrs. Gladys E. Adams, Mrs. Everill P. Sullivan, and Mr. Edmund Jellison. The Council reorganized in October with Miss Finn as chairman and Mrs. Sullivan as secretary. We have scheduled regular meetings for the 3rd Tuesday of each month.

The Council could not operate successfully without the ideas and advice of our most capable Advisory Committee, chaired by Mrs. Ellen Robbins. We have recently enlarged that Committee to include Mrs. Esther Fair, Reverend R. B. Dennett, Monsignor Joseph P. Mahoney and Rabbi Harold S. Kushner.

We would like to have the present Council enlarged to eleven members and recommend to the Selectmen that future appointments to the Council on Aging come, if possible, from the members of the Advisory Committee whose work brings them in daily contact with the problems and interests of our elderly citizens.

The outstanding event of the year was our Christmas Party planned and served by Mrs. Ellen Robbins, Miss Erminia Errico, Miss Margaret Morrissey, Miss Joan O'Brien, Mrs. Catherine McQueston, and Mrs. Walter Oseicki of the Advisory Committee. Through the

generosity of Mr. Earle C. Batchelder, the facilities of Walnut Hill School were again made available to us. We had full cooperation of the Walnut Hill staff. Over two hundred fifty elderly citizens were served a delicious dinner, renewed old friendships and were entertained from 4-8 on Sunday, December 20.

We now come to plans for 1971. At least 2 questions must be answered before we can make specific plans:

- 1) Are the majority of our elderly citizens interested in extended Drop-In Center facilities and/or improved transportation services?
- 2) How far are the Natick Taxpayers willing to go in providing the funds necessary for planning and establishing these services?

With the re-organization of our State Government and the National White House Conference we do expect specific guidelines and funds to be forthcoming. Until then we must make decisions locally. We shall appreciate the advice and cooperation of all Natick residents and officials.

BUILDING CODE REVISION COMMITTEE

This Committee has progressed to the point of the writing of a "discussion draft" of the proposed new building code.

The code, as compiled, will contain three major divisions: i.e., Administration, Definitions, and Engineering, plus a section devoted to tables, appendices and an index.

The code has been designed to conform to the form and page size of the Town By-Laws as revised. It is anticipated that in final form the code will be reproduced so as to fit the same size three-ring binder which accommodates the By-Laws.

It is anticipated that by the spring of 1971 this Committee will have accomplished the following:

1. Distribution of "discussion draft" to interested persons.
2. Completion of review with Town Officials, interested residents, contractors and planners.
3. Final corrected draft and submission as a Warrant Article.
4. Preparation of amendments to the Zoning Code made necessary by the deletion of certain sections of the present building code which pertain to zoning.

This Committee would hope that a Special Town Meeting would be convened to be primarily devoted to the proposed code.

The Committee has been frustrated to discover that each successive re-reading of code sections results in the discovery of the need for additional change. Various sections have been copied intact from National and State codes but even those sections have shown the need for review and revision to conform to our own local conditions and requirements.

We hope that interested parties will make constructive written comment at the time of distribution of the "discussion draft" rather than wait for the formal Finance Committee, Planning Board, and Special Town Meeting sessions. Cooperation in that vein will save substantial time and money for required revisions.

Historical Commission

In marking the continuing efforts of the Historical Commission it may seem to some people that little has been done; but like with many large projects, the results will be apparent all at once. There is an urgent need to preserve the beauty spots and significant areas of Natick for future generations: and because South Natick was the center of all town activity until 1800 and its founder, John Eliot, is a world renowned figure, the area is doubly important historically. It has been thoroughly researched but because an Historic District Study Committee has not been established, the Massachusetts Historic Commission could not accept the reports. Therefore, we were obliged to remove the article from the 1970 March Town Meeting which we had hoped to include. The article would establish an Historic District Commission in South Natick. Now that we have succeeded in having a District Study Committee formed, we are obliged to wait until that Committee can do its work. The procedures it must follow are that 60 days after submitting its report to the town Planning Board, the State Historical Commission, Commissioner of Commerce and Development, and the Commissioner of Natural Resources, there will be a public hearing. It will be impossible to get the article into the 1971 Annual Town Meeting Warrant, but we hope to bring this question before the Town as soon as possible thereafter.

The project of getting permission to place identifying placques on the oldest houses in town is continuing under the able direction of Mr. George Ames.

The indexing of the headstones dating previous to 1830 in the West Natick Cemetery on Boden Lane has been completed by Miss Virginia Lyster during her summer vacation. We certainly appreciate all the work she has done for us. And the Lilja School children are planning to index the early stones in the North Natick 1741 Cemetery as one of their spring history studies.

Another project being started is the listing of all Natick participants in the Revolutionary War, with their complete service records, so Natick will be represented in the celebration of the two-hundredth anniversary of the battles in the spring of 1775, which the State is already preparing.

Town Office Building Committee

Your committee still believes the site on West Central Street to be the most advantageous available for this most urgently needed facility. The cost of other sites is prohibitive, especially at a time when every tax producing property should be kept on the tax rolls. Any parcel to be considered would require two acres which, in the center of town, would cost more than the building and land somewhere else. The property on West Central Street would not displace any families and would allow for future expansion, location for a fire station; in fact, could be developed into a municipal center.

Members of the committee have gone into great detail on cost of alternate sites, but have not come forth with any where the cost of acquisition would not be tremendously expensive.

The committee is still anxiously awaiting appointees from various town boards and the public as direct by Article II of Special Town Meeting, April 8, 1969, second session, April 10, 1969. This report is respectfully submitted and the committee asks to be continued.

TOWN OFFICE BUILDING ?

Natick 4th of July Committee

The 1970 4th of July celebration was held over a five-day period with twenty events being held. It began with the Miss Natick Contest on June 26th, the teenage dance on July 2nd, the Farm League all-star game on July 3rd with the adult celebration dance in the evening. The holiday itself began with the V.F.W. flag raising, then the doll carriage parade, horribles parade, bicycle parade, followed by the main parade which was one of the most colorful in it's sixteen year history. The other events held on July 4th were the children's party, the pie eating contest, the horse show, the Little League all-star game, the bell ringing proclamation, the Rex Trailer Show, Ronald MacDonald the clown, the old timer baseball game, and climaxed by the fireworks. On July 5th the A.A.U. track meet was held, the swim meet, and the Babe Ruth all-star game.

At this time, we would like to pay tribute to the founder of the Natick 4th of July celebration - Mr. George Buchan. Even though many obstacles confronted him, he continued with his untiring efforts and helped make this celebration a "tradition" in the Town of Natick.

This Committee would like to see this celebration continue as a "tradition" and would like to see more of the townspeople coming forth to volunteer to help. The biggest problem is manpower. The Committee also feels that we should continue to be self-supporting by collecting fees, concession percentages, donations, selling programs, etc., thereby enabling the return of this money to the General Fund.

FINANCIAL REPORT

Donations.....	\$2,244.00	Disbursements.....	\$9,235.04
Concessions.....	1,755.65	Appropriation by Town.....	8,734.00
Programs Sold.....	3,799.50		
Gross Receipts	<u>\$7,799.15</u>	Additional Amount Needed	\$ 501.04
		Unpaid Bills	

In view of above, the actual cost to the Town and taxpayer of Natick is \$1,435.89 for the 1970 4th of July festivities.

We would like to take this opportunity to again thank the Committee and the many volunteers who helped make this celebration the success that it was. If we try to name each person individually, we would surely forget someone. Again, many many thanks.

Michael A. Torti, Co-Chairman
Leo A. Flynn, Co-Chairman

Environmental Control Commission

Although the Natick Environmental Control Commission was voted into being during the 1970 Town Meeting, appointments were not made until late October. This report, therefore, presents initial concepts and actions of a very new town body.

Protection of the environment has become a major concern of our population, and the experts generally agree that in all too many areas our laws and incentives are either too lax or actually misdirected. We are thus running "out of control". This Commission hopes to identify problem areas and to recommend the most equitable and least restrictive methods which can effectively guide us back to responsible usage of our environment.

We concur with the 1969 annual report of the Natick Conservation Commission in identification of environmental categories: "air and water pollution, solid waste disposal, noise abatement together with orderly provision in our community development to protect the natural resources, open spaces, flood plains to reduce flood incidence and resultant flooding damage, and to create a realistic balance between development and maintenance of our community's suburban character".

The Natick Environmental Control Commission does not duplicate the function of the Natick Conservation Commission, which has the primary responsibility for researching, indexing, acquiring and maintaining appropriate open areas of land. Our primary activities will be of a more theoretical and strategy-oriented nature, and will extend far beyond the land-usage category. Still, we regard the Conservation Commission mandate as vital to our interests and we will cooperate to our best abilities in achieving broad-based support for their town needs and in mutual and far-reaching plans for the further protection of the environment we all share.

Specific actions which have already been taken by the Natick Environmental Control Commission include sponsorship of the following articles in the 1971 Town Meeting Warrant:

1. An article to curtail the excessive production of glass or metal containers used for soft drinks and beer. This is the most visible and critical of many frivolous uses of packaging which contribute heavily to an unmanageable solid waste disposal problem, in our community and most others. The approach used is designed to minimize the hardship on any person, business or region while redirecting the packaging philosophy back to recycling (the returnable, deposit bottle) or non-problem disposal techniques.
2. An article to lessen the conflict between the ever-increasing number of motorized recreational vehicles (trail bikes, snowmobiles and the like) and residents, passive users of open spaces, and the ecological needs of the open spaces themselves. Again, we do not seek to ban the use of such vehicles, but rather to define the areas in which they may properly be used for the well-being of all.
3. An article to see if Natick will establish a Flood Plain District as a new type of zoning. Such zoning would limit new development within critical areas of town in such manner that additional flooding hazard would be minimized, ground water supplies would be protected, costs incurred to the town would be thereby avoided, and the many advantages of open spaces along flood plains, waterways and wetlands would be guaranteed to our future generations. We have carefully considered the wording of this article to gain the above-described safeguards while protecting the present property owners against land seizure, trespassing, etc.

This article would re-zone only the Sunkaway area near Route 9 and Oak Street, which has been the source of considerable resident demand for this type of protection. Initial indications of strong support have been heard from this group of residents as well as state and local agencies and civic organizations. A thorough educational effort is planned in order to acquaint citizens with the details of the proposed new zoning by-law before Town Meeting.

In addition to the sponsoring of the above articles, the Natick Environmental Control Commission has already worked on several additional projects, including the following:

1. A critique of Phase I and II of the Ten-Year Master Plan Study being carried out for Natick by Metcalf & Eddy. We have recommended the addition of detailed Environmental Protection suggestions and the specific acquisition of recreation, open space and access areas on Lake Cochituate.
2. Studies of practical voluntary re-cycling of newspaper and aluminum cans (with the assistance of the Natick High School Ecology Club).
3. Preliminary recommendations to the Natick School System concerning the incorporation of environmental concepts into the various school curricula.

As the Natick Environmental Control Commission proceeds along this course in 1971, we welcome the cooperation of all town bodies and of all interested individuals.

Carolyn S. Eisenmenger
Jane E. Goodspeed

A. Richard Miller, Chairman

Long Range Sewerage Planning Committee

The primary functions of the Committee are: (1) to review sewerage construction priority scheduling and financing, (2) to review application of the unit method of sewerage cost apportionment and (3) to take other actions as necessary in further meeting the sewerage needs of Natick.

During the year the Committee has met and conferred with members of the Public Works Department, Metcalf & Eddy, Engineers, and many residents of the Town of Natick, to determine the feasibility and necessity of continuing priority scheduling recommended in the 1970 report.

Due to the rejection of the South Natick project by the 1970 Town Meeting, no major sewerage installation was started during 1970. This has caused a re-scheduling of priorities and we suggest the following:

1971 - North Natick

Fisher Street, part of Kansas Street, Third Street, Second Street, Loker Street, Lakewood Road, Jackson Court, Tyler Street, Meadow Street, Bacon Street from North Main west to Route 9, Coleman Court, Lakeshore Road, Sunnyside Road, Perry Road, Vesta Road, Lowell Road, Lenox Street, Evergreen Road west of North Main, Dartmouth Road, Birch Street, Ash Street, Lotus Path, Cypress Road, Magnolia Road, Crest Road and Evergreen Road.

1972-73 - South Natick

Union Street from Milk Street south, Woodland Street from Rockwood to Union, Rockwood Road, Scarsdale Road, Morse Lane, Broads Avenue, Leach Lane, Front Street, Mathew Court, Harp Court, Alger Street, Gilmore Avenue, Eliot Street from Leach west beyond Badger Avenue, Badger Avenue, Carver Hill Court, Auburn Street, Water Street, Lincoln Street, Coan Street, River Street, Merrill Road, Phillips Street, Dover Road, St. Thomas Avenue, Douglas Avenue, Warren Avenue, Pleasant Street to Pegan Lane, Glen Street, Glenwood Street.

1974 - North East Natick Area

Rathburn Road, Winter Street, Frost Street, Oakhill Road, Alden Street, Milford Avenue, Hovey Avenue, Cabot Street and Ray Street.

1975 - South Main Street, West Street and Durant Road.

1976 - Or at a date when the area becomes more populated.

Eliot Street from South Street to Sherborn Line, South Street and Everett Street from Whitridge Road to Eliot Street.

If the above projects are undertaken this would complete the sewerage in the Town of Natick with the exception of the available land for future development. However, under our Unit By-Law these owners have been assessed for future development of the general benefits and must install all special benefits at full cost.

The committee and the Public Works Department have been pleased with the operation of the Unit Cost Method because of its fairness to all concerned and its ease of assessing of cost in comparison to the old foot frontage method.

Respectfully submitted by the Long Range Sewerage Planning Committee.

Franklin G. Mussen, Chairman
Roger G. Weaving

Jerry V. Cardellichio
Dr. Frank A. East

Dr. John E. Goodman
May Kelly

Leonard Morse Hospital Building Committee

The Building Committee, appointed by the Town Moderator, under authority of Article I of the Special Town Meeting of February 21, 1967, is pleased to submit a progress report.

The contract to construct and renovate facilities at Leonard Morse Hospital was signed and ground broken in March 1967.

The fire on the site of the new building on February 27, 1968, delayed completion.

Cornerstone laying ceremony took place on October 7, 1968.

Dedication of new building was held on June 7, 1969.

Occupation of the new building occurred on November 23, 1969.

The renovated old south building reopened: Maternity - Spring 1970.
Progressive Care Unit - Fall 1970.

All records, copies of contracts and invoices are in the files of Leonard Morse Hospital. All certification and license requirements of Public Health and hospital regulatory bodies have been met. Final payment to the contractor has been voted.

Features of new hospital:

Beds: 216
Future expansion potential - 1 full patient floor (64 beds) and ancillary areas.
New heating plant.
All departments required for general community hospital.
In-service educational facilities.

The Building Committee commends the far-sighted Town Meetings which voted the funds to plan and construct a new hospital to serve the community needs when the accreditation of Leonard Morse Hospital was threatened by obsolescence.

This committee has benefited greatly and thanks all town officials and departments for their cooperation through the years of its organization.

We expect to finalize all business during 1971.

Margaret D. Horton, Chairman
George S. Hodgson
Lyman G. Brown

John I. Taylor

Rudman J. Ham, Vice-Chairman
Francis E. Sullivan, Esq.
Aaron Kaufman, M.D.

Police Station Exterior Needs Committee

Inasmuch as the Committee has completed its task, we request that said committee be discharged and either thanked or criticized for a job well done. This has been a very cooperative Committee.

Walter R. Townsend, Chairman

George A. Trump

Francis R. Garbarino

Central Equipment Purchasing Committee

The Committee originally appointed and organized as the Central Equipment Purchasing Committee to carry out the procurement of new equipment for the designated Town Departments was continued under Article 16 of the Warrant for the Annual Town Meeting of 1970.

Appropriation balance of 1969	\$ 17,487.00	
Appropriation of 1970	213,310.00	
Transfer from Reserve Fund	3,223.71	
		\$234,020.71
Less purchases and	\$122,334.38	
Encumbered purchases	96,408.11	
		\$218,742.49
Balance returned to Revenues		\$ 15,278.22

All items listed in Article have been purchased. Purchases were made in accordance with Article III of the Town By-Laws.

The Committee requests that it be continued. Additional operating funds of \$300.00 are necessary for the year 1971.

John J. Lelievre, Chairman

Dana B. Hastings, Secretary
Richard H. Knight

Jackson I. Harris
Ronald W. Clifford

Natick Safety Committee

The Permanent Natick Safety Committee, formed to investigate all safety problems in the Town and to advise the Board of Selectmen of its recommendations, held five meetings during 1970.

Numerous safety matters, which had been referred to the Committee were discussed, investigations made and recommendations forwarded to the Board of Selectmen.

During the past year the Board of Selectmen has requested that recommendations of the Safety Committee include the reasons for said recommendations and the procedure necessary to effect the solution of said problems. In the near future a Traffic Engineer will be appointed and it is the wish of the Board of Selectmen that he work closely with the Safety Committee. It was also requested that the Committee forward to the Board of Selectmen its recommendations concerning safety problems called directly to the attention of the Committee.

The members of the Natick Safety Committee wish to express their appreciation to the Board of Selectmen and all other Town Boards and Departments for their cooperation concerning the recommendations made by said Committee.

South Natick Elementary School Building Committee

On a cold and rainy February morning, 400 children formerly housed in assorted classrooms throughout the elementary schools entered Memorial School for the first time.

Work on the outside areas and fields began in the Spring. The kindergarten playground was an immediate success. During summer months many parents were able to take advantage of the tennis courts while their children were safely and happily occupied. The availability of this kind of area plus the many requests for the use of the building itself attest to the desirability of planning schools with the entire community in mind.

Mr. Harold McCormick resigned as principal of Memorial School and secretary to the building committee in June. He had worked closely with the administration in the preparation of the educational specifications, with the committee as its secretary, and with the incoming classes for the first school year. We would like to publicly express our great regard for his ability and sincerity, and our combined thanks.

Mr. Joseph Ailinger was appointed principal shortly thereafter and his ideas have been most helpful to the committee. We consider ourselves extremely fortunate to have Mr. William Carey assume the position of secretary to the committee. His experience and counsel have been a tremendous aid to us.

We are grateful for the positive response received from the more than five hundred townspeople who attended Open House on October 18.

The committee has continued furnishing and equipping the school as charged, and will not consider its task finished until all machinery and equipment is running smoothly, and the grounds are in good condition.

Irene S. Golan, Chairman

Robert J. Drew

Town Government Study Committee

This Committee was established by the Annual Town Meeting of 1965 and has been continued by subsequent Annual Town Meetings.

At the Special Town Meeting in April 1970, three articles filed by the Committee pertaining to the Recreation Committee, Tree Warden and Constables were defeated. This caused the Committee to feel that this should be a go slow period to permit the five-man Board of Selectmen and Comptroller-Administrator position to become more accepted before any further change is recommended. We still maintain our goal of a more centralized form of government, but with a more flexible timetable for change.

The Committee met several times to discuss the transfer of the Personnel Board functions to the Board of Selectmen. This does tie in with labor negotiations, which by State Law is under the Board of Selectmen, and logically the pay plan for non-union employees should also be under their jurisdiction. We have filed an Article for the Annual Town Meeting of 1971, asking for this change.

The Committee asks that this report be accepted and that the Committee be continued.

Dog Officer

As Dog Officer, I respectfully submit my report for 1970.

Complaints Regarding Barking Dogs, Stray and Sick Animals - Lost Animals, Etc.

Telephone calls received (approx. 200 per month).	3,000
Dogs captured on school property	340
Dogs Licensed 1970	1,825
Dogs Licensed 1969	1,820
Dogs Licensed 1968	1,265
Unclaimed dogs	97
Unclaimed cats	31
Injured and sick wildlife destroyed	54
Raccoons	34
Skunks	20
Bats	3

As Dog Officer, I have had several species of wildlife tested for rabies: 1 bat, 1 skunk and several raccoons; all proved negative from Wasserman Lab in Boston.

Of interest to dog owners:

1. Licensing of Dogs - All dogs must be licensed at age three months, not six months, as many believe.
2. Dog Bite Reporting - All dog bites involving broken skin from dogs must be reported to the Board of Health first and then the Dog Officer.
3. Rabies Shots for Dogs - It is now a State Law that all dogs six months or older must receive rabies shots. Offenders are liable to a \$500.00 fine.
4. Regarding School Property - Dogs are not allowed on school property during school hours. They will be picked up; owners are responsible for kennel fees.

Jack Hayes, Dog Officer

This Town Report represents a departure from the old Town Report not only in size but in method of printing. This method will, in future years, allow us to print a more revealing Town Report, using graphs and charts where they would help illustrate a situation.

The Committee thanks the Town Administrator and Mrs. Kathleen Farnham, Mrs. Ruth Nickles and Mrs. Carole McSweeney for their efforts, especially in typing at late hours, toward the completion of the Report.

Town Report Committee

LARGEST RECOVERY OF STOLEN VALUABLE STAMPS IN UNITED STATES.

\$25,000 worth of valuable stamps and \$10,000 worth of furs taken in a day-time burglary recovered by Natick Police. Department is commended by the "American Philatelist".

A record of the proceedings.

Edward W. Devereaux
Town Clerk of Natick

Public hearing for Finance Committee and Planning Board held Wednesday evening, February 4, 1970.

Report of Finance Committee and warrant for Annual Town Meeting mailed to all Town Meeting Members and various Town Boards on Friday, February 27, 1970.

ANNUAL TOWN MEETING 1970

SECOND SESSION, MARCH 11, 1970

Meeting called to order by the Moderator at 7:35 P. M. who stated there was a quorum present.

Town Clerk reported that 193 Town Meeting Members in attendance.

Invocation delivered by Rev. Philip H. Kylander pastor of The Lutheran Church of Natick.

All newly elected Town Meeting Members were sworn in by the Moderator.

Voted to waive reading of the Warrant.

Voted to waive reading of the report of the Finance Committee as printed.

ARTICLE 1

(Personnel Board)

To see if the Town, pursuant to the authority contained in Section 108A of Chapter 41 of the General Laws, will vote to amend the By-Laws by adding to Article VIA, Section XIV, a new paragraph deleting certain position titles, adding new position titles and effecting certain changes in the salary ranges as presently established and will provide the money necessary therefore.

Voted, to table Article 1 until Tuesday night, March 24, 1970 at 7:30 P. M. (See sixth session).

ARTICLE 1A

(Board of Selectmen)

To see if the Town will vote to appropriate the funds necessary to implement the terms of agreements reached between the Town and the Laborer's International Union representing Town Employees of the Public Works Department, Forestry Department, Recreation Division and Sanitation Division, or otherwise act thereon.

Voted, to appropriate the sum of \$47,400 to implement a Memorandum of Amendment dated February 25, 1970, to an agreement between the Town of Natick and Public Employees' Local #1116, Laborer's International Union of North America, AFL-CIO, originally executed February 21, 1969, to be expended for such purposes under the direction of the respective Boards, Committees, or Officers of the Town, itemized as follows:

PWD Administration	\$ 950
PWD Engineering	1,400
PWD Equipment Maintenance	3,250
PWD Highway	13,000
PWD Water	7,500
PWD Sewer	4,700
PWD Sanitation	8,800
PWD Town Dump	1,400
Forestry	4,200
Recreation	2,200

said sum of \$47,400 to be appropriated as follows: \$4,700 to be taken from earnings of the Sewer Division; \$42,700 from the Current Tax Levy.

ARTICLE 1B

(Board of Selectmen)

To see if the Town will vote to appropriate the funds necessary to implement the terms of agreements reached between the Town and Local #1707, International Association of Firefighters AFL-CIO, representing certain Town Employees of the Fire Department, or otherwise act thereon.

Voted, to appropriate the sum of \$145, 150 from the Current Tax Levy to implement a Memorandum of Agreement between the Town of Natick and Local #1707, International Association of Firefighters, executed February 23, 1970, amending an agreement dated March 2, 1968 between the Town of Natick and Local #1707, International Association of Firefighters.

ARTICLE 2

(Town Comptroller)

To see if the Town will vote to fix the salary and compensation of all elective officers of the Town as provided by Section 108, Chapter 41 of the General Laws, as amended.

Voted, to appropriate the sum of \$2,700.00 from the Current Tax Levy to augment the salaries of the Town Treasurer, Town Collector and Town Clerk, provided that the latter two positions be full time and provided that public office is a condition; that the Town fix the annual salary and compensation of its elective officers as follows, except the public officers as a condition to receiving pay for a month in which there is more than one regular scheduled meeting must attend at least one such meeting; itemized as follows:

Board of Selectmen, Chairman	\$ 600
Board of Selectmen, Second Member	500
Board of Selectmen, Third Member	500
Board of Selectmen, Fourth Member	500
Board of Selectmen, Fifth Member	500

	\$493.84

*Sufficient appropriation balance.

ARTICLE 18

(Town Treasurer)

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1970 and January 1, 1971, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

Unanimous vote, to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1970 and January 1, 1971, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 19

(Town Comptroller)

To see if the Town will vote to appropriate a sum of money from available funds for the purpose of supplementing the Stabilization Fund, created under Article 22 of the Warrant for the Annual Town Meeting of 1961, as authorized by Chapter 40, Section 5B, of the General Laws, or otherwise act thereon.

Voted, to appropriate the sum of \$50,000 from the Current Tax Levy, for the purpose of supplementing the Stabilization Fund, created under Article 22 of the Warrant of the Annual Town Meeting of 1961, as authorized by Chapter 40, Section 5B, of the General Laws.

Voted to adjourn at 11:00 P. M. until next Tuesday evening.

A Record of the Proceedings of the Third Session.

Edward W. Devereaux
Town Clerk

FOURTH SESSION

TUESDAY, MARCH 17, 1970

Meeting called to order at 7:45 P. M. by the Moderator who stated there was a quorum present.

Voted, to enter the following resolution into the Town records.

RESOLVED:

The 1970 Annual Town Meeting of the Town of Natick hereby directs its Representatives to the General Court of the Commonwealth to institute some form of legislation whereby the cash flow of Cities and Towns of the Commonwealth would be improved, by the various banking institutions remitting the funds collected by them for real estate taxes, and held in escrow, on a monthly or quarterly basis to the Treasury's of the Cities and Towns of the Commonwealth.

ARTICLE 20

(Board of Selectmen)

To hear and act upon the reports of the several Town Officers and reports of the Committees authorized by vote of any former Town Meeting and to authorize the appointment of any Committee the Town may deem necessary and to appropriate a sum of money for the purpose therefor or to take any action relative thereto.

Voted, to table Article 20. (See fifth session March 19, 1970).

ARTICLE 21

(Board of Selectmen)

To see if the Town will vote to amend its By-Laws, Article VI-(a), by the addition of the following section:

Section 20 Educational Pay Incentives: Police and Fire Departments.

It is recognized that the attainment of college degrees and the attaining of course credits toward college degrees in courses of study particularly addressed to the personnel and services of the Police Department and Fire Department tends to enhance the professional capabilities of the uniformed members of the Police and Fire Departments.

Accordingly, a scale of increases to annual salaries is enumerated to be paid uniformed members of those departments for fulfilling all or a part of the college course requirements necessary for the granting of a degree from a recognized and accredited institution of higher learning. The educational pay incentive shall be paid to any uniformed member of those departments upon presentation by him of certification upon forms supplied by the Selectmen, of percentage of course credits fulfilled toward the granting of a degree in Police Science or Fire Science or some other course of study or degree appropriate to the work of the Fire Department or Police Department, which certification must be made by the institution in which the individual last enrolled for degree work; and upon the approval of the Selectmen.

One of the grounds upon which the Selectmen shall approve the educational pay incentive shall be, when in their judgment, a reasonably equal opportunity is afforded all of the members of one of the said departments to take college courses leading to a degree.

The increments of pay incentive for education as described in the foregoing is to be paid in one-half of the listed amounts twice annually in June and December as follows:

Toward an Associate of Arts degree in police or fire science at an approved institution, this A. A. Degree in police or fire science being the equivalent of a full-time course of study for two years.

With 10% of the course credits fulfilled additional per annum.	\$ 70.00
With 20% of the course credits fulfilled additional per annum.	140.00
With 30% of the course credits fulfilled additional per annum.	210.00
With 40% of the course credits fulfilled additional per annum.	275.00
With 50% of the course credits fulfilled additional per annum.	345.00
With 60% of the course credits fulfilled additional per annum.	410.00
With 70% of the course credits fulfilled additional per annum.	480.00
With 80% of the course credits fulfilled additional per annum.	550.00

With 90% of the course credits fulfilled additional per annum.	620.00
With all degree requirements fulfilled and degree granted additional per annum.	700.00

Toward a Bachelor of Arts Degree in police or fire science at an approved institution, the B. A. being the equivalent of a full-time (two semester) course of study for four years.

With 55% of the course credits fulfilled additional per annum.	\$750.00
With 60% of the course credits fulfilled additional per annum.	800.00
With 65% of the course credits fulfilled additional per annum.	850.00
With 70% of the course credits fulfilled additional per annum.	900.00
With 75% of the course credits fulfilled additional per annum.	950.00
With 80% of the course credits fulfilled additional per annum.	1000.00
With 85% of the course credits fulfilled additional per annum.	1050.00
With 90% of the course credits fulfilled additional per annum.	1100.00
With 95% of the course credits fulfilled additional per annum.	1150.00
With all degree requirements met and B. A. granted additional per annum.	1200.00

Voted, that the subject matter of Article 21 be referred to the Selectmen for further study.

ARTICLE 22

(Personnel Board)

To see if the Town will vote to amend Article VIa, Section 3 of the Town By-Laws by adding the following paragraph:

C. All employees entering the employ of the Town and subject to the Classification and Pay Plan shall be compensated at the starting rate for the classification to which assigned. Thereafter, in each subsequent year, on their anniversary date, they shall advance to the next step rate of classification assigned until they have reached the maximum rate of such classification. If the Department Head is unable to attract qualified candidates due solely to the starting salary offered, the aforementioned regulation may be waived on the written request of the Department Head to the Personnel Board, Such waiver is subject to approval of the Personnel Board. The increase in starting rate shall then be limited to a rate not higher than the mid-point rate of the classification in question.

or otherwise act thereon.

Voted, to table Article 22 until Tuesday, March 24, (fifth session). Article 22 removed from table eighth session, March 31.

ARTICLE 23

(Personnel Board)

To see if the Town will vote to amend Article VIa, Section 12, by deleting the entire section and substituting the following:

A. Any full-time employee (except librarians and assistant librarians as hereinafter provided for and excepting those employees appointed by the School Committee and excepting elected officials, and excepting those employees in recognized exclusive bargaining units) who has been in the employment of the Town for one (1) year, shall be entitled to two (2) weeks vacation, with pay, in each calendar year, and any such employee who on June 1 has completed ten years consecutive service shall be entitled to three weeks vacation with pay; and any such employee who on June 1 has completed fifteen years consecutive service shall be entitled to four weeks vacation with pay. In any calendar year the Trustees of the Library may grant vacations with pay not exceeding the four (4) weeks to librarians and assistant librarians. No vacation is to be cumulative beyond the calendar year in which allowed.

B. Effective January 1, 1971, any full-time employee, subject to the Classification and Pay Plan (except librarians and assistant librarians) who has been in the employ of the Town for one (1) year shall be entitled to two (2) weeks vacation with pay in each calendar year, and any such employee who on January 1 has completed five (5) years of consecutive service shall be entitled to three (3) weeks vacation with pay, and any such employee who on January 1 has completed ten (10) years of consecutive service shall be entitled to four (4) weeks vacation with pay. In any calendar year the Trustees of the Library may grant vacations with pay not exceeding four (4) weeks to librarians and assistant librarians. A vacation not taken during the calendar year in which earned shall be forfeited and no payment shall be made in lieu of vacation.

C. Any full-time employee not subject to the provisions of Section IIIIE of Chapter 41 of the General Laws, whose employment is terminated during a year by dismissal through no fault or delinquency on his part or by resignation, retirement, or death, without his having been granted the vacation to which he is entitled he, or in the case of his death his estate, shall be paid at the regular rate of compensation payable to him at the termination of his employment, an amount in lieu of such vacation; provided that no monetary or other allowance has already been made therefor. The official head of the department in which the person was last employed shall enter on the departmental payroll all amounts due and payable under the above paragraph.

or otherwise act thereon.

Voted, to amend the Town By-Laws, Article VIa, Section 12, by deleting the first paragraph and in place therefor substituting the following:

Effective January 1, 1970, any full-time employee, subject to the Classification and Pay Plan (except librarians and assistant librarians) who has been in the employ of the Town for one (1) year shall be entitled to two (2) weeks vacation with pay in each calendar year, and any such employee who on January 1 has completed five (5) years of consecutive service shall be entitled to three (3) weeks vacation with pay, and any such employee who on January 1 has completed ten (10) years of consecutive service shall be entitled to four (4) weeks vacation with pay. In any calendar year the Trustees of the Library may grant vacations with pay not exceeding four (4) weeks to Librarians and Assistant Librarians. A vacation not taken during the calendar year in which earned shall be forfeited and no payment shall be made in lieu of vacation, except as provided hereunder.

ARTICLE 24

(Personnel Board)

To see if the Town will vote to amend Article VIa, Section 13, by adding the following Section D.:

D. Any Policewoman, subject to the Classification and Pay Plan, during the months she is actively- engaged in the performance of her duties as a Policewoman in the employ of the Town; shall accrue sick leave at the rate of one (1) day for each month actively engaged as a Policewoman during a given calendar year; such sick leave may not be used until completion of twelve (12) months of service in the aggregate, as a Policewoman; and shall be entitled to a sick leave credit for prior service as a Policewoman based on two (2) days for each calendar year of service prior to December 31, 1969. Such credit for past service shall be limited to thirty (30) days. Beginning on July 1, 1970, Policewomen may accumulate unused sick leave days up to a total of sixty (60) days,

or otherwise act thereon.

Voted, to amend the Town By-Laws, Article VIa, Section 13, by adding the following section D:

D. Notwithstanding any provisions hereunder, any sick leave benefits accrued by School Traffic Supervisors as of December 31, 1969, will be honored. Beginning January 1, 1970, School Traffic Supervisors shall accrue sick leave up to a total maximum of sixty (60) days at the rate of one (1) day for each month actively engaged as a School Traffic Supervisor. For those School Traffic Supervisors having sixty (60) or more days accrued sick leave credit on January 1, 1970, no further credit will be accrued; for those School Traffic Supervisors having fewer than sixty (60) days accrued credit as of January 1, 1970, additional credit may be accrued up to the afore-said sixty (60) days maximum. When accrued sick leave is taken by reason of illness, the accrual of additional benefits may be resumed provided the maximum limit of sixty (60) days is not exceeded.

ARTICLE 25

(Katherine M. Carver)

To see if the Town will vote to amend Town of Natick By-Laws, Article VIa, as follows:

Section 9. Employees:

By deleting all of paragraphs 2 and 3 and replacing them with the following:

"A Permanent Part-Time Employee is one who is employed on a permanent basis in a town office or for a town board for an average annual minimum of 20 hours per week."

"A Temporary or Seasonal Employee is one who is hired for temporary work."

Section 11. Legal Holidays:

By deleting from paragraphs B, Section 11, the words Regular Part-Time Employees and adding a new paragraph to be numbered 5, as follows:

"Permanent Part-Time Employees shall be paid for legal holidays as listed in paragraph A of this section, on the basis of a 4 hour work day."

Section 12. Vacations:

By deleting the third paragraph of Section 12, and substituting in place and instead thereof the following:

"Any Permanent Part-Time Employee (except librarians and assistant librarians as hereinbefore provided for and except school teachers) shall be eligible, after one full year of employment as agreed in Section 9, paragraph 2, for two weeks of vacation based on 20 hours per week."

Section 13. Leaves of Absence:

By deleting from the first sentence of paragraph I.C. 3., of Section 13, the words "Part-Time", and in the second sentence of said paragraph deleting the word "regular" and substituting in place and instead thereof the word "Permanent".

By deleting from Paragraph IV, 1., of said Section 13, the word "Regular" and substituting in place and instead thereof the word "Permanent".

Section 14. Temporary and Part-Time Employees:

By striking the title "Section 14 - Temporary and Part-Time Employees," and inserting in place and instead thereof the following:

Section 14 - Permanent Part-Time and Temporary Employees and

by adding a new paragraph to Section 14 as follows:

"Permanent Part-Time Employees shall be paid at the same rate of pay scheduled for their job classification as if they were full time employees and shall be eligible for annual grade increases in the same manner as full-time employees."

or otherwise act thereon.

Voted, that the subject matter of Article 25 be referred to the Personnel Board for further study.

ARTICLE 26

(Bacon Free Library Maintenance Committee)

To see what sum of money the Town will vote to raise or borrow or transfer and appropriate for the maintenance of the Bacon Free Library, or otherwise act thereon.

Voted, to appropriate the sum of \$8,300 from the Current Tax Levy for the maintenance of the Bacon Free Library.

ARTICLE 27

(Board of Selectmen)

To see if the Town will vote to raise and appropriate a sum of money to be used by the Board of Selectmen to install parking meters and/or other mechanical devices in public municipal parking areas, or otherwise act thereon.

Voted, that the subject matter of Article 27 be referred to the Board of Selectmen for submission to a later Town Meeting.

ARTICLE 28

(Board of Selectmen)

To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, or take by eminent domain, land necessary for municipal parking and appropriate the sum of money from the current tax levy, or transfer from any available sums, said land as shown on the Assessor's Tax Map for the Town of Natick, Map 43, Lot 264, or otherwise act thereon.

Voted, to refer the subject matter of Article 28 to the Board of Selectmen for submission to a later Town Meeting.

ARTICLE 29

(Board of Selectmen)

To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, or to take by eminent domain, land necessary for municipal parking and appropriate the sum of money from the current tax levy, or transfer from any available sums, said land as shown on the Assessor's Tax Map for the Town of Natick, Map 43, Lot 256, or otherwise act thereon.

Voted, that the subject matter of Article 29 be referred to the Board of Selectmen for submission to a later Town Meeting.

ARTICLE 30

(Board of Selectmen)

To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, or take by eminent domain, land necessary for municipal parking and appropriate the sum of money from the current tax levy, or transfer from any available sums, said land shown on the Assessor's Tax Map for the Town of Natick, Map 43, Lot 387, or otherwise act thereon.

Voted, that the subject matter of Article 30 be referred to the Board of Selectmen for submission to a later Town Meeting.

ARTICLE 31

(Board of Selectmen)

To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, or take by eminent domain, land necessary for municipal parking and appropriate the sum of money from the current tax levy, or transfer from any available sums, said land as shown on the Assessor's Tax Map for the Town of Natick, Map 44, Lot 357, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 32

(Richard D. Powers)

To see if the Town will vote to provide two-level parking on the Town-owned parking area situated between Middlesex Avenue and Summer Street, and to raise, and appropriate or otherwise provide sums of money for this purpose. Said project to be administered under the direction of the Board of Public Works.

Voted, that the subject matter of Article 32 be referred to the Board of Selectmen for submission to a later Town Meeting.

ARTICLE 33

(Department of Public Works)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the South Natick Sewer Project, appropriate money to pay for same or otherwise act thereon.

Article passed over.

ARTICLE 34

(Department of Public Works)

To see if the Town will appropriate a sum of money, determine whether it shall be raised by borrowing or otherwise and authorize the Board of Public Works to construct sewer mains, lateral lines, trunk mains, pumping facilities and force mains in the South Natick area, including all or part of the following named streets:

Alger Street	Leach Lane
Auburn Street	Lincoln Street
Badger Avenue	Mathew Court
Broads Avenue	Merrill Road
Brook Street	Morse Lane
Cape Street	Phillips Street
Carver Hill Street	Pleasant Street
Coan Street	River Street
Dover Road	Rockwood Road
Eliot Street	Scarsdale Road
Front Street	Schaller Street
Gilmore Avenue	Union Street
Glen Street	Warren Road
Glenwood Street	Water Street
Harp Court	Woodland Street

or otherwise act thereon.

Voted, to pass over Article 34.

ARTICLE 35

(Department of Public Works)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the Lincoln Street Extension Sewer Project, appropriate money to pay for same or otherwise act thereon.

Voted, to pass over Article 35.

ARTICLE 36

(Department of Public Works)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains and appurtenances in the Lincoln Street Extension area, transfer, appropriate or borrow money for same or otherwise act thereon.

Voted, to authorize the Board of Public Works to construct sewer mains and appurtenances in the Lincoln Street Extension area, and to appropriate the sum of \$48,000.00 for this purpose, said sum to be appropriated as follows: \$2,406.14 to be taken from the unexpended balance, PWD-Sewer, Construct Sewer, Farwell Street, Article 11 of the Special Town Meeting of September 27, 1966; \$4,779.43 to be taken from the unexpended balance, PWD-Sewer, Construct Sewer, "D" Street, Article 40 of the Annual Town Meeting of 1969; and \$40,814.43 from the Current Tax Levy; that assessments be made upon the abutters as authorized by any general or special law; said betterments to be borne not less than seventy-five (75%) percent by the abutters and the remainder by the Town.

ARTICLE 37

(Department of Public Works)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the Hartford, Bishop Street Sewer Project, appropriate money to pay for same or otherwise act thereon.

Voted, to pass over Article 37.

ARTICLE 38

(Department of Public Works)

To see if the Town will vote to authorize the Board of Public Works to construct sewer mains and appurtenances in the Madonna Street, Hill Street, Hartford Street, Bishop Street area, transfer, appropriate or borrow money for same or otherwise act thereon.

Voted, to authorize the Board of Public Works to construct sewer mains and appurtenances in the Madonna Street, Hill Street, Hartford Street, Bishop Street area, and to appropriate the sum of \$68,000.00 for this purpose from the Current Tax Levy; that assessments be made upon the abutters as authorized by any general or special law; said betterments to be borne not less than seventy-five (75%) per cent by the abutters and the remainder by the Town.

ARTICLE 39

(Department of Public Works)

To see if the Town will vote to accept the following streets as the same have been laid out and filed by the Board of Public Works:

Aqueduct Road
Clearview Drive (in part)

Madonna Street (in part)
Mark Street

Countryside Road
Eliots Hills Road (in part)
Indian Ridge Road
Juniper Lane
Lantern Lane
Laurie Lane
Liberty Street (in Part)

Oxbow Lane
Pamela Road
Pauline Drive (in part)
Riverbend Drive
Rockridge Road
Steven Circle

Voted, to table Article 39. (See ninth session March).

ARTICLE 40

(Department of Public Works)

To See if the Town will vote to authorize the Board of Public Works to erect a chain-link fence along a portion of the frontage of Lots 258 and 259, Assessors Map 21 on Princeton Road, appropriate or transfer money to pay for same or otherwise act thereon.

Voted, to authorize the Board of Public Works to erect a chain-link fence along a portion of the frontage of Lots 258 and 259, Assessors Map 21, on Princeton Road; and that the Town vote to appropriate the sum of \$400.00 from the Current Tax Levy for this purpose.

ARTICLE 41

(Department of Public Works)

To see if the Town will vote to raise and appropriate, or transfer from available funds in the treasury, a sum or sums of money to widen, resurface, reconstruct or drain Boden Lane from Hartford Street to Beaver Dam Brook, or otherwise act thereon.

Voted, to authorize the Board of Public Works to widen, resurface, reconstruct, or drain Boden Lane from Hartford Street to Beaver Dam Brook; and that the Town vote to appropriate the sum of \$93,950.00 for these purposes as follows: \$6,589.06 to be taken from the unexpended balance, PWD Highway, Reconstruct Oakland Street, Article #50 of the Annual Town Meeting of 1967; \$6,249.00 to be taken from the unexpended balance, PWD Highway, Construct Cypress Road, Article #28 of the Annual Town Meeting of 1968; \$234.50 to be taken from the unexpended balance, PWD Highway, Construct Birch Road, Article 29 of the Annual Town Meeting of 1968; \$31,000.00 from Chapter 616 of the Acts of 1967, Highway Fund; and the balance of \$49,877.44 to be appropriated from the Current Tax Levy.

ARTICLE 42

(Department of Public Works)

To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum or sums of money for highway construction to be used with funds from the state and county, in accordance with the provisions of Chapter 90 of the General Laws, said sum to be spent under the direction of the Board of Public Works; pass any vote or take any action relative thereto.

Voted, to pass over Article 42.

ARTICLE 43

(Department of Public Works)

To see if the Town will approve of the enactment by the General Court of a special law providing that the accidental disability retirement allowance being paid to Joseph Saviano by the Town of Natick shall be retroactive to the date of the termination of his employment by said Town or otherwise act thereon.

Voted, to approve the enactment by the General Court of a special law providing that the

accidental disability retirement allowance being paid to Joseph Saviano by the Town of Natick shall be retroactive to the date of the termination of his employment by said Town of Natick.

ARTICLE 44
(Board of Assessors)

To see if the Town will vote to authorize the Board of Assessors, effective January 1, 1971, to contract for professional appraisal of all new taxable real estate; to raise and appropriate a sum of money, transfer from available funds, or otherwise act thereon.

Voted, to authorize the Board of Assessors, effective January 1, 1971, to contract for professional appraisal of all new taxable real estate; and that the Town vote to appropriate the sum of \$5,500.00 for that purpose; said sum to be appropriated as follows: \$200.00 to be taken from the unexpended balance, Assessors Professional Appraisal, 1967, Article 55 of the Annual Town Meeting of 1966; \$500.00 to be taken from the unexpended balance, Assessors Professional Appraisal, 1968, Article 32 of the Annual Town Meeting of 1967; and \$4,800.00 from the Current Tax Levy.

ARTICLE 45
(Board of Selectmen)

To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase or gift, 5.42 acres of land located on West Central Street for general municipal uses as shown on the Assessor's Map of Town of Natick, Page 42, Lot 45B or take any action thereto.

Voted, to appropriate the sum of \$5,500.00 from the Current Tax Levy to acquire by purchase or gift, 5.42 acres of land located on West Central Street, for general municipal uses; said land as shown on the Assessor's Map of the Town of Natick, Page 42, Lot 45B, and bounded and described as follows:

Beginning at a point on the southerly side of the New York Central Railroad, Pennsylvania New York Central Transportation Company, successors, at the land of the Commonwealth of Massachusetts Department of Natural Resources located S11-27-00E 50 feet from station 90 + 30 on said railroad baseline as filed on May 17, 1895;

Thence running S54-57-10W 312.77 feet by land of the Commonwealth of Massachusetts to a point;

Thence running Northeasterly along a curve having a radius of 2823.68 feet at a length of 319.23 feet by land of the Commonwealth of Massachusetts to a point at land of Ahern and Wall;

Thence running S14-24-14E 20.62 feet by land of Ahern and Wall to a point of land of the inhabitants of the Town of Natick;

Thence running S71-58-00W 175.96 feet by land of the inhabitants of the Town of Natick to a point of curve;

Thence running Southwesterly along a curve having a radius of 1478.50 feet a length of 185.12 feet by land of the inhabitants of the Town of Natick to a point of compound curve at land of the Commonwealth of Massachusetts;

Thence running more Southwesterly along a curve having a radius of 2906.18 feet a length of 879.86 feet by land of the Commonwealth of Massachusetts to a point;

Thence running N75-26-15W 52.32 feet by land of the Commonwealth of Massachusetts to a point at land of the inhabitants of the Town of Natick;

Thence running N70-25-00W 590.47 feet by land of the inhabitants of the Town of Natick to a point on the southerly side line of the New York Central Railroad, Pennsylvania New York Central Transportation Company, successors;

Thence running S81-26-00E 420.62 feet by the southerly side line of said railroad land to a point of curve;

Thence running northeasterly along a curve having a radius of 3861.08 feet a length of 1348.89 feet to a point at other land of said railroad;

Thence running S11-27-00E 8.75 feet by other land of said railroad to the point of beginning.

Said parcel contains 236,248 square feet as more fully shown on a plan entitled "Compiled plan of land in Natick, Mass., dated March 5, 1968, compiled by MacCarthy Engineering Service, Inc., Natick, Massachusetts."

ARTICLE 46
(Board of Selectmen)

To see if the Town will vote to raise and appropriate a sum of money for the preparation of

plans and specifications and for the construction of a Municipal Garage and Public Works facility on land now owned by the Town as may be suitable or take action relative thereto.

Voted, that the subject matter of Article 46 be referred to the Board of Selectmen for submission to a later Town Meeting.

ARTICLE 47

(Natick Redevelopment Authority)

To see if the Town will vote to appropriate \$5,000.00 to the Natick Redevelopment Authority, for the purpose of retaining the firm of Metcalf & Eddy, Inc., to prepare a Survey and Planning Application, requesting an advance of funds from the U. S. Department of Housing and Urban Development to make detailed studies and plans of the central business area of the Town, or otherwise act thereon.

Voted, to table Article 47. (See fifth session March 19).

ARTICLE 48

(Natick Finance Committee)

To see if the Town will vote to raise and appropriate a sum of money to be expended in conjunction with matching funds made available from the South Middlesex Area Chamber of Commerce for the purpose of obtaining a design and plans for reconstruction of the Natick Central Business District inclusive of a location for a new Town Office Building, or otherwise act thereon.

Voted, to pass over the subject matter of Article 48.

ARTICLE 49

(School Committee)

To see if the Town will appropriate a sum of money from current Tax Levy, transfer from available funds, or by borrowing, to purchase or take by eminent domain for school lot purpose, all or any part of a certain parcel of land in Natick, as shown on the Assessor's Tax Map for the Town of Natick, Map 49, Lot 225, Location 26 Mill Street, or otherwise act thereon.

Voted, to table Article 49 until Tuesday March 24. (See sixth session).
Article 49 removed from table eighth session March 31.

ARTICLE 50

(Hilary J. J. Pollock)

To see what sums of money can be raised and appropriated, or otherwise provided for sidewalk construction as follows:

The east side of Union Street from East Central Street south to existing sidewalk by the northerly side of the Natick Medical Building; the east side of Union Street from the sidewalk by the southerly side of the Natick Medical Building to existing sidewalk by the northerly side of the Electric Time Co. Inc.

Assessments to be made upon the abutters as authorized by any general or special law; said betterments to be borne not less than fifty percent by the abutters and the remainder by the Town.

Voted, to appropriate the sum of \$1,460.00 from the Current Tax Levy to provide for sidewalk construction as follows:

The east side of Union Street from East Central Street south to existing sidewalk by the northerly side of the Natick Medical Building; the east side of Union Street from the sidewalk by the southerly side of the Natick Medical Building to existing sidewalk by the northerly side of the Electric Time Co., Inc.; assessments to be made 50% to the abutters.

ARTICLE 51

(Robert S. Wilde)

To see if the Town of Natick will authorize the School Committee or Board of Selectmen to convey a 20' wide sewer easement to Rose and Robert Wilde upon such terms and conditions and within such physical limits as they deem proper under and through the Brown School premises as described:

Beginning at a point on Barnesdale Road fifteen feet west of Lot 33 as shown on a subdivision plan, as approved by the court, filed in the Land Registration Office, and thence running North 80° West and parallel to the westerly boundary of Lot 30 approximately 126 feet to the southerly boundary of Lot #35 as shown on said plan, or otherwise act thereon.

Voted, to authorize the School Committee and the Board of Selectmen to convey a 20' wide sewer easement to Rose and Robert Wilde upon such terms and conditions and within such physical limits as they deem proper under and through the Brown School premises as described:

Beginning at a point on Barnesdale Road fifteen feet west of Lot 33 as shown on a subdivision plan as approved by the Court, filed in the Land Registration Office, and thence running North 80° west and parallel to the westerly boundary of Lot 30 approximately 126 feet to the southerly boundary of Lot #35 as shown on said plan.

ARTICLE 52

(Elizabeth R. Burqin)

To see if the Town will vote to provide improvements on West Street from South Main Street to Campus Drive in keeping with the Town's Athletic and Recreation facilities of Memorial Field and Memorial Beach. Said project to be administered under direction of committee to be appointed.

Voted, that a Committee be appointed by the Moderator to study and make recommendations on the subject matter of Article 52.

ARTICLE 53

(Natick Recreation Commission)

To see what sum of money the Town will vote to raise and appropriate, or otherwise provide for the renovation of ball-fields, or otherwise act thereon.

Voted, the subject matter of Article 53 be referred to the Natick Recreation Commission for further study.

ARTICLE 54

(A. Richard Miller)

To see if the Town will vote to raise and appropriate a sum of money for the purpose of obtaining Lots #67B, 67C, 67D, 68D, 68C, 68D, 68D, 68E, and 68F on Assessor's Map #18 for open space and recreation, or otherwise act thereon.

Voted, to pass over the subject matter of Article 54.

ARTICLE 55

(Board of Selectmen)

To see if the Town will vote to amend Section 4. of Article 1 to read substantially as follows:

Section 4. Service of the Warrant for every Town Meeting, unless a different time or method is prescribed by law, shall be made by posting an attested copy thereof in each of the Post Offices and in not less than one public place in each precinct in said Town, and by publishing a

a like attested copy in at least two (2) separately owned newspapers, if such exist, of general circulation in said Town. The Selectmen and the Town Clerk shall cause the Warrant for the Annual Town Meeting to be published no later than the second Thursday following the first Monday of January and to be posted within two weeks following said date.

Voted, to amend the Town By-Laws, Article 1, be deleting Section 4 thereof and substituting a new Section 4, as follows:

SECTION 4. Service of the Warrant for every Town Meeting, unless a different time or method is prescribed by law, shall be made by posting an attested copy thereof in each of the Post Offices and in not less than one public place in each precinct in said Town, and by publishing a like attested copy in at least two (2) separately owned newspapers, if such exist, of general circulation in said Town. The Board of Selectmen shall on May first of each year file with the Town Clerk a list of publications satisfying this By-Law. The Selectmen and the Town Clerk shall cause the Warrant for the Annual Town Meeting to be published no later than the second Thursday following the first Monday of January and to be posted within two weeks following said date.

Approval of Attorney General

July 8, 1970

The foregoing amendment to by-laws adopted under Article 55 is approved.

Robert H. Quinn
Attorney General

Voted, to adjourn to next Thursday evening.

Adjourned 11:05 P. M.

A Record of the Proceedings of the Fourth Session.

A true copy.

Edward W. Devereaux
Town Clerk of Natick

Attest:

Edward W. Devereaux
Town Clerk

ANNUAL TOWN MEETING, 1970

FIFTH SESSION, MARCH 19, 1970

Meeting called to order by the Moderator at 7:50 P. M. and stated there was a quorum present.

ARTICLE 56

(Board of Selectmen)

To see if the Town will vote to amend Article VI, Section 4, of the Town By-Laws.

The Finance Committee may distribute its report to Town Meeting Members at least ten days in advance of the Annual Town Meeting, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 47

(Natick Redevelopment Authority)

To see if the Town will vote to appropriate \$5,000.00 to the the Natick Redevelopment Authority, for the purpose of retaining the Firm of Metcalf and Eddy, Inc., to prepare a survey and planning application, requesting an advance of funds from the U. S. Department of Housing and Urban Development to make detailed studies of the central business area of the Town, or otherwise act thereon.

Voted, to appropriate the sum of \$5,000.00 from the Current Tax Levy to be expended under the direction of the Natick Redevelopment Authority for the purpose of retaining a consulting firm to prepare a survey and Planning Application, requesting an advance of funds from the U. S. Department of Housing and Urban Development to make detailed studies and plans of the central business area of the Town.

ARTICLE 57

(Board of Selectmen)

To see if the Town will vote to amend its By-Laws by adding to Article VII a new Section as follows:

SECTION 20. An owner or occupant of land shall not allow the disposing of garbage, refuse, bottles, cans or rubbish on his land or the abutting properties, without the permission of the local authorities, or otherwise act thereon.

Voted, that the Town amend its By-Laws by adding to Article VII a new section as follows:

SECTION 20. Disposal of refuse, bottles, cans, or rubbish on private land and abutting public property is prohibited.

Motion to reconsider Article 57 eighth session carries. See eighth session March 31.

ARTICLE 58

(Natick Housing Authority)

To see whether the Town will approve the construction of a new housing project by the Natick Housing Authority, namely, a housing project for elderly persons to be constructed on land owned by the Natick Housing Authority and zoned RM, and said construction to be pursuant to the provisions of Chapter 667 of Massachusetts Acts of 1954, and acts in amendment thereof and in addition thereto, to be known as State-Aided Housing Project 667-H, or otherwise act thereon.

Voted, to approve the construction of a new housing project by the Natick Housing Authority, namely, a housing project for elderly persons, to be constructed on land owned by the Natick Housing Authority and zoned RM, and said construction to be pursuant to the provisions of Chapter 667 of Massachusetts Acts of 1954, and acts in amendment thereof and in addition thereto, to be known as State-Aided Housing Project 667-H.

ARTICLE 59

(Board of Health)

To see if the Town will vote to amend its building By-Laws in Chapter 1, Section 1.1.1 by adding at the beginning of that part, substantially the following:

The Building Inspector shall not grant a permit for occupancy or a building permit for construction or alteration of any structure in a Business District, Manufacturing District or in an Industrial District until the applicant shall have filed adequate plans and specifications thereof with the Board of Health, and said Board has in writing certified to the Building Inspector that adequate provision has been made for sanitary and health facilities, and that no health or safety nuisance will result therefrom due to drainage, air pollution, odors, fumes, excessive noise or vibrations or from any other cause, or otherwise act thereon.

Voted, to table Article 59. (Article 59 removed from table eighth session, April 2).

ARTICLE 60

(Board of Health)

To see if the Town will vote to amend its building By-Laws in Chapter 1 Section 1.1.1 by adding at the end of that part, substantially the following:

Each application for the construction, reconstruction or new location of a building or

structure on a lot, which building or structure is primarily intended for human habitation shall be referred to the Board of Health for its examination and approval on general matters of health, including surface water drainage prior to the issuance of a building permit; or otherwise act thereon.

Voted, that the subject matter of Article 60 be referred to the Board of Health for further clarification.

Voted, to remove Article 20 from the table.

ARTICLE 20

(Board of Selectmen)

To hear and act upon the reports of the several Town Officers and Reports of Committees authorized by vote of any Former Town Meeting and to authorize the appointment of any Committee the Town may deem necessary and to appropriate a sum of money for the purpose therefor or to take any action relative thereto.

Section A.

Voted, that the reports of the various Town Officers as printed in the Town Report of 1969 be acknowledged.

Section B.

Voted, that the reports of the following Committees as printed in the Town Report of 1969 be acknowledged, that the Committees be continued, and that appropriations be made where indicated.

150.00	155.00	160.00	165.00	170.00	175.00

(A) Paragraph (b) voted at ATM, 1969, shall be implemented and such cost of living adjustments added to rates of pay for the first sixty (60) months of employment for Patrolman listed in the Police Department pay plan, Pay Plan voted at ATM 1969. Such adjusted rates shall be effective January 1, 1970, and shall constitute the Police Department Pay Plan for the position of Patrolman for the year 1970.

(B) For all employees subject to the Personnel Board Pay Plan add \$2.00 per week for each additional year after 6 years until years in service in the classification; thereafter, \$1.00 per week up to 15 years in the classification; for Patrolman, Sergeant and Lieutenant add \$2.00 per week for each additional year after 6 years through 10 years in service in the classification; thereafter \$1.00 per week up through 15 years.

(C) For Patrolmen, Sergeants and Lieutenants in the Police Department add \$400.00 per year for the degree of Associate of Science in Law Enforcement, \$700.00 per year for the degree of Bachelor of Science in Law Enforcement.

(D) Effective January 1, 1971 and on January 1 of each year thereafter, the compensation for each step in each level shall be adjusted by multiplying the rates in the Personnel Board Pay Plan by the ratio of the Bureau of Labor Statistics Consumer Price Index (so-called cost-of-living index) for the Greater Boston Area for January 1 of said year to that of January 1, 1970. The adjusted weekly rate shall be rounded to the nearest dollar.

Motion, to reconsider Article 5 fails to carry.

Voted, to remove Article 22 from the Table.

ARTICLE 22

(Personnel Board)

To see if the Town will vote to amend Article VIa, Section 3 of the Town By-Laws by adding the following paragraph.

C. All employess entering the employ of the Town and subject to the Classification and Pay Plan shall be compensated at the starting rate for the Classification to which assigned, thereafter, in each subsequent year, on their anniversary date, they shall advance to the next step rate of classification assigned until they have reached the maximum rate of such classification. If the Department Head is unable to attract qualified candidates due solely to the starting salary offered, the aforementioned regulation may be waived on the written request of the Department Head to the Personnel Board. Such waiver is subject to the approval of the Personnel Board. The increase in starting rate shall then be limited to a rate not higher than the mid-point of the Classification in question, or otherwise act thereon.

Voted, to amend the Town By Laws, Article VIa, Section 3, by adding the following paragraph:

C. All employees entering the employ of the Town and subject to the Classification and Pay Plan shall be compensated at the starting rate for the Classification to which they are assigned. Thereafter, in each subsequent year, on their anniversary date, they shall advance to the next step rate of the Classification assigned until they have reached the maximum rate of such Classification. If the Department Head or Board is unable to attract qualified candidates due solely to the starting salary offered, or to retain present employee with more than minimum qualifications, the aforesaid regulation may be waived on the written request of the Department Head or Board to the Personnel Board. Such waiver is subject to the approval of the Personnel Board, which shall use, in determining any rate higher than the starting rate for a particular job title, criteria of prior experience equivalent or superior to that required in the job, and/or education specifically related to the skills of the job above those normally expected at the starting rate. The increase in starting rate shall be limited to a rate not higher than the mid-point rate of the classification in question.

Voted, to remove Article 49 from Table.

ARTICLE 49

(School Committee)

To see if the Town will appropriate a sum of money from Current Tax Levy, transfer from available funds, or by borrowing, to purchase or take by eminent domain for school lot purpose, all or any part of a certain parcel of land in Natick, as shown on the Assessor's Tax Map for the Town of Natick, Map 49, Lot 225, Location 26 Mill Street, Natick, or otherwise act thereon.

Counted vote, Yes 95, No 26

Voted, to authorize the Board of Selectmen to take purchase or by eminent domain land hereinafter described as shool lot purpose and the sum of \$13,500.00 be appropriated from the Current Tax Levy be awarded to John B. Connolly or record holder title; land to be described as shown on Assessor's Map 49 and lot number 225 containing 11.6 acres more or less described as follows:

Beginning at a point on Mill Street Southwesterly 1146.39 feet by Bostonia Beverages, Inc., Northerly on 2 courses 119.68 feet and 305.49 feet by W. J. Newton, Easterly on 5 courses, by Town of Natick 185.10 feet, 129.60 feet, 130.63 feet, 26.56 feet, and 101.93 feet, Southeasterly 282.75 feet by W. D. and E. L. Burnell, Northeasterly 308.50 feet by Burnell and Notarangelo and Southerly on 3 courses 19.12 feet, 175.02 feet, and 265 feet, by Mill Street to the point of beginning.

ARTICLE 61

(Board of Health)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings Lot 1 (13.71 acres), Lot 1A (83,078 square feet), Lot 1B (50,500 square feet), Lot 1C (50,500 square feet), Lot 1D (43,668 square feet) and Lot 1E (4.5 acres) located on the south side of South Main Street as shown on sheet Number 65 on the Board of Assessors Tax Map for purposes of a future dump and/or incinerator site for the Town of Natick; or otherwise act thereon.

Voted, as amended to authorize the Board of Selectmen to purchase these parcels. Lot1A for

\$400.00 containing 83,078 square feet; Lots 1, 1B, 1C, 1D and 1E as a single parcel of land containing 21.5 acres for \$4,300.00 for the Town of Natick and that the Town appropriate \$4,700.00 for this purpose from the Current Tax Levy.

Said lots as shown on sheet number 65 of the Board of Assessors Tax Map; said parcels being more fully bounded and described as follows:

Lot 1A. A single lot located on the Southeasterly side of South Main Street, Natick, Mass., owned by Eugene Arena of 33 Everett Street, Sherborn, Mass., shown as Lot 1A, Assessors Plan 65 of the Town of Natick, Mass., and bounded and described as follows:

Beginning at a point on the easterly side of South Main Street Easterly 425 feet; Southerly 200 feet to the Sherborn Town line; Westerly 425 feet by land in the town of Sherborn; northerly 200 feet by South Main Street to the point of beginning. All distances more or less.

Said Lot 1A containing 83,078 square feet more or less.

Lots 1, 1B, 1C, 1D, 1E, as a single parcel of land.

Beginning at a point on the Easterly side of South Main Street, and owned by the Jida Coproration of 124 Washington Street, Wellesley, Massachusetts;

Easterly 375 feet; Northeasterly 125 feet; Easterly 400 feet on three courses; Southerly 425 feet; Southeasterly 800 feet; Northwesterly 925 feet; Northerly 200 feet; Northwesterly 425 feet; and Northeasterly 910 feet along South Main Street to the point of beginning (all distances more or less).

Said parcel containing 937,747 square feet, more or less, or approximately 21.5 acres more or less. And that the Town appropriate the sum of 4,700.00 for these purposes from the Current Tax Levy.

Voted, to reconsider Article 57.

ARTICLE 57

(Board of Selectmen)

To see if the Town will vote to amend its By-Laws by adding to Article VII a new section as follows:

Section 20. An owner or occupant of land shall not allow the disposing of garbage, refuse, bottles, cans or rubbish on his land or the abutting properties, without the permission of the local authorities or otherwise act thereon.

(Article 57 amended ninth session).

Voted, to adjourn to Thursday evening.

Adjourned 11:10 P. M.

A Record of the Proceedings of the Eight Session.

Attest:

Edward W. Devereaux
Town Clerk of Natick

ANNUAL TOWN MEETING, 1970

NINTH SESSION, APRIL 2, 1970

Meeting was called to order by the Moderator at 7:50 P. M. and stated that there was a quorum present.

Article 57 continued.

Voted, Finance Committee Motion as amended; that the Town amend its By-Laws by adding to Article VII a new section as follows:

Section 20. Disposal of refuse, bottles, cans or rubbish on private land and abutting public property is prohibited. This section shall not apply to the Town Dump

Boston, Mass.

July 20, 1970

The foregoing amendment to By-Laws adopted under Article 57 is approved.

Robert H. Quinn
Attorney General

Voted, to remove Article 59 from Table.

ARTICLE 59

(Board of Health)

To see if the Town will vote to amend its building By-Laws in Chapter 1, Section 1.1.1 by adding at the beginning of that part, substantially the following:

The Building Inspector shall not grant a permit for occupancy or a building permit for construction or alteration of any structure in a Business District, Manufacturing District or in an Industrial District until the applicant shall have filed adequate plans and specifications thereof with the Board of Health, and said Board has in writing certified to the Building Inspector that adequate provision has been made for sanitary and health facilities, and that no health or safety nuisance will result therefrom due to drainage, air pollution, odors, fumes, excessive noise or vibration or from any other cause or to otherwise vote thereon.

Voted, the subject matter of Article 59 be referred back to the Board of Health.

ARTICLE 62

(Board of Health)

To see if the Town will vote to raise and appropriate or otherwise provide a sum of money to be expended for the insertion of sodium fluoride into public water supply to include equipment, supervision and maintenance; or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 63

(Samuel S. Crisafulli)

To see if the Town will vote to raise and appropriate or otherwise provide the sum of ten thousand (\$10,000.00) dollars to the Conservation Fund created by authority of the vote under Article 38 of the Annual Town Meeting of 1963 or otherwise act thereon.

Voted, indefinite postponement.

Montion by David Condon to reconsider Article 53 fails to carry.

ARTICLE 64

(Russell A. Kelly)

To see if the Town will vote to instruct their Representatives to the General Court to file legislation, on behalf of the Town, to enable Natick to withdraw from the Mass. Bay Transportation Authority, or take any action thereto.

Voted, to instruct its representatives to the General Court to support any legislation which would enable Natick to withdraw from the Massachusetts Bay Transportation Authority.

ARTICLE 65

(Board of Selectmen)

To see what sums of money the Town will vote to raise and appropriate, or otherwise provide, to pay the medical expenses of Police Officer Ralph Higgins for injuries incurred during the performance of duty, or otherwise act thereon.

Voted, to appropriate the sum of \$230.00 from the Current Tax Levy for the purpose of paying medical expenses of Police Officer Ralph Higgins for injuries incurred during the performance of duty.

ARTICLE 66

(Board of Selectmen)

To see if the Town will vote to appropriate two thousand eight hundred twenty (\$2,820.00) dollars to indemnify W. Joseph Shea for expenses incurred by him in defending action of tort for libel brought by William H. White in the Middlesex Superior Court and to take any action in relation thereto.

Voted, to appropriate two thousand eight hundred twenty (\$2,820.00) dollars to indemnify W. Joseph Shea for expenses incurred by him in defending an action of tort for libel brought by William H. White in the Middlesex Superior Court; said sum to be taken from the Current Tax Levy.

ARTICLE 67

(Board of Selectmen)

To see if the Town will vote to pay former Police Officer William C. Wright, Jr., a sum of money due in part from 1968 and in part from 1969 payrolls of the Police Department stemming from the decisions of the Board of Retirement and concurrence of the Board of Selectmen.

Voted, to appropriate the sum of \$648.00 from the Current Tax Levy for the purpose of paying said sum to former Police Officer William C. Wright, Jr., due him in part from 1968 and in part from 1969 payrolls.

ARTICLE 68

(Daniel L. O'Callaghan)

To see if the Town will vote to raise and appropriate a sufficient sum of money to increase the minimum compensation of the members of the Police Department hereafter named, notwithstanding the provisions of any By-Laws to the contrary which provide for annual salaries to be paid weekly.

Effective date shall be January 1, 1970.

Patrolmen - Reserve Patrolmen:

First twelve months of service	8,000.00
Second twelve months of service	8,500.00
Third twelve months of service	9,000.00
Fourth twelve months of service	10,300.00

and each succeeding twelve months of service for Patrolmen add \$104.00 annually for each additional year after five years up to ten years of service; thereafter, \$52.00 annually up to fifteen years of service.

Service under the provisions of this section as it pertains to permanent officers of the department shall begin with the date of appointment and shall continue until his death, retirement or discharge.

Service under the provisions of this section as it pertains to reserve officers shall be only those days on which he shall actually serve in the Police Department and only such days worked shall count towards the period of time necessary for increments herein provided for.

In addition, no said reserve officer shall be employed unless no said permanent officer of the department is available for service.

Voted indefinite postponement.

ARTICLE 69

(Daniel L. O'Callaghan)

To see if the Town will vote to raise and appropriate a sum of money to increase the compensation of each police officer of the Natick Police Department as follows:

A. Temporary service out of rank:

All members of the Police Department temporarily assuming the duties and responsibilities of a higher rank shall receive pay of such higher rank until relieved of such additional responsibilities.

Seniority shall prevail while working at higher rank or grade.

B. Clothing Allowance:

The Town shall grant a clothing allowance consisting of an initial allowance of two hundred dollars (\$200.00) immediately upon appointment as a permanent reserve officer and one hundred and fifty (\$150.00) annually thereafter, which shall include the purchase of rubber boots, shoes and other outer clothing necessary for the use of members of the Department when traveling to or from or during the course of their employment.

C. Clothing maintenance Allowance:

The Town shall grant one hundred dollars (\$100.00) annually for the laundering repair and dry cleaning of uniforms to all police officers.

D. Salary differential for police officers; who are required to work at night:

All regular police officers of the Town required to render services between the hours of four (4) postmeridian and nine (9) antemeridian shall be compensated by a salary increase equal to ten percent (10%) of the hourly rate of their regular compensation; provided, however that such increase shall not become a permanent part of the salary of said police officers and shall only be paid for those hours actually worked between the hours of four (4) postmeridian and nine (9) antemeridian.

This provision shall become effective January 1, 1970.

E. Reimbursement for tuition paid while attending accredited courses in law enforcement:

All regular Police Officers of the Town shall be reimbursed by the Town upon application by said Officers for the cost of books, registration and tuition fees paid by them for attending accredited courses in law enforcement in any college or university which offers a degree or associate degree in law enforcement; provided such application shall be accompanied by evidence of satisfactory completion of such course.

F. Holiday Pay:

In addition to ten(10) paid holidays provided for by the By-Laws and notwithstanding the provisions of any section of said By-Laws to the contrary, any regular police officer required to work on any of said holidays shall receive two and one-half (2 1/2) times his regular rate per hour as full compensation for such holiday hours worked.

G. Paid Sick Leave Allowance:

Upon the death or retirement of any regular police officer who is eligible for sick leave under the By-Laws of the Town, or any collective bargaining agreement between the Town and its employees within the department, payment of unused sick leave credits shall be paid to the officer or his estate in an amount equal to this accrued sick leave.

H. Administrative Leave.

The Town shall grant two days administrative leave annually to all regular police officers with pay.

or pass any vote or any action relative thereto with regard to the foregoing sections.

Voted, that the subject matter of Article 69 be referred to the Board of Selectmen and the Chief of Police for negotiation. Section "D" to be deleted from negotiation.

ARTICLE 70

(Gordon S. Channell)

To see if the Town will vote to accept the Provisions of Section 21C of Chapter 40 of the General Laws of the Commonwealth of Mass. providing for leave of absence to attend union conventions.

Voted, that the subject matter of Article 70 be referred to the Board of Selectmen and Chief of Police for negotiation.

ARTICLE 71

(Gordon S. Channell)

To see if the Town will vote to accept the provisions of Section 17F of Chapter 147 of the General Laws of the Commonwealth of Mass. providing for overtime pay for police officers.

Voted, that the subject matter of Article 71 be referred to the Board of Selectmen and the Chief of Police for negotiation.

ARTICLE 72

(Daniel L. O'Callaghan)

To see if the Town will vote to accept the provisions of Section 111G 1/2 of Chapter 41 of the General Laws of the Commonwealth of Mass. providing for annual vacations of certain employees.

No action, Article passed over.

ARTICLE 73

(Walter L. Burke)

To see if the Town will vote to raise or transfer from available funds and appropriate, or otherwise provide, a sum of money for expenses of the official delegates to the Annual Convention of the Massachusetts Police Association for the current year.

Voted, to appropriate the sum of \$300.00 from the Current Tax Levy for the expenses of the official delegate to the annual convention of the Massachusetts Police Association for the current year.

ARTICLE 74

(Board of Selectmen)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for the 1970 Celebration of the Fourth of July, or otherwise act thereon.

Voted, to appropriate the sum of \$8,734.00 from the Current Tax Levy for the 1970 Celebration of the Fourth of July, said sum to be expended by a Committee to be appointed by the Selectmen.

Following resolutions voted.

Resolved:

The 1970 Annual Town Meeting of the Town of Natick hereby directs its Representatives to the General Court of the Commonwealth to support or to institute legislation requiring prepayment of auto excise taxes, thereby increasing the cash flow of Cities and Towns and eliminating the delay in collection procedures.

Jackson I. Harris
Precinct 3

Resolved:

Whereas the citizens of Natick as part of the citizenry of the United States are becoming increasingly concerned about the public health and welfare of the general public; and

Whereas the citizenry is increasingly aware of the dangers to public health and welfare by reason of the increasing amounts of air pollution from our society; and

Whereas it is the job of each and every citizen as well as each and every public and private body to attempt in every way which is possible and practicable to decrease the amount of said air pollution; and

Whereas it is known that the burning of petroleum products may cause large amounts of sulphur contaminant to be discharged into the air;

Now therefore be it resolved that the Town of Natick and all subdivisions and bodies thereof which use petroleum fuel oil for the heating of buildings now from this time onward, as soon as possible, consume and use only petroleum fuel oil of a low sulphur content.

Respectfully submitted,
Natick Conservation Commission

ARTICLE 75

(Natick Historical Commission)

To see if the Town will vote to establish an Historic District Commission, as provided in Massachusetts General Laws, Chapter 40-C, consisting of and instruct the Selectmen to appoint, seven members as set forth in General Laws, Chapter 40-C, Section 4, and with the term of at least two members to expire each year, namely two members to be appointed for one year, two members to be appointed for two years, and three members to be appointed for three years, and that any and all successive appointments shall serve for terms of three years each, or otherwise act thereon.

Voted, that the subject matter of Article 75 be referred to the Historical Commission for further study.

ARTICLE 76

(Natick Historical Commission)

To see if the Town will vote to establish an Historic District in accordance with Chapter 40C of the Mass. General Laws, as shown on a plan entitled "Plan of Proposed Historic District by Natick Engineering Department" dated January 2, 1970, and bounded and described as follows:

Beginning at a point on the Natick-Wellesley Town line on a parallel to and 225' north of the north sideline of Eliot Street; thence along aforementioned parallel line Southwesterly approximately 1608' to the side line of the Fire Station property of the Town of Natick; thence

Northwesterly 65' + =; thence running

Southwesterly along properties of Town of Natick and Old Natick Cemetery, to the East sideline of Union Street; thence crossing Union Street to a point on the Western side of Union Street as it meets Eliot Street at the corner of land of Harry G. Shore and Natick Inn Park; thence

Westerly approximately 250'; thence

Southerly and Easterly around said Park to the west sideline of Eliot Street thence diagonally across Eliot Street to the western most lot corner of Old Town Park on the East side of Eliot Street; thence

Easterly to the edge of the Charles River and northerly and easterly along the Charles River to the west sideline of Pleasant Street; thence northerly along Pleasant Street to Eliot Street; thence across Pleasant Street and along the east sideline of Eliot Street to the corner of property of Walter B. Hacker; thence

Southeasterly along property of Hacker; thence

Northeasterly along property of Hacker and Eliot Memorial Hall, through Natick School property to Auburn Street; thence diagonally across Auburn Street to the southernmost property line of Silvano C. Melchiorri; thence

Easterly and Southerly 100' and 25' respectively; thence Easterly 30' = + to property of William B. Kannel; thence Easterly along Kannel property to Water Street; thence diagonally across Water Street to southernmost corner of the land of the Sacred Heart Church on Water Street; thence Easterly, Northerly, and Easterly distances of 70' = + and 70' =+ by property of Sacred Heart Church to Lincoln Street; thence across Lincoln Street to the southwest corner of William E. Rafferty; thence Northeasterly along property of Rafferty 100' to property of John K. Gowen thence Southerly along property of Gowen for 100' to River Street and across River Street to the southernmost point of property of Louise B. Gauthier, thence continuing Northeasterly, Easterly, and again Northeasterly - distances of 71.28', 13.15' and 135.79' respectively; thence Northeasterly 60' =+ to the Natick-Wellesley Town Line; thence Northwesterly along said Town Line approximately 475' to the point of beginning.
or otherwise act thereon.

Voted, that the subject matter of Article 76 be referred to the Historical Commission for further study.

ARTICLE 77

(Anna H. Crowley)

To see if the Town will vote to amend its Zoning By-Law by changing the following described parcel of land, located in the "Northeast Quadrant" of the "Zoning Map of Natick, Mass." from "Residential Single-C" otherwise known on said map as "RSC: to "Residential Multiple" otherwise known on said map as "RM":

WESTERLY - By Worcester Street (between property now or formerly of Mildred P. Jones on the easterly end to that of George J. Green et al trustees on the westerly end) 121 ft. more or less.

SOUTHERLY - By land now or formerly of Martin J. Roach along the easterly boundary of that portion of the land so owned now zoned C-II 545 ft. more or less;

WESTERLY - By land now or formerly of Martin J. Roach along the southerly boundary of that portion of the land so owned now zoned C-II 515 ft. more or less.

SOUTHERLY - Along the easterly boundary of land now or formerly of George J. Green et al trustees and that of Richard N. & Donna L. Loiselle 810 ft. more or less;

EASTERLY - By land now or formerly of William F. and Katherine C. Wells 231 ft. more or less;

NORTHEASTERLY - By land now or formerly of Richardson Harwood and that of Mill-Hunt Real Estate Corp. 540 ft. more or less;

EASTERLY - By land now or formerly of Mill-Hunt Real Estate Corp. and that of Robert M. and Gertrude B. De Long 203 ft. more or less;

NORTHERLY - By land now or formerly of Robert M. and Gertrude B. De Long and that of George C. and Marie J. Funari 116 ft. more or less;

NORTHERLY - By land now or formerly of Clyde V. and Eliabeth R. Hicks that of Evelyn G. Lupis and that of Raphael Amoroso 331 ft. more or less;

WESTERLY - By land now or formerly of John F. and Mary M. Burns and that of Raphael Amoroso 115 ft. more or less;

NORTHERLY - By land now or formerly of Raphael Amoroso and that of Mildred P. Jones 435 ft. more or less and ending at Worcester Street

Voted, indefinite postponement.

Planning Board Report

on

Article 77

Annual Town Meeting

1970

In accordance with Section VI-G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 77 at the Senior High School Cafeteria on February 4, 1970 at 9:30 P. M.

The hearing was advertised in the Suburban Press and Natick Bulletin on January 15, 1970 and January 22, 1970.

This Article proposes to re-zone an area from Single Residence to Multiple Residence. The owner of the land stated that over 300 apartment units would be constructed on this approximately 10 acre site.

As proposed there would be only 121' of frontage on Route 9, although a minimum of 225' is required under the Zoning By-Laws. In the presentation to this Board there was no indication that a subdivision would later be created to provide the town streets necessary to meet the frontage requirements.

Further, under the Zoning By-Laws:

- a. Density requirements probably would permit the construction of not more than 100 units, and
- b. If this land is re-zoned, it would be necessary for the builder to obtain a number of variances in order to use the land.

For these reasons the Planning Board recommends indefinite postponement of Article 77.

Natick Planning Board
Clifton A. Buchner
Secretary

ARTICLE 78

(Anna H. Crowley)

To see if the Town will vote to amend its Zoning By-Laws by changing the following described parcel of land located in the "Northeast Quadrant" of the "Zoning Map of Natick, Mass." from its present zoning to "Commercial II" otherwise know on said map as C-II:

From the westerly curbing of Walnut Street running westerly along Worcester Street to the easterly curbing of Park Avenue thence southerly a distance of 750 ft. thence easterly on a line parallel to said Worcester Street to the westerly curbing of Walnut Street thence Northerly to the point of beginning.

Voted, indefinite postponement.

Planning Board Report

on

Article 78

Annual Town Meeting

1970

In accordance with Section VI-G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 78 at the Senior High School Cafeteria on February 4, 1970 at 9:30 P. M.

The hearing was advertised in the Suburban Press and Natick Bulletin on January 15, 1970 and January 22, 1970.

This proposed re-zoning would put into Commercial II the area along Route 9 from Park Avenue easterly to Walnut Street and southerly from the curb line of Route 9 for a distance of 750 feet.

The net effect of such re-zoning would be putting approximately 40 homes into commercial use.

At the hearing the proponents stated that the Article did not encompass all the area which they wanted to be re-zoned. Therefore, the owners intended to offer an amendment which would extend the zone to a depth of 1400 feet southerly from Route 9.

It is quite evident in light of the above that the potential impact on this area is extensive and until such time as the future character of Route 9 is ascertained the Planning Board recommends a negative action, indefinite postponement.

Natick Planning Board
Clifton Buchner
Secretary

ARTICLE 79

(Anna H. Crowley)

To see if the Town will vote to amend its Zoning By-Law by changing the following described parcel of land located in the "Northeast Quadrant" of the "Zoning Map of Natick, Mass." from "Residential Single-C" otherwise known on said map as "RSC" to "Commercial - II" otherwise known on said map as "C-II":

WESTERLY - By Worcester Street (between property now or formerly of Mildred P. Jones on the easterly end to that of George J. Green et al Trustees on the westerly end) 121 ft. more or less;

SOUTHERLY - By land now or formerly of Martin J. Roach along the easterly boundary of that portion of the land so owned now zoned C-II 545 ft. more or less;

WESTERLY - By land now or formerly of Martin J. Roach along the southerly boundary of that portion of the land so owned now zoned C-II 515 ft. more or less;

SOUTHERLY - Along the easterly boundary of land now or formerly of George J. Green et al trustees and that of Richard N. & Donna L. Loiselle 810 ft. more or less;

EASTERLY - By land now or formerly of William F. & Katherine C. Wells 231 ft. more or less;

NORTHEASTERLY - By land now or formerly of Richardson Harwood and that of Mill-Hunt Real Estate Corp. 540 ft. more or less;

EASTERLY - By land now or formerly of Mill-Hunt Real Estate Corp. and that of Robert M. and Gertrude B. De Long 203 ft. more or less;

NORTHERLY - By land now or formerly of Robert M. & Gertrude B. De Long and that of George and Marie J. Funari 116 ft. more or less;

NORTHERLY - By land now or formerly of Clyde V. and Elizabeth R. Hicks that of Evelyn G. Lupis and that of Raphael Amoroso 331 ft. more or less;

WESTERLY - By land now or formerly of John F. & Mary M. Burns and that of Raphael Amoroso 115 ft. more or less;

NORTHERLY - By land now or formerly of Raphael Amoroso and that of Mildred P. Jones 435 ft. more or less ending at Worcester Street.

Voted, Indefinite postponement.

Planning Board Report

on

Article 79

Annual Town Meeting

1970

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 79 at the Senior High School Cafeteria on February 4, 1970 at 9:30 P.M.

The hearing was advertised in the Suburban Press and Natick Bulletin on January 15, 1970 and January 22, 1970.

This article seeks to re-zone approximately 10 acres from Residential to Commercial Zoning. While the area abuts a commercial zone to the west, the shape of the parcel is such that it cuts deeply into a single residence zone.

Penetration of another zone in this manner is contrary to any reasonable zoning concept. This fact coupled with the immediate impact upon the general character of the area leaves the Planning Board no alternative but to recommend indefinite postponement.

Natick Planning Board
Clifton A. Buchner
Secretary

ARTICLE 80

(Anna H. Crowley)

To see if the Town will vote to amend its Zoning By-Law by deleting the letter "o" from Section III, Paragraph IIIa.2. Subparagraph 7, under the Column headed "RS" and substituting therefor the letter "P".

Voted, indefinite postponement.

Planning Board Report

on

Article 80

Annual Town Meeting

1970

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 80 at the Senior High School Cafeteria on February 4, 1970 at 9:30 P. M.

The hearing was advertised in the Suburban Press and Natick Bulletin on January 15, 1970 and January 22, 1970.

Passage of this Article would permit the construction of a hotel or motel in single - residence zones anywhere in Natick.

Hotels and motels are permitted uses presently in Multiple Residence and Commercial I and II zones, thus providing adequate areas for such development.

When the Zoning By-Laws were amended in 1960 it was intended that, insofar as possible, each zone would be restricted to single use. To accept such a wide departure would be tantamount to abandonment of this still valid concept.

The Planning Board therefore recommends indefinite postponement.

Natick Planning Board
Clifton A. Buchner
Secretary

ARTICLE 81

(Anna H. Crowley)

To see if the Town will vote to amend its Zoning By-Laws by deleting the letter "O" from Section III, Paragraph IIIa.2. subparagraph 4, under the column headed "RS" and substituting therefor the letter "P".

Voted, indefinite postponement.

Planning Board Report

ARTICLE 81

Annual Town Meeting

1970

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 81 at the Senior High School Cafeteria on February 4, 1970 at 9:30 P. M.

The hearing was advertised in the Suburban Press and Natick Bulletin on January 15, 1970 and January 22, 1970.

Favorable action on this Article would permit the construction and use of multiple-family residence in any single-family residence zone in Natick. Such usage is presently permitted in Residential Multiple and P. C. D. zones.

The Planning Board feels that this should be accomplished, if desired by the Town, through the re-zoning of specific parcels rather than in the manner proposed.

Therefore, the Planning Board recommends indefinite postponement.

Natick Planning Board
Clifton A. Buchner
Secretary

Voted, to remove Article 39 from the table.

ARTICLE 39

(Department of Public Works)

To see if the Town will vote to accept the following streets as the same have been laid out by the Board of Public Works:

Aqueduct Road	Madonna Street (in part)

WARRANT
for
SPECIAL TOWN MEETING
April 14, 1970

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said County:

Greetings:

In the name of the Commonwealth of Massachusetts you are required to notify the qualified Town Meeting Members of the said Town of Natick to meet in the Senior High School Auditorium, Natick on Tuesday evening, April 14, 1970 at 7:30 o'clock then and there to act on the following articles:

The following articles are to be acted upon and determined exclusively by Town Meeting Members in accordance with Chapter 2 of the Acts of 1938 and amendments thereto and subject to the referendum provided thereby.

And you are directed to serve this Warrant by posting attested copies thereof in each of the Post Offices in said Natick, and at the following public places in said Natick, to wit: entrance to Selectmen's Rooms, Main Street, Precinct 4; Natick Police Station, Precinct 1; Central Fire Station, Precinct 7; Town Clerk's Office, Precinct 4; Fire Station, South Natick, Precinct 2; Fire Station, West Natick, Precinct 3; Pole #53 at intersection of North Main and Bacon Streets, Precinct 4; Fire Station, East Natick and Lilja School, Oak Street in Precinct 5; Pole #114 North Main Street opposite Pine Street, Precinct 6; Bulletin Board, First National Store opposite New Road, Precinct 6; Pole #15 at intersection of Everett and Cottage Streets, Little South, Precincts 1 and 2; Johnson School, South Main Street, Precinct 7; West School, Mill Street and pole at intersection of Speen and Mill Streets in Precinct 8.

Above locations being at least one public place in each precinct in the Town of Natick, twenty-one days at least before April 14, 1970, also by causing an attested copy of said Warrant to be published once in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder", said publications to be twenty-one days at least before the day appointed for said meeting, said publications being March 5, 1970.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 2nd day of March A. D. 1970.

Lyman G. Brown
James N. Luttrell

Town Clerk of Natick

A true copy.

Attest:

Edward W. Devereaux
Town Clerk of Natick

Voted, to table third Special Town Meeting.

FOURTH

SPECIAL TOWN MEETING

Voted, to waive the reading of the Warrant.

Voted, to waive the reading of the Warrant Article.

ARTICLE 1

(Building Inspector)

To see if the Town will vote to amend its Building Code and Zoning By-Laws by adding to Section 4.3 Floor Areas a new Section to be designated.

4.3.3 Extended Limitations. In covered outdoor recreational structures the limitations of the foregoing paragraph 4.3.1 may be increased to 60,000 square feet of floor area between outer walls or firewalls for first class buildings and may be increased to 40,000 square feet of floor area between outer walls or firewalls for second class buildings.

Covered outdoor recreational structures shall comprise all buildings used or designated to be used as ice skating rinks, roller skating rinks, gymnasiums, swimming pools, or tennis courts.

Voted, Unanimously:

that the Town amend its Building Code and Zoning By-Laws by adding to Section 4.3 Floor Areas a new Section to be designated:

4.3.3 Extended Limitations. In covered recreational structures the limitations of the foregoing paragraph 4.3.1., with the assent of the Fire Chief may be increased to 60,000 square feet of floor area between outer walls or firewalls for first class buildings and may be increased to 40,000 square feet of floor area between outer walls or firewalls for second class buildings.

Covered outdoor recreational structures shall comprise all buildings used or designated to be used as ice skating rinks, roller skating rinks, gymnasiums, swimming pools, or tennis courts.

Motion by Mr. Sanford fails; Yes 77, No 61. Two thirds majority fails to carry.

Voted, to dissolve the Fourth Special Town Meeting at 8:15 P. M.

A Record of the Proceedings of the First and Final Session.

Edward W. Devereaux
Town Clerk of Natick

Attest:

Edward W. Devereaux
Town Clerk of Natick

APPROVAL OF THE ATTORNEY GENERAL.

The foregoing amendment to the Building By-Laws adopted under Article 1 of the Special Town Meeting held on April 14, 1970 is approved except for the words "with the assent of the Fire Chief" which are disapproved and deleted therefrom, by the Attorney General, Robert H. Quinn, Boston, Mass., on April 22, 1970.

ATTEST: Edward W. Devereaux
Town Clerk

Published according to law on Thursday, April 30, 1970, in the "Suburban Press and Recorder" and in the "Natick Bulletin".

ATTEST: Edward W. Devereaux
Town Clerk

Voted, to remove Third Special Town Meeting from table.

THIRD

SPECIAL TOWN MEETING

Voted, to waive reading of the Warrant.

Voted, to waive reading of the Warrant Article.

ARTICLE 1

(Department of Public Works)

To see if the Town will appropriate a sum of money, determine whether it shall be raised by borrowing or otherwise and authorize the Board of Public Works to construct sewer mains, lateral lines, trunk mains, pumping facilities and force mains in the South Natick area, including all or part of the following named streets:

Alger Street	Leach Lane
Auburn Street	Lincoln Street
Badger Avenue	Mathew Court
Broads Avenue	Merrill Road
Brook Street	Morse Lane
Cape Street	Phillips Street
Carver Hill Street	Pleasant Street
Coan Street	River Street
Dover Road	Rockwood Road
Eliot Street	Scarsdale Road
Front Street	Schaller Street
Gilmore Avenue	Union Street
Glen Street	Warren Road
Glenwood Street	Water Street
Harp Court	Woodland Street

or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 2

(Finance Committee)

To see if the Town will vote to authorize the Board of Selectmen to engage professional services for labor negotiations for the period of April 1, 1970 through March 31, 1971 and to appropriate a sum of money therefor or otherwise act thereon.

Voted, to authorize the Board of Selectmen to engage professional services for Labor negotiations for the period from April 1, 1970 through March 31, 1971; and to appropriate therefor the sum of \$9,600.00 from the Current Tax Levy.

Edward W. Devereaux
Town Clerk of Natick

A true copy.

Attest:

Edward W. Devereaux
Town Clerk of Natick

Voted, to remove the Warrant of the First Special Town Meeting from table.

Voted, to waive reading of the Warrant.

Voted, to waive reading of the Warrant Articles.

At the outset of the above Special Town Meeting on April 14, 1970, the Moderator announced to Town Meeting that in compliance with Section 8, Article II of the Town By-Laws, he wanted to report a financial interest in the subject matter of Article 28 of this Warrant. He pointed out that he is not employed as such in connection with the Article itself and is not in any way responsible for the Article being in the Warrant. He reported that his financial interest comes about in the following manner: he represents the bank which holds the mortgages on the houses being constructed on part of the property described in the Article and that he will undoubtedly be passing papers for the bank when sales are ultimately made to the purchasers buying the houses when completed.

When Article 28 was reached, the Moderator, in view of the foregoing requested an opinion from Town Counsel who advised that the Moderator should step down and appoint the Town Clerk Moderator pro tem.

Accordingly, Mr. Devereaux was asked to take the chair and at the same time have Mrs. Ruth Klein, Assistant Town Clerk become Clerk, pro tem of the meeting. Mr. Devereaux was sworn in as Moderator pro tem at which point, the Moderator retired from the meeting until the conclusion of action on the article.

ARTICLE 1

(Board of Selectmen)

To see if the Town will vote to raise and appropriate or otherwise a sum of money to the Selectmen to pay the cost of investigations by the Selectmen's Employee's Group Insurance Advisory Committee.

No action taken.

ARTICLE 2

(Board of Selectmen)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for the purpose of site preparation and paving for additional municipal parking areas as may have been

voted under Articles 28, 29 and 30 of the Annual Town Meeting of 1970 for acquisition for the Town, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 3

(Board of Selectmen)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide, for aquatic nuisance control at Lake Cochituate as provided under Chapter 722 of the Acts of 1969, for joint contribution with the Towns of Wayland and Framingham; or otherwise act thereon.

Voted, to appropriate the sum of \$2,800.00 from the Current Tax Levy to be expended under the jurisdiction of the Board of Selectmen for the purpose of aquatic nuisance control at Lake Cochituate as provided under Chapter 722 of the Acts of 1969, said sum to be spent on and in conjunction with similar contributions from the Towns of Wayland and Framingham.

ARTICLE 4

(Fire Department)

To see if the Town will vote to appropriate a sum of money to pay medical expenses of Firefighter Robert E. Harris for injuries incurred during the performance of his duties on December 16, 1953 or otherwise act thereon.

Voted, to authorize the Town Treasurer to pay medical expenses of Firefighter Robert E. Harris for injuries incurred during the performance of his duties on December 16, 1953; and the sum of \$3,864.75 be appropriated from the Current Tax Levy therefor.

ARTICLE 5

(Board of Selectmen)

To see if the Town will vote to appropriate one thousand three hundred dollars (1,300.00) to indemnify W. Joseph Shea for expenses incurred by him in defending an action of tort for alledged malicious prosecution brought by Walter Lincoln, Jr. in the Middlesex Superior Court and to take any action in relation thereto.

Counted vote: Yes 65, No 49, voted to refer the subject matter of Article 5 to the Board of Selectmen.

ARTICLE 6

(Board of Selectmen)

To see what sum of money the Town will vote to raise and appropriate to reimburse George F. Tibberts, retired Town Employee, for one half of the money paid by him for Blue Cross Blue Shield premiums after his last day of work and prior to this retirement date, or otherwise act thereon.

Voted, to authorize the Town Treasurer to reimburse George F. Tibberts, retired Town Employee, for one-half of the money paid by him for Blue Cross Blue Shield premiums after his last day of work and prior to this retirement; and that the sum of \$156.56 be appropriated from the Current Tax Levy.

ARTICLE 7

(Board of Selectmen)

To see what sum of money the Town will vote to raise and appropriate for the purpose of reimbursing retired Town Employees and their dependents for one-half of the premiums paid by them

for Medicare, under Section 11C of Chapter 32B of the General Laws, which law was accepted by the Annual Town Meeting of March 7, 1960 by ballot, or otherwise act thereon.

Voted, to authorize the Town Treasurer to reimburse retired Town Employees and their dependents for one-half of the premiums paid by them for Medicare, under Section 11C of Chapter 32B of the General Laws, which law was accepted by the Annual Town Meeting of March 7, 1960 by ballot; and to appropriate for this purpose the sum of \$3,200.00 from the Current Tax Levy.

ARTICLE 8

(Board of Assessors)

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$2,500.00 for the printing of Real Estate Valuation Books as required under Article 3, Section 4 of the By-Laws of the Town of Natick, or take any other action relative thereto.

Voted, to appropriate the sum of \$2,500.00 from the Current Tax Levy, said sum to be expended by the Board of Assessors for the printing of Real Estate Valuation Books as required under Article 3, Section 4, of the By-Laws of the Town of Natick.

ARTICLE 9

(Finance Committee)

To see if the Town will vote to authorize the Board of Selectmen to engage professional services for Labor Negotiations for the period from April 1, 1970.

Article passed over, no action.

ARTICLE 10

(Finance Committee)

To see if the Town will vote to inaugurate "on the job" management training program for personnel in Town Departments and to do that which is necessary to implement this program, and to appropriate a sum of money therefor, or otherwise act thereon.

Voted, to refer the subject matter of this Article to the Personnel Board for study, and that the Personnel Board report on the subject matter of this Article no later than at the Annual Town Meeting of 1971.

ARTICLE 11

(Department of Public Works)

To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum or sums of money to widen, resurface, reconstruct or drain Union Street from East Central Street to Eliot Street; such sum or part thereof to be used in conjunction with money contributed by the State and County, under provisions of Chapter 90 of the General Laws, or otherwise act thereon.

Voted, to authorize the Board of Public Works to widen, resurface, reconstruct or drain Union Street from East Central Street to Eliot Street, and to appropriate the sum of \$15,500.00 for these purposes from the Current Tax Levy, all of said funds to be applied for said purposes with the State and County allocations as provided under Chapter 90 of the General Laws.

ARTICLE 12

(Department of Public Works)

To see if the Town will vote to raise and appropriate a sum or sums of money to extend a six inch sewer force main in Windsor Avenue from Lot 12, Assessors Map 59, approximately 450 feet

westerly to an existing sewer manhole, or otherwise act thereon.

Voted, to authorize the Board of Public Works to extend a six inch sewer force main in Windsor Avenue from Lot 12, Assessors Map 59, approximately 450 feet westerly to an existing sewer manhole, with betterments to be assessed 100% to the abuttor, and to appropriate for this purpose the sum of \$3,750.00 from the Current Tax Levy.

ARTICLE 13

(Department of Public Works)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, a sewer easement necessary for the Hartford-Bishop Street Sewer Project, described as follows:

JOSEPH AND ADA FONTES TO THE TOWN OF NATICK AND THE TOWN OF FRAMINGHAM.

An easement for sewer purposes for joint use by the Town of Natick and the Town of Framingham, 20 feet in width, across land of Joseph and Ada Fontes, from the easterly side line of Hartford Street to the westerly side line of Bishop Street, with the northerly side line of the easement described as follows:

Beginning at a point in the easterly side line of Hartford Street, said point being forty (40) feet southerly measured along the side line of Hartford Street, from a stone bound marking the point of curvature at the intersection of Bishop and Hartford Streets; and running to a point in the westerly side line of Bishop Street, said point being forty (40) feet woutherly, measured along the side line of Bishop Street from a point of curvature at the intersection of Hartford and Bishop Streets. Being across land shown as Lot Number 220B of Natick Assessors Plan No. 31, appropriate money to pay for same or otherwise act thereon.

Unanimous vote, to authorize the Board of Selectmen to acquire by purchase, by agreement, or by eminent domain proceedings a twenty foot wide sewer easement through land of Joseph and Ada Fontes, shown as Lot 220B on Assessors' Map, Plan 31, and as further bounded and described under Article 13 as printed in the Warrant for the first Special Town Meeting of April 14, 1970, and to appropriate for this purpose the sum of \$45.00 from the Current Tax Levy.

ARTICLE 14

(Department of Public Works)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the Lincoln Street Extension Sewer Project through the following locations:

Lot 155 - Plan 52

GEORGE AND LILLIAN A CORMIER PARCEL A-7

A sewer easement through land of George Eugene and Lillian A. Cormier shown as Lot 155 on Assessors Plan 52, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at the northwesterly corner of land of the grantor, at land of George Eugene and Lillian A. Cormier, shown as Lot 54 on Assessors Plan 52, thence running northeasterly along the northerly property line of land of the grantor, to the northeasterly property corner of land of the grantor.

Lot 156 - Plan 52

CHARLES E. AND MARY R. ARTHUR PARCEL A-6

A sewer easement through land of Charles E. and Mary R. Arthur, shown as Lot 156 on Assessors Plan 52, 20 feet wide with the southerly sideline of the easement described as follows:

Beginning at a point at the southwesterly property corner of land of the grantor at land of Rexh Khaki, shown as Lot 157, on Assessors Plan 52, thence running northeasterly along the southerly property line of the grantor, to a point on the westerly property line of land of George Eugene and Lillian A. Cormier, shown as Lot 155 on Assessors Plan 52.

Lot 153 - Plan 52 Parcel A-8

ROSE CORBOSIERO

A sewer easement through land of Rose Corbosiero, shown as Lot 153 on Assessors Plan 52, 20 feet in width with the westerly sideline described as follows:

Beginning at the northwesterly corner of land of the grantor at land of John F. and Bess A. Arena, shown as Lot 152B on Assessors Plan 52 and land of Arthur F. and Helen L. Anderson, shown as Lot 151 on Assessors Plan 52, thence running southwesterly and south easterly along the westerly property line of land of the grantor, by land of John F. and Bess A. Arena, Lot 152B and Madeline U. Hall, Lot 152A and land of Guiseppe and Mary Lentini, Lot 6, all on Assessors Plan 52; to a point, said point being the northwesterly property corner of United Builders of Natick, Inc. shown as Lot 2J on Assessors Plan 52 and on the easterly end of Parkview Street.

Lot 153 - Plan 52

ROSE CORBOSIERO PARCEL A-4

A sewer easement through land of Rose Corbosiero shown as Lot 153 on Assessors Plan 52, 20 feet in width with the northeasterly sideline of the easement described as follows:

Beginning on the northeasterly corner of land of the grantor, and at the southeasterly corner of land of Arthur F. and Helen Anderson, shown as Lot 151 on Assessors Plan 52 and at land of Rexh Khakli, shown as Lot 157 on Assessors Plan 52, thence running southeasterly along the northeasterly property line of land of the grantor, to a point at northwesterly corner of land of Olympia and Pompilio F. Zullo, shown as Lot 154 on Assessors Plan 52.

Lot 157 - Plan 52

REXH XHAKLI PARCEL A-5

A sewer easement through land of Rexh Khakli, shown as Lot 157 on Assessors Plan 52, 20 feet in width, with the southerly sideline of the easement described as follows:

Beginning at the southerly corner of land of the grantor at land of Rose Corbosiero, shown as Lot 153 on Assessors Plan 52, thence running northeasterly along the southerly property line of land of the grantor, to a point at the southwesterly property corner of land of Charles E. and Mary R. Arthur, shown as Lot 156 on Assessors Plan 52.

Lot 157 - Plan 52

REXH XHAKLI PARCEL A-3

A sewer easement through land of Rexh Khakli shown as Lot 157 on Assessors Plan 52, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at the westerly property corner of land of the grantor at land of Arthur F. and Helen L. Anderson, shown as Lot 151 on Assessors Plan 52 and at the southerly end of Lincoln Street, Extension, thence running northeasterly along the northwesterly property line of the grantor to a point, said point being the westerly property corner of land of Rita A. Lombardi, shown as Lot 158 on Assessors Plan 52.

Lot 151- Plan 52

ARTHUR F. AND HELEN L. ANDERSON PARCEL A-1

A sewer easement through land of Arthur F. and Helen L. Anderson, shown as Lot 151 on Assessors Plan 52, 20 feet in width with the westerly sideline of the easement described as follows:

Beginning at the northwesterly corner of land of the grantor, and at the westerly sideline of

Lincoln Street Extension, thence running southwesterly along the westerly property line of the grantor, to a point, said point being the southwesterly corner of land of the grantor at land of Rose Corborsiero shown as Lot 153 Assessors Plan 52 and land of John F. and Bess A. Arena, shown as Lot 152B on Assessors Plan 52.

Lot 151 Plan 52

ARTHUR F. AND HELEN L. ANDERSON PARCEL A-2

A sewer easement through land of Arthur F. and Helen L. Anderson, shown as Lot 151 on Assessors Plan 52, 20 feet in width with the easterly sideline of the easement described as follows:

Beginning at the northeasterly corner of land of the grantor, and at the northwesterly corner of land of Rexh Khaki, shown as Lot 157 on Assessors Plan 52, and at the southerly end of Lincoln Street Extension, thence running southeasterly along the easterly property line of land of the grantor to a point of the northerly property line of land of Rose Corbosiero shown as Lot 153 on Assessors Plan 52, appropriate money to pay for same or otherwise act thereon.

Unanimous voted, to authorize the Board of Selectmen to acquire by purchase, by agreement, or by eminent domain proceedings sewer easements necessary for the Lincoln Street Extension Sewer Project through lots as shown under Article 14 as printed in the Warrant for the First Special Town Meeting of April 14, 1970; and to appropriate therefor the sum of \$820.00 from the Current Tax Levy; said sum to be expended as follows:

Parcel A-7	90.00	Parcel A-5	150.00
Parcel A-6	50.00	Parcel A-3	40.00
Parcel A-8	130.00	Parcel A-1	160.00
Parcel A-4	75.00	Parcel A-2	125.00

ARTICLE 15

(Department of Public Works)

To see if the Town will vote to acquire by purchase, by agreement or by eminent domain proceedings, sewer easements necessary for the South Natick Sewer Project, in the following locations:

Lot 64 Plan 64

ARTHUR L. AND PATRICIA A. WALLACE PARCEL C-1

A sewer easement through land of Arthur L. and Patricia A. Wallace, shown as Lot 64 on Assessors Plan 64, 25 feet in width with the westerly sideline of the easement described as follows:

Beginning at the northwesterly corner of land of the grantor and on the southerly sideline of Water Street, thence running southwesterly along the westerly property line of land of the grantor to a point, said point being the northerly edge of the Charles River when flowing within its banks, thence turning and running southeasterly along said edge of water 65 feet to a point, thence turning and running southwesterly to a point on the centerline of the river, said point being the northwesterly corner of land of Francis Garvin Pillsbury, shown as Lot 39B on Assessors Plan 64.

Lot 39B - Plan 64

FRANCIS GARVIN PILLSBURY PARCEL C-2

A sewer easement through land of Francis Garvin Pillsbury, shown as Lot 39B on Assessors Plan 64, described as follows:

First, an easement 25 feet in width, the westerly sideline thereof beginning at the southwesterly corner of land of the grantor at land of the Douglas Corporation, thence running southwesterly along the westerly property line of land of the grantor to the centerline of the Charles River being the northwesterly corner of land of the grantor.

Second, an easement, 10 feet in width, the southerly side line thereof beginning on the easterly property line of land of the grantor and on the northerly sideline of the existing Metropolitan District Commission sewer easement, thence running westerly along the northerly side line of said M. D. C. sewer easement to the easterly side line of the sewer easement described above.

Lot 40 - Plan 64

HESTER R: MARGARET F. and PAUL A. MATTFIELD PARCEL C-3

A sewer easement through land of Hester R: Margaret F. and Paul A. Mattfield, shown as Lot 40 on Assessors Plan 64, 10 feet in width with the southerly sideline of the easement described as follows:

Beginning on the easterly property line of the grantor by land of Arthur L. and Patricia A. Wallace, shown as Lot 41B on Assessors Plan 64, and on the northerly sideline of the Metropolitan District Commission Sewer Easement, thence running along the northerly sideline of said sewer easement to the westerly property line of the grantor at land of Francis Garvin Pillsbury, shown as Lot 39B on Assessors Plan 64.

Lot 41B - Plan 64

ARTHUR L. AND PATRICIA A. WALLACE PARCEL C-4

A sewer easement through land of Arthur L. and Patricia A. Wallace, shown as Lot 41B on Assessors Plan 64, 25 feet in width with the easterly sideline of the easement described as follows:

Beginning at the southwesterly corner of land of the grantor, and on the northerly sideline of Dover Street, thence running northwesterly from the northerly sideline of the grantor to a point 10 feet northerly from the northerly sideline of the Metropolitan District Commission Sewer Easement.

Lot 37 - Plan 64

BEULAH E. AND ELEANOR B. SPROWL PARCEL C-5

A sewer easement through land of Beulah E. and Eleanor B. Sprowl shown as Lot 37 on Assessors Plan 64, 25 feet in width, with the northerly sideline of the easement described as follows:

Beginning at the southwesterly corner of land of the grantor, and at the easterly sideline of Phillips Street, thence running along the northerly property line of land of the grantor at land of Francis Garvin Pillsbury.

Lot 7B - Plan 63

EDWARD P. AND HELEN M. TARPY PARCEL C-6

A sewer easement through land of Edward P. and Helen M. Tarpy, shown as Lot 7B on Assessors Plan 63, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning at the southwesterly property corner of land of the grantor at a point on the easterly sideline of Pleasant Street, thence running northeasterly along the southerly corner of land of the grantor by land of the Town of Natick, School Committee.

TOWN OF NATICK, SCHOOL COMMITTEE PARCEL C-7

An easement through land of the Town of Natick, School Committee, shown as the Eliot School on Assessors Plan 63, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning on the westerly property line of land of the grantor at the northeasterly corner of land of Edward P. and Helen M. Tarpy, shown as Lot 7B on Assessors Plan 63, thence running northeasterly to a point on the westerly sideline of Auburn Street, said point being 450 feet southerly from the southerly sideline of Eliot Street.

Lot 49 - Plan 64

ALBERT S. AND HELEN H. CASWELL PARCEL C-8

A sewer easement through land of Albert S. and Helen H. Caswell, shown on Lot 49 on Assessors Plan 64, 20 feet in width with the northerly sideline described as follows:

Beginning at a point on the westerly property line of the grantor by the easterly sideline of Auburn Street, said point being 93 feet southeasterly from northwesterly property corner of land of the grantor, thence running northeasterly 105 feet to a point, thence turning and running southeasterly 150 feet to a point, said point being an angle point in the northerly property line 225 feet, more or less, from the northerly property corner of the grantor, thence running southeasterly then northeasterly along said northerly property line to the westerly sideline of Water Street.

Lot 17 - Plan 70

MARION S. FULLER PARCEL D-1

A sewer easement through land of Marion S. Fuller, shown as Lot 17 on Assessors plan 70, 20 feet in width with the easterly sideline of the easement described as follows:

Beginning at the southeasterly corner of land of the grantor; and on the northerly sideline of Claybrook Road; thence running northwesterly along the easterly property line of land of the grantor, 150 feet to a point; thence turning and running more westerly to a point on the northwesterly property line of the grantor, said point being 100 feet southwesterly from the northerly property corner of land of the grantor.

Lot 16 - Plan 70

GRACE PIERCE PARCEL D-2

A sewer easement through land of Grace Pierce, shown on Lot 16 on Assessors Plan 70, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at a point on the southerly property line of the grantor, said point being 100 feet southwesterly from the southeast corner of land of the grantor; thence running northwesterly to a point on the northerly sideline of land of the grantor, said point being at the southeasterly corner of land of Elliott B. and Dian D. Itzkowitz, shown as Lot 17G on Assessors Plan 70; thence turning and running southwesterly along the northerly property line 80 feet to a point.

Lot 15G - Plan 70

ELLIOTT B. AND DIANE D. ITZKOWITZ PARCEL D-3

A sewer easement through land of Elliott B. and Diane D. Itzkowitz, shown as Lot 15G on Assessors Plan 70, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at a point on the southeasterly property line of land of the grantor, said point being 55 feet southwesterly from the southeast corner of land of the grantor, and by land of Grace Pierce shown as Lot 16 on Assessors Plan 70; thence running northwesterly to a point on the northwesterly property line of the grantor, said point being 125 feet southwesterly from the northeast corner of land of the grantor by land of Cyrus F. and Dorothy N. Jenness, shown as Lot 15F on Assessors Plan 70.

Lot 15F - Plan 70

CYRUS F. AND DOROTHY N. JENNESS PARCEL D-4

A sewer easement through land of Cyrus F. and Dorothy N. Jenness, shown as Lot 15F on Assessors Plan 70, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at a point on the southeasterly property line of the land of the grantor, by land of Elliott B. and Diane D. Itzkowitz, shown as Lot 15G on Assessors Plan 70, said point being 125 feet southwesterly from the southeast corner of land of the grantor; thence running northwesterly to a point on the northwesterly property line of land of the grantor, by land of Rudman J. and

Ruth A. Ham, shown as Lot 15E on Assessors Plan 70; said point being 190 feet southwesterly from the northeast property corner of land of the grantor.

Lot 15E - Plan 70

RUDMAN J. AND RUTH A. HAM PARCEL D-5

A sewer easement through land of Rudman J. and Ruth A. Ham, shown as Lot 15E on Assessors Plan 70, described as follows:

First, a sewer easement 20 feet wide, with the northerly sideline beginning at a point on the southeasterly property line of land of the grantor, as the land of Cyrus F. and Dorothy N. Jenness, shown as Lot 15F of Assessors Plan 70, said point being 170 feet northeasterly from the easterly sideline of Pleasant Street, thence running northwesterly to a point on the northwesterly property line by land of Frank and Sheila Magullion, shown as Lot 15D on Assessors Plan 70, said point being 120 feet northeasterly from the easterly sideline of Pleasant Street.

Second, a sewer easement 10 feet in width, with the northerly sideline continuing on from the last point described, in a southwesterly direction along the northwesterly property line of the grantor to the easterly side line of Pleasant Street.

Lot 15D - Plan 70

FRANK AND SHEILA MAGULLION PARCEL D-6

A sewer easement through land of Frank and Sheila Magullion shown as Lot 15D on Assessors Plan 70, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at the easterly sideline of Pleasant Street and on the southerly property line of the grantor; thence running along the southerly property line of land of the grantor by land of Rudman J. and Ruth A. Ham, shown as Lot 15E on Assessors Plan 70, a distance of 120 feet to a point.

Lot 259 - Plan 44

MARY E. TOOHILL PARCEL E-1

A sewer easement through land of Mary E. Toohill shown as Lot 259 on Assessors Plan 44, 20 feet in width, with the westerly sideline described as follows:

Beginning at the southwesterly corner of land of the grantor and on northerly sideline of Union Street, a land of Silvano A. and Lillian E. Melchiorri, shown as Lot 260 on Assessors Plan 44; thence running along the westerly property line of land of the grantor to the northwesterly corner of land of the grantor, as land of the Town of Natick, School Committee.

Lincoln School - Plan 44

TOWN OF NATICK, MASSACHUSETTS, SCHOOL COMMITTEE PARCEL E-2

A sewer easement through land of the Town of Natick, Massachusetts School Committee, shown as the Lincoln School, on Assessors Plan 44, 20 feet in width, with the southerly side line described as follows:

Beginning at a point on the southerly property line of land of the grantor, 20 feet easterly from the northwesterly property corner of land of Mary E. Toohill, shown as lot 259 on Assessors Plan 44; thence running westerly and thence northeasterly along the southerly property line of the grantor to a point, said point being the northeasterly corner of land of Joseph F. and Euncie A. Powers, shown as Lot 268 on Assessors Plan 44.

Lot 263 - Plan 44

ARTHUR C. & LAWRENCE ALBERT WALLACE - TRUSTEES OF OLD CONNECTICUT REALTY TRUST PARCEL E-3

A sewer easement through land of Arthur C. & Lawrence Albert Wallace, Trustees of Old Connecticut Realty Trust, shown as Lot 258 on Assessors Plan 44, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at the northeasterly corner of land of the grantor and on the southerly sideline of East Central Street and at the northwesterly corner of land of the Commonwealth of Massachusetts; thence running southeasterly along the easterly property line of land of the grantor to the Town of Natick, Lincoln School.

Lot 44 - Plan 69

ORAZIO AND LENA C. CULLOTTA PARCEL F-1

A sewer easement through land of Orazio and Lena C. Cullotta, shown as Lot 44 on Assessors Plan 69, 20 feet in width with the northerly sideline of the easement described as follows:

Beginning at the southwesterly corner of land of the grantor and on the northerly sideline of Glenwood Street, and at the southeasterly corner of land of Victor U. and Ruth A. Lister; thence running northwesterly along the southwesterly property line of the grantor, a distance of 105 feet to a point; thence turning and running more easterly to a point; said point being on the northerly property line of the grantor, 60 feet southeasterly from the northwesterly property corner of land of the grantor by land of Daniel Sargent shown as Lot 42 on Assessors Plan 69.

Lot 42 - Plan 69

DANIEL SARGENT PARCEL F-2

A sewer easement through land of Daniel Sargent, shown as Lot 42 on Assessors Plan 69, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning on the easterly property line of land of the grantor, at an angle point 350 feet more or less westerly from the westerly sideline of Glen Street; thence running southerly to a point on the southerly property line of the grantor, said point being 40 feet southwesterly from the northeasterly property corner of land of Orazio and Lena C. Cullotta, shown as Lot 44 on Assessors Plan 69.

Lot 13 - Plan 63

CHARLES HARRISON AND MARION PFEIFFER PARCEL F-3

A sewer easement through land of Charles Harrison and Marion Pfeiffer, shown as Lot 13 on Assessors Plan 63, 20 feet in width, with the northerly sideline of the easement described as follows:

Beginning at a point on the westerly property line of land of the grantor, said point being 350 feet, more or less, northerly from the southwesterly corner of land of the grantor by land of Daniel Sargent, shown as Lot 42 on Assessors Plan 69; thence running southeasterly to a point, said point being on the southerly property line of the grantor and 105 feet easterly from the above named southwesterly corner of land of the grantor.

Lot 14 - Plan 63

TOWN OF NATICK, MASSACHUSETTS, PARK DEPARTMENT PARCEL F-4

A sewer easement through land of Town of Natick, Park Department shown as Lot 14 on Assessors Plan 63, 20 feet in width, with the southerly sideline described as follows:

Beginning at a point on the easterly property line of land of the grantor, said point being on the northerly sideline of the Metropolitan District Commission Sewer Easement and at the northwesterly corner of land of Peter J. and Marjorie Ann Schellenberg; thence running southwesterly along the easterly property line of the grantor, 1020 feet more or less, to a point, said point being an angle point in the easterly property line of the grantor by land of Charles Harrison and Marion Pfeiffer.

Lot 19 - Plan 63

PETER J. AND MARJORIE ANN SCHELLENBERG PARCEL F-5

A sewer easement through land of Peter J. and Marjorie Ann Schellenberg, shown on Assessors

Plan 63, Lot 19, 20 feet in width with the easterly sideline of the easement described as follows:

Beginning at the northwesterly corner of land of the grantor and on the northerly sideline of the Metropolitan District Commission Sewer Easement, thence running southeasterly along the northerly property line of land of the grantor, 50 feet to a point.

Lot 44 - Plan 53

JENNIE F. COHAN AND PATRICK F. DOWD AND FRANCIS DOWD PARCEL B-1

A sewer easement through land of Jennie F. Cohan and Patrick F. Dowd and Francis Dowd, shown as Lot 44 on Assessors Plan 53, 25 feet in width with the easterly sideline of the easement described as follows:

Beginning at the southeasterly corner of land of the grantor, and at the southwesterly corner of land of Hollis Hunnewell, shown as Lot 45 on Assessors Plan 53, and at the northerly sideline of Union Street; thence running northeasterly along the easterly property line of the grantor to a point 25 feet northerly from the intersection of the property line between land of said Hollis Hunnewell, shown as Lot 30B on Assessors Plan 54 and other land of said Hollis Hunnewell shown as Lot 45 on Assessors Plan 53 with the easterly property line of the grantor.

Lot 30B - Plan 54

HOLLIS HUNNEWELL PARCEL B-2

A sewer easement through land of Hollis Hunnewell, shown as Lot 30B on Assessors Plan 54, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning at the property corner of land of the grantor at the northeasterly corner of other land of the grantor, shown as Lot 45 on Assessors Plan 53 and at land of Jennie F. Cohan and Patrick F. Dowd and Francis Dowd, shown as Lot 44 on Assessors Plan 53, thence running easterly along the southerly property line of land of the grantor to other land of the grantor shown as Lot 30C on Plan 54 at the southeasterly property corner of land of the grantor.

Lot 30C - Plan 54

HOLLIS HUNNEWELL PARCEL B-3

A sewer easement through land of Hollis Hunnewell shown as Lot 30C on Assessors Plan 54, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning at the southwesterly property corner of land of the grantor at other land of the grantor shown as Lot 30B on Assessors Plan 54; thence running easterly by other land of the grantor, shown as Lot 45 on Assessors Plan 54 and other land of the grantor, shown as Lot 30D on Assessors Plan 54, to a point. Said point being an angle point in the property line of the grantor just easterly from the existing right-of-way to land of the grantor from Brooks Street.

Lot 30D - Plan 54

HOLLIS HUNNEWELL PARCEL B-4

A sewer easement through land of Hollis Hunnewell shown as Lot 30D on Assessors Plan 54, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning at an angle point in the northerly property line of land of the grantor, said angle point being just easterly from the existing right-of-way from Brooks Street through land of the grantor; thence running easterly to a point on the southerly property line of land of the grantor northwesterly corner of land of Harold E. and Catherine F. Legge, shown as Lot 29 on Assessors Plan 54.

Lot 30F - Plan 54

FRANCIS P., JEAN M., MARGARET J. AND PATRICIA A. MC CARTHY PARCEL B-5

A sewer easement through land of Francis P., Jean M., Margaret J. and Patricia A. McCarthy

shown as Lot 30F on Assessors Plan 54, 25 feet in width with the southerly sideline of the easement as follows:

Beginning at the northwesterly corner of land of the grantor, and at northerly corner of land of Harold E. and Catherine R. Legge, shown as Lot 29 on Assessors Plan 54; thence running southeasterly along the southerly property line of land of the grantor to the southerly corner of land of the grantor at land of the Metropolitan District Commission (Sudbury Aqueduct); thence turning and running northeasterly along the northerly sideline of said Sudbury Aqueduct to the southwesterly corner of land of Walter H. and Katherine S. Horan shown as Lot 35 on Assessors Plan 54.

Lot 35 - Plan 54

WALTER H. AND KATHERINE S. HORAN PARCEL B-7

A sewer easement through land of Walter H. and Katherine S. Horan, shown as Lot 35 on Assessors Plan 54, 25 feet in width with the southerly sideline described as follows:

Beginning at the southwesterly corner of land of the grantor at land of the Commonwealth of Massachusetts, Metropolitan District Commission (Sudbury Aqueduct) and at land of Francis P., Jean M., Margaret J. and Patricia A. McCarthy, shown as Lot 30F on Assessors Map 54; thence running northeasterly along the southerly property line of land of the grantor to the southeasterly corner of land of the grantor; at land of Francis P., Jean M., Margaret J. and Patricia A. McCarthy, shown as Lot 30F on Assessors Plan 54.

Lot 30F - Plan 54

PATRICIA A., FRANCIS P., JEAN M. AND MARGARET J. MC CARTHY PARCEL B-8

A sewer easement through land of Francis P., Jean M., Margaret J. and Patricia A. McCarthy, shown as Lot 30F on Assessors Plan 54, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning at the southeasterly corner of land of Walter H. and Katherine S. Horan, shown as Lot 35 on Assessors Plan 54 and at land of the Commonwealth of Massachusetts, Metropolitan District Commission (Sudbury Aqueduct); thence running northeasterly by said land of the Commonwealth of Massachusetts to the southwesterly corner of land of Basil G. and Jean A. Kopf, shown as Lot 32 on Assessors Plan 54.

Lot 32 - Plan 54

BASIL G. AND JEAN A. KOPF PARCEL B-9

A sewer easement through land of Basil G. and Jean A. Kopf, shown as Lot 32 on Assessors Plan 54, 25 feet in width with the southerly sideline of the easement described as follows:

Beginning at the southwesterly corner of land of the grantor, and at land of Francis P., Jean M., Margaret J. and Patricia A. McCarthy, shown as Lot 30F on Assessors Plan 54, and by land of the Commonwealth of Massachusetts, Metropolitan District Commission (Sudbury Aqueduct), thence running northeasterly by the southerly property line of land of the grantor to the southwesterly corner of land of William L Jr. and Helene H. Beggart, shown as Lot 33 on Assessors Plan 54.

Lot 33 - Plan 54

WILLIAM L., JR. AND HELENE H. BEGGART PARCEL B-10

A sewer easement through land of William L., Jr. and Helene H. Beggart, shown as Lot 33 on Assessors Plan 54, 25 feet more or less in width including all the land of the grantor bounded:

Northwesterly by land of Edward L. and Helen I. Prince, shown as Lot 34 Assessors Plan 54.

Northeasterly and southeasterly by land of William L., Jr. and Helene H. Beggart, shown as Lot 31 on Assessors Plan 54.

Southeasterly by land of the Commonwealth of Massachusetts, Metropolitan District Commission (Sudbury Aqueduct).

Southwesterly by land of Basil G. and Jean A. Kopf, shown as Lot 32 on Assessors Plan 54.

COMMONWEALTH OF MASSACHUSETTS METROPOLITAN DISTRICT COMMISSION PARCEL B-11

A sewer easement through land of the Commonwealth of Massachusetts Metropolitan District

Commission, 25 feet in width with the easterly sideline of the easement described as follows:

Beginning on the southerly sideline of land of the grantor at a point 570 feet, more or less, easterly from the centerline of Union Street and at the northwesterly corner of land of Hollis Hunnewell, shown as Lot 37 on Assessors Plan 54; thence running northwesterly along a line perpendicular to the southerly property line of land of the grantor at land of Walter H. and Katherine S. Horan, shown as Lot 35 on Assessors Plan 54.

Lot 37 - Plan 54

HOLLIS HUNNEWELL PARCEL B-12

A sewer easement through land of Hollis Hunnewell, shown as Lot 37 on Assessors Plan 54, 25 feet in width with the northerly sideline described as follows:

Beginning at the northwesterly corner of land of the grantor at land of Harold E., Jr. and Sally L. Legge, shown as Lot 38C on Assessors Plan 54, thence running northeasterly along the northwesterly property line of the grantor to a point, said point being 75 feet southwesterly from the northeasterly property corner of land of the grantor; thence turning and running easterly 110 feet, more or less, to a point on the northeasterly property line of the grantor, said point being 75 feet southeasterly from the above mentioned northeasterly property corner of land of the grantor; thence turning and running southeasterly by the northeasterly property line of the land of the grantor to the southeasterly corner of land of the grantor at land of Harold E. and Catherine R. Legge, shown as Lot 38A on Assessors Plan 54.

Lot 38A - Plan 54

HAROLD E. AND CATHERINE R. LEGGE PARCEL B-13

A sewer easement through land of Harold E. and Catherine R. Legge shown as Lot 38A on Assessors Plan 54, 25 feet in width with the easterly sideline of the easement described as follows:

Beginning at the northerly corner of land of the grantor at the southeasterly corner of land of Hollis Hunnewell, shown as Lot 37 on Assessors Plan 54; thence running southeasterly along the easterly property line of land of the grantor by land of Regina A. Sherman, shown as Lot 65 on Assessors Plan 54 to the southeasterly corner of land of the grantor at the northwesterly corner of land of Augustino Sanguinette, shown as Lot 44 on Assessors Plan 54.

Lot 38A - Plan 54

HAROLD E. AND CATHERINE R. LEGGE PARCEL B-14

A sewer easement through land of Harold E. and Catherine R. Legge shown as Lot 38A on Assessors Plan 54, 10 feet in width with the southerly sideline described as follows:

Beginning on the southeasterly property line of land of the grantor at the northeasterly corner of land of Edward F. and Margaret M. Lalonde, shown as Lot 43A on Assessors Plan 54; thence running northeasterly along said southeasterly property line of land of the grantor to the westerly sideline of the proposed easement described as Parcel B-13, said easement being 25 feet wide and running along the easterly property line of land of the grantor.

Lot 43A - Plan 54

EDWARD F. AND MARGARET LALONDE PARCEL B-16

A sewer easement through land of Edward F. and Margaret Lalonde, shown as Lot 43A on Assessors Plan 54, 10 feet in width with the southerly sideline described as follows:

Beginning at the southeasterly corner of land of the grantor and other land of the grantor shown as Lot 42 on Assessors Plan 54; thence running northeasterly along the southeasterly property line of the grantor to the southeasterly property corner of land of the grantor at land of Augustino Sanguineete, shown as Lot 44 Assessors Plan 54.

Lot 43B - Plan 54

WILLIAM A., FRANCIS J., RICHARD J., EDWARD L. PORTER, HELEN M. WATT, MARGARET M. LALONDE AND CATHERINE A. TOWNE PARCEL B-17

A sewer easement through land of William A., Francis J., Richard J., Edward L. Porter, Helen M. Watt, Margaret M. Lalonde and Catherine A. Towne, shown as Lot 43B on Assessors Plan 54, 10 feet in width with the westerly sideline of the easement described as follows:

Beginning at the southwesterly corner of land of the grantor, at the northerly end of Morse Lane, thence running northeasterly along the westerly sideline of land of the grantor to the northwesterly corner of land of the grantor at land of Augustino Sanguinetti.

Lot 44 - Plan 54

AUGUSTINO SANGUINETTE PARCEL B-18

A sewer easement through land of Augustino Sanguineete, shown as Lot 44 on Assessors Plan 54 described as follows:

A 25 foot easement along the northeasterly property line of the grantor from land of Richard N., Jr. and Mary A. King shown as Lot 47 on Assessors Plan 54 to land of Harold E. and Catherine R. Legge, shown on Lot 38A on Assessors Plan 54.

Also, a 10 foot easement along the northwesterly property line from land of Regina A. Sherman shown as Lot 65 on Assessors Plan 54 to land of Edward R. and Margaret M. Lalonde, shown as Lot 43A on Assessors Plan 54.

Also a 25 foot wide easement from the southwesterly corner of land of the grantor by the southwesterly property line of the grantor to a point ten feet southeasterly from the northwesterly corner of land of William A., Francis J., Richard J., and Edward L. Porter, Helen M. Watt, Margaret M. Lalonde, and Catherine A. Towne, shown as Lot 43B on Assessors Plan 54.

Lot 47 - Plan 54

RICHARD N., JR., AND MARY A. KING PARCEL B-19

A sewer easement through land of Richard N., Jr., and Mary A. King shown as Lot 47 on Assessors Plan 54, 25 feet in width with the northerly sideline of the easement described as follows:

Beginning at the northwesterly corner of land of the grantor at land of Augustino Sanguinette, shown as Lot 44 on Assessors Plan 54, thence running southeasterly along the northeasterly property line of land of the grantor to the northeasterly corner of land of the grantor at land of Ellen Marie Daley, shown as Lot 54 Assessors Plan 54.

Lot 54 - Plan 54

ELLEN MARIE DALEY PARCEL B-20

A sewer easement through land of Ellen Marie Daley, shown as Lot 54 on Assessors Plan 54, 25 feet in width with the northerly sideline described as follows:

Beginning at the northerly property corner of land of the grantor and at the northeasterly corner of land of Richard N., Jr. and Mary A. King, shown as Lot 47 on Assessors Plan 54 and by land of Regina A. Sherman, shown as Lot 65 on Assessors Plan 54; thence running southeasterly in two courses to the intersection of the northeasterly property line of land of the grantor with the northerly sideline of Broads Avenue.

Lot 65 - Plan 54

REGINA A. SHERMAN PARCEL B-21

A sewer easement through land of Regina A. Sherman, shown as Lot 65 on Assessors Plan 54, 25 feet in width with the westerly sideline of the easement described as follows:

Beginning on the northerly sideline of Alger Street at the southeasterly corner of land of the grantor thence running northwesterly by the northeasterly property line by land of James E., Jr. and Jeanette R. Roth shown as Lot 90 on Assessors Plan 54 and land of Lee B. and Priscilla Duval to the southerly sideline of Mathew Court; thence turning and running southeasterly to the northerly sideline of Alger Street; thence turning and running northeasterly a distance of 20 feet along the northerly sideline of Alger Street to the point of beginning.

Lot 38C - Plan 54

HAROLD E., JR. AND SALLY LEGGE PARCEL B-22

A sewer easement through land of Harold E. Jr., and Sally L. Legge shown as Lot 38C on Assessors Plan 54, 25 feet in width with the westerly sideline of the easement described as follows:

Beginning at the northerly corner of land of the grantor, and at the northwesterly corner of land of Hollis Hunnewell, shown as Lot 37 on Assessors Plan 54, and at the southerly sideline of land of the Commonwealth of Massachusetts, Metropolitan District Commission (Sudbury Aqueduct), thence running southwesterly along the westerly property line of land of the grantor a distance of 130 feet to a point thence turning and running southerly to a point on the southerly property line of land of the grantor, said point being 160 feet easterly from easterly sideline of Union Street.

Appropriate money to pay for same or otherwise act thereon.

Article 15 passed over - no action.

ARTICLE 16

(Robert W. Palmer and William H. Haywood)

To see if the Town will vote to rescind the vote adopted under Article 50 of the 1969 Annual Town Meeting, Sixth Session, March 25, 1969, relating to the appropriation of \$20,000.00 for construction of a sidewalk on the south side of Glen Street from Pleasant Street westerly approximately 4,100 feet, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 17

(Town Government Study Committee)

To see if the Town will vote to instruct its Representatives in the General Court to file the necessary legislation to amend the Acts of 1960, Chapter 38, the Park and/or Recreation Commissioners from an elected office to one appointed by the Board of Selectmen, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 18

(Town Government Study Committee)

To see if the Town will vote to eliminate the elections of Constables on the ballot and that said Constables in the future be appointed by the Board of Selectmen in accordance with C41, S91A of the General Laws or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 19

(Town Government Study Committee)

To see if the Town will vote to include in the Warrant at the next annual Town Meeting for submission to the voters on the Official Ballot, the following:

"Shall the Town vote to have its Selectmen appoint the Tree Warden," in accordance with Chapter 41, Section 21 of the General Laws, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 20

(NATICK RECREATION COMMISSION)

To see if the Town will vote to authorize the "Board of Selectmen" to acquire by purchase or gift or take by eminent domain land located on North Main Street, Natick, Massachusetts, and described on Assessors Map No. 18 as Nos. 67B, 67C, 67D, 68A, 68B, and 68C, 68D, 68E and 68F; for Open Space and Recreation Purposes and appropriate a sum of money, or transfer from any available funds, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 21

(NATICK RECREATION COMMISSION)

To see if the Town will vote to authorize the "Recreation Commission" to acquire by purchase, gift or take by eminent domain land located on North Main Street, Natick, Massachusetts, and described on Assessors Map No. 18 as Lots Nos. 67B, 67C, 67D, 68A, 68B, 68C, 68D, 68E, and 68F; for Recreation and Park Purposes and appropriate a sum of money, or transfer from any available funds, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 22

(NATICK RECREATION COMMISSION)

and

(NATICK CONSERVATION COMMISSION)

To see if the Town will vote to authorize the "Recreation Commission and Conservation Commission" to acquire by purchase, gift or take by eminent domain land located on North Main Street, Natick, Massachusetts, and described on Assessors Map No. 18 as Nos. 67B, 67C, 67D, 68A, 68B, 68C, 68D, 68E and 68F; for Recreation and Conservation Purposes and appropriate a sum of money, or transfer from any available funds, or otherwise act thereon.

Voted, indefinite postponement.

ARTICLE 23

(NATICK RECREATION COMMISSION)

To see if the Town will vote to authorize the "Board of Selectmen" to acquire by purchase or gift or take by eminent domain land located on North Main Street, Natick, Massachusetts, and described on Assessors Map no. 18 as nos. 67B, 67C, 67D, 68A, 68B, 68C, 68D, 68E and 68F; for Municipal Purposes and appropriate a sum of money, or transfer from available funds, or otherwise act thereon.

Voted, to authorize the Board of Selectmen to undertake negotiations to secure an option for first refusal on the acquisition of land located on North Main Street, Natick, Massachusetts, and described on Assessors Map No. 18 as Nos. 67B, 67C, 67D, 68A, 68B, 68C, 68D, 68E and 68F for Municipal purposes, and to appropriate for this purpose a sum of \$100.00 from the Current Tax Levy.

ARTICLE 24

(NATICK CONSERVATION COMMISSION)

To see if the Town will vote to authorize the "Conservation Commission" to acquire by purchase

or gift or take by eminent domain land located on North Main Street, Natick, Massachusetts, and described on Assessors Map No. 18 as Nos. 67B, 67C, 67D, 68A, 68B, 68C, 68D, 68E, 68F; for Conservation Purposes and appropriate a sum of money, or transfer from available funds, or otherwise act thereon.

Article 24 passed over, no action.

ARTICLE 25

(INSPECTOR OF BUILDINGS)

To see if the Town will vote to amend its Building Code and Zoning By-Laws by deleting Section 3.2 Classes of Building Construction of Chapter 3 and in place thereof substitute the following:

SECTION 3.2 TYPES OF BUILDING CONSTRUCTION

3.2.1 Type 1 Building. All fire resistive type buildings shall be constructed with enclosure walls of masonry, reinforced concrete or other approved incombustible materials with a fire resistive rating as required but in no case less than three-quarter (3/4) hours; and with interior walls, floors, roofs, permanent partitions, exitways and structural elements designed and protected with incombustible materials to afford a fire resistive rating of not less than three-quarter (3/4) hours; except that the fire resistive rating may be waived where unprotected steel is permitted.

3.2.2 Type 2 Building. All incombustible type buildings shall be constructed entirely of steel, concrete or other approved incombustible materials without a specified fire resistive rating; except that the enclosure wall shall be required to afford the fire resistance specified when erected with the fire limits and exitways shall be constructed with a fire resistive rating of not less than three-quarter (3/4) hours in other than one family dwellings.

3.2.3 Type 3 Building. All masonry wall type buildings shall be constructed with exterior, fire and party walls of approved masonry, or of other approved incombustible materials with a fire resistive rating of not less than two (2) hours, with roofs, floors, and interior framing wholly or partly of wood or other approved materials; except that girders and their supports carrying walls of masonry shall in all cases be protected to afford the required fire resistive rating of the walls supported thereon.

3.2.4 Type 4 Building. All frame type buildings shall be constructed with walls, partitions, floors and roofs wholly or partly of wood stud and joist assemblies, or of other approved materials of similar combustible characteristics, with approved firestopping at all vertical and horizontal draft openings.

Voted, indefinite postponement.

ARTICLE 26

(INSPECTOR OF BUILDINGS)

To see if the Town will vote to amend its Building Code and Zoning By-Laws by deleting Section 4.2 and Section 4.3 of Chapter 4 and in place thereof substitute the following:

Note A

The equivalent height of buildings in feet and stories shall be assumed as follows: 1 story = 20', 2 stories = 30', 3 stories = 40'.

Note B

For buildings of the use groups A, B, D, D, and E with frontages of more than twenty-five (25) percent of the building perimeter on one or more streets, the tabular area may be increased two (2) percent for each one (1) percent of such excess.

Note C

In use groups B, C, D, and E, the tabular areas may be increased one hundred (100) percent when equipped with automatic sprinkler systems not specifically required by law.

Note D

The maximum total permissible increased floor area shall not exceed two and one half (2 1/2) times the tabular value.

Note E

In use groups B, D, and E, isolated buildings of other than Type 4 construction may be of unlimited area outside of the fire limit when not more than one (1) story or 85 feet in height with fire separations, exit facilities and fire extinguishing equipment in accordance with this Code.

Note F

N. P. = Not Permitted.

Note G

Protected shall mean fire resistive ratings of structural elements in hours.

Note F

In use groups B, D, and E, Types 1, 2, and 3 construction may be increased one story but not more than 20 feet in height, when equipped with automatic sprinkler not specifically required by law.

Note G

Private garages and airplane hangars within the fire limits shall be limited to one (1) story or 15 feet in height and seven hundred fifty (750) sq. ft. area of Type 2C or 4A construction and five hundred (500) sq. ft. of Type 4B construction.

Note H

Stadium and grand stands of Type 3 or Type 4 construction shall be limited to twenty-five (25) feet in height.

Note I

Church auditoriums of Type 4 construction may be erected to forty-five (45) feet in height and of Type 3A construction to sixty-five (65) feet in height.

Note J

Hotel buildings of Type 2B or 3B construction shall be limited to three (3) stories in height; of Type 2C or 3C construction shall be limited to two (2) stories and of Type 4B construction shall be limited to one (1) story.

Note A

The Fire Separation of Fire Exposure in feet as herein limited applies to the distance measured from any other building on the site, or from any interior lot lines, or from the opposite side of a street or other public space to the building.

Note B

Protected exteriors shall be required in fire districts in Type 2 construction. High hazard uses - 2 hour with fire exposure of 10' all other uses, except 1 and 2 family dwellings - 1 1/2 hours within 0' to 5'; 3/4 hour within 6' to 10'.

Note C

Protected exterior of 3/4 hours shall be required in type 4B within 0' to 5' of lot lines.

Note D

Party walls in type 4 construction 1 and 2 family dwellings - 3/4 hours.

Note E

Stair enclosures in all buildings, other than 1 and 2 family dwellings, which do not exceed three (3) stories or forty (40) feet in height and with an occupance load of less than forty (40) persons above or below the grade floor shall be not less than three-quarter (3/4) hour construction.

Note F

Roof slabs and decking in Type 1 and Type 2 construction when framing is unprotected may be incombustible or milltype without fire resistive rating.

Note G

The fire resistive rating of enclosure and fire division walls against interior fire exposure shall not be less than the fire load of the use group.

4.2.2 Projections above roofs. The limits of height in the foregoing paragraph do not apply to chimneys, flagpoles, pent houses, railings, skylights, soil and exhaust pipes, tanks, ventilators, weather vanes or similar structures usually carried above roofs.

4.2.3 Exceptions. The inspector, on written approval of the Selectmen, may issue a permit for the erection of a steeple, belfry, dome, cupola, tower or scenery loft, or for a grain elevator, coal pocket or gas holder exceeding the height limits specified in this section provided that no such structure shall be designed or adapted for occupance.

4.2.4 Number of stories occupied. No third class building or residence type shall exceed two and one-half stories in height. If the cellar or basement of a residence building is fitted up or used for business purposes or living rooms other than for janitor's use, such cellar or basement shall be regarded as a story and the height permitted shall be measured from such cellar or basement floor. No third class building shall have apartments above the second story but allowance may be made for sleeping rooms in the attic.

Voted, indefinite postponement.

ARTICLE 27

(PLANNING BOARD)

To see if the Town will vote to raise and appropriate to the Planning Board a sum of money to be used to update the Comprehensive Plan, and said sum of money will be used in conjunction with matching funds if available through the Housing Act of 1954, Title VII, Section 701, as amended, or take any action relative thereto.

Voted, to appropriate the sum of \$6,234.00 from the Current Tax Levy for the purpose of updating the Comprehensive Plan; and said sum to be expended by the Planning Board in conjunction with matching funds through the Housing Act of 1954, Title VII, Section 701, as ammended.

ARTICLE 28

(PLANNING BOARD)

To see if the Town will vote to amend the Zoning By-Laws of the Town of Natick in the Northwest Quadrant by changing Industrial Two (IN II) To Residential Single A (RSA) as follows:

Beginning at a point on the center line of the Penn-Central Railroad at its intersection with the Natick-Framingham Town Line;

Thence running northwesterly along the Natick-Framingham Town Line to a point located 100 feet north of, and perpendicular to the center line of the Penn-Central Railroad.

Thence running northeasterly on a line parallel to and 100 feet northerly of the center line of the Penn-Central Railroad to a point on the Center Line of Boden Lane;

Thence running southeasterly along the center line of Boden Lane to the center line of the Penn-Central Railroad;

Thence running southwesterly along the center line of the Penn-Central Railroad to the point of beginning, or otherwise act thereon.

Unanimous vote on Planning Board motion as printed in Article 28 above.

Moderator McGee resumes chair.

PLANNING BOARD REPORT

ON

ARTICLE 28

SPECIAL TOWN MEETING - 1970

In accord with Section VI-G of the Zoning By-Laws of the Town of Natick, the Planning Board held a public hearing on the subject matter of Article 28 at its office at 24 Main Street on March 23, 1970 at 8:40 P. M.

The hearing was advertised in the Suburban Press and Natick Bulletin on March 5, 1970 and March 12, 1970.

This article proposes to re-zone the strip of land in West Natick from Industrial II to Residential Single. The area in question is 100 feet wide, lies northerly from and parallel to the Penn-Central Railroad, and extends from Boden Lane to the Framingham line.

Since this land is not accessible, other than over residentially zoned areas, and cannot be used for industrial purposes, it is the opinion of the Planning Board that consistency in zoning of the whole natural area to Residential Single is desirable.

The Planning Board recommends favorable action.

Robert H. Quinn
Attorney General

Zoning By-Laws approved July 15, 1970.

ARTICLE 29

(THOMAS J. MC EVOY)

To see if the Town will amend Article V(a), Section 7, Sewer Assessment, Paragraph D. Sewerage Cost Apportionment by inserting the following paragraph after the first unnumbered paragraph of said section:

"Whenever, at the time of assessment, a parcel of land is improved by one or more dwelling units constructed thereon, the cost of the betterment to be assessed to the units so improved for special and general benefit facilities shall be assessed for seventy-five percent (75%) of cost or twelve hundred dollars (\$1,200.00), whichever is less, with the remaining cost to be paid by the Town. This section shall not apply to a subdivision of land under Section 81 of Chapter 41 of the General Laws as amended."
or otherwise act thereon.

Voted, indefinite postponement.

Voted, to dissolve Special Town Meeting.

Meeting dissolved at 11:10 P. M.

A Record of Proceedings of the first and final session.

Edward W. Devereaux
Town Clerk of Natick

A true copy.

Attest:

Edward W. Devereaux
Town Clerk of Natick

WARRANT
FOR
SPECIAL TOWN MEETING
MAY 26, 1970

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said County:

Greetings:

In the name of the Commonwealth of Massachusetts you are required to notify the qualified Town Meeting Members of the said Town of Natick to meet in the Senior High Auditorium, Natick on Tuesday evening, May 26, 1970 at 7:30 o'clock then and there to act on the following articles:

The following articles are to be acted upon and determined exclusively by Town Meeting Members in accordance with Chapter 2 of the Acts of 1938 and Amendments thereto and subject to the Referendum provided thereby.

And you are directed to serve this Warrant by posting attested copies thereof in each of the Post Offices in said Natick and at the following public places in said Natick, to wit: Entrances to Selectmen's Rooms, Main Street, Precinct #4; Natick Police Station, Precinct #1; Central Fire Station, Precinct #7; Town Clerk's Office, Precinct #4; Fire Station, South Natick, Precinct #2; Fire Station, West Natick, Precinct #3; Pole #53 at intersection of North Main and Bacon Streets, Precinct #4; Fire Station, East Natick and Lilja School, Oak Street in Precinct #5; Pole #114 North Main Street opposite Pine Street; the Bulletin Board at First National Store opposite New Road, Precinct #6; Pole #15 at intersection of Everett and Cottage Streets, Little South, Precincts #1 and #2; Johnson School, South Main Street, Precinct #7; West School, Mill Street and pole at intersection of Speen Street and Mill Street in Precinct #8.

Above locations being at least one public place in each precinct in the Town of Natick, seven days at least before May 26, 1970, also by causing an attested copy of said Warrant to be published once in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder" said publications to be seven days at least before the day appointed for said meeting, said publications to be seven days at least before the day appointed for said meeting, said publications being May 14, 1970.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 12th day of May 1970 A. D.

James N. Luttrell
Daniel J. O'Leary

SPECIAL TOWN MEETING

MAY 26, 1970

Meeting called to order by the Moderator at 7:40 P. M. and stated that there was a quorum present.

New Town Meeting Members sworn into office.

Voted, to waive the reading of the Warrant.

Voted, to waive the reading of the Warrant Article.

ARTICLE 1

(BOARD OF SELECTMEN)

To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase or to take by eminent domain land necessary for municipal parking and to raise and appropriate or otherwise provide a sum of money therefor, said land being described as follows: land as shown on the Town of Natick Assessor's Maps, Map 43, Lot 264, being that parcel of land at 18 West Central Street, or otherwise act thereon.

Counted vote, yes 126, no 38. Finance Committee motion as amended to authorize the Board of Selectmen to acquire by purchase or eminent domain from the title holder of record, a certain parcel of land as shown on the Town of Natick Assessor's Maps, Map 43, Lot 264, being that parcel of land at 18 West Central Street, and to appropriate therefor the sum of \$14,350.00 as follows: \$11,495.00 to be appropriated from Morse Institute Library - Eminent Domain Additional Site, Article 59 of the Annual Town Meeting of 1962, and the balance of \$2,855.00 from Surplus Revenue - Free Cash.

ARTICLE 2

(BOARD OF SELECTMEN)

To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase or take by eminent domain land necessary for municipal parking and to raise and appropriate or otherwise provide a sum of money therefor, said land being described as follows: land as shown on the Town of Natick Assessor's Maps, Map 43, Lot 256, being that land at 29 Pond Street, or otherwise act thereon.

Counted vote, yes 125, no 21. Finance Committee motion as amended to authorize the Board of Selectmen to acquire by purchase or eminent domain from title holder of record a certain parcel of land as shown on the Town of Natick Assessor's Maps, Map 43, Lot 256, being land at 29 Pond Street and to appropriate therefor the sum of \$28,000.00 as follows: \$14,000.00 to be appropriated from Surplus Revenue - Free Cash, and \$14,000.00 from the Current Tax Levy.

ARTICLE 3

(BOARD OF SELECTMEN)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for site preparation, grading, paving and parking meters or parking gates on the additional parking areas as may have been voted under Articles 1 and 2 and the adjacent municipal parking area or otherwise act thereon.

Voted, Finance Committee motion as amended to appropriate the sum of \$21,100.00 for site preparation grading, paving, and parking meters shall be used and a two hour limit be enforced on municipally owned parking areas in Natick, bounded by West Central Street on the North, and bounded by Pond Street on the South, said sum to be appropriated as follows: \$10,550.00 to be taken from Surplus Revenue - Free Cash, and \$10,550.00 to be taken from the Current Tax Levy.

ARTICLE 4

(BOARD OF SELECTMEN)

To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase,

or to take by eminent domain land necessary for municipal parking and to raise and appropriate a sum of money or otherwise provide therefor, said land being described as follows: land shown on the Town of Natick Assessor's Maps, Map 43, Lot 387, being that land at 20 Middlesex Avenue adjacent to the present municipal parking lot or otherwise act thereon.

Counted vote, yes 122, no 23. Finance Committee motion as amended to authorize the Board of Selectmen to acquire by purchase or eminent domain from the title holder of record a certain parcel of land shown on the Town of Natick Assessor's Map 43, Lot 387, being that land at 20 Middlesex Avenue adjacent to the present municipal parking lot and to appropriate therefor the sum of \$31,800.00, said sum to be appropriated as follows: \$15,900.00 to be taken from Surplus Revenue - Free Cash, and the balance of \$15,900.00 to be taken from the Current Tax Levy.

ARTICLE 5

(BOARD OF SELECTMEN)

To see what sum of money the Town will vote to raise and appropriate or otherwise provide for site preparation, grading, paving, and parking meters or parking gates on the additional municipal parking area as may have been voted under Article 4, and the adjacent municipal parking area, or otherwise act thereon.

Voted, to appropriate the sum of \$17,000.00 for site preparation, grading, paving, and parking meters shall be used and a two hour limit enforced on municipally owned parking areas in Natick, off Union Court, and bounded on the north by Middlesex Avenue and on the south by Summer Street; said sum to be appropriated as follows: \$8,500.00 to be taken from Surplus Revenue - Free Cash, and the balance of \$8,500.00 to be taken from the Current Tax Levy.

Voted, to dissolve Special Town Meeting.

Meeting dissolved at 9:20 P. M.

At the completion of the count all the ballots, check lists and tally sheets were sealed, properly endorsed, and delivered to the Town Clerk for safe keeping as prescribed by law.

ADJOURNED.

A Record of the Proceedings at the State Primary, September 15, 1970.

Edward W. Devereaux
Town Clerk

RECOUNT

Middlesex, ss.

Natick, Mass., September 25, 1970.

In accordance with the petition for a recount, filed under Chapter 54, Section 135 of the Massachusetts General Laws, the ballots cast in all eight precincts of the Town of Natick at the Primary held on September 15, 1970, for the office of Representative in General Court, Fortieth Middlesex District, were recounted on Friday, September 25, 1970. The result of this recount was that no change was reported by all eight precincts on September 15, 1970, State Primary Election.

Edward W. Devereaux
Clerk, Board of Registrars

THE COMMONWEALTH OF MASSACHUSETTS

STATE ELECTION

NOVEMBER 3, 1970

Middlesex, ss.

To any Constable of the Town of Natick in said County:

Greetings:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said Town of Natick who are qualified to vote in State Elections to meet in

The Voters of Precinct No. 1 in Center School Auditorium
The Voters of Precinct No. 2 in Eliot School
The Voters of Precinct No. 3 in Kennedy Junior High School
The Voters of Precinct No. 4 in Murphy School, North Main Street
The Voters of Precinct No. 5 in Lilja School
The Voters of Precinct No. 6 in Wilson Junior High School
The Voters of Precinct No. 7 in Harold Johnson School
The Voters of Precinct No. 8 in Natick Senior High School

TUESDAY, the 3rd day of November 1970 at 7 o'clock A. M. at which time in all precincts of said Town of Natick the polls will be opened and will remain open continuously until 8:00 P. M. of said day when they will be closed, during which time the aforesaid qualified inhabitants of said Town may bring in their votes to the Election Officers duly appointed and sworn for said precincts for said Town of Natick in said meeting so assembled for:

SENATOR IN CONGRESS	FOR THIS COMMONWEALTH
GOVERNOR	FOR THIS COMMONWEALTH
LIEUTENANT GOVERNOR	FOR THIS COMMONWEALTH
ATTORNEY GENERAL	FOR THIS COMMONWEALTH
SECRETARY	FOR THIS COMMONWEALTH
TREASURER	FOR THIS COMMONWEALTH
AUDITOR	FOR THIS COMMONWEALTH
REPRESENTATIVE IN CONGRESS	TENTH CONGRESSIONAL DISTRICT
COUNCILLOR	SECOND COUNCILLOR DISTRICT

REPRESENTATIVE IN GENERAL COURT (2)	FORTIETH MIDDLESEX REPRESENTATIVE DISTRICT
DISTRICT ATTORNEY	NORTHERN DISTRICT
CLERK OF COURTS	MIDDLESEX COUNTY
REGISTER OF DEEDS	MIDDLESEX SOUTHERN DISTRICT
COUNTY COMMISSIONER (1)	MIDDLESEX COUNTY
SHERIFF (1 - TO FILL VACANCY)	MIDDLESEX COUNTY

ALSO TO VOTE "YES" OR "NO" IN ANSWER TO THE FOLLOWING QUESTIONS:

QUESTION NO. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 15, 1968, received 155 votes in the affirmative and 98 in the negative, and in a joint session of the two branches held May 14, 1969, received 147 votes in the affirmative and 119 in the negative?

SUMMARY

The proposed amendment to the to the Constitution authorizes the Legislature to classify real property according to uses, and authorizes the assessment, rating and taxation of real property at different rates in the different classes so established, but proportionately in the same class. The amendment further authorized the granting of reasonable exemptions and abatements.

QUESTION NO. 2

Do you approve of the adoption of an amendment to the Constitution summarized below, which was

approved by the General Court in a joint session of the two branches held October 9, 1967, received 237 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held May 14, 1969, received 262 votes in the affirmative and 4 in the negative?

SUMMARY

The proposed amendment to the Constitution abolishes the requirement that in order to vote in a state election a person must have resided within the Commonwealth one year. If amended, the Constitution would require that the voter reside six months in the town or district in which he claims a right to vote.

QUESTION NO. 3

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in a joint session of the two branches held October 9, 1967, received 142 votes in the affirmative and 102 in the negative, and in a joint session of the two branches held May 14, 1969, received 222 votes in the affirmative and 49 in the negative?

SUMMARY

The proposed amendment to the Constitution reduces the minimum age for voting in a state election from twenty-one to nineteen.

QUESTION NO. 4

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 15, 1968, received 181 votes in the affirmative and 66 in the negative, and in a joint session of the two branches held May 15, 1969, received 208 votes in the affirmative and 54 in the negative?

SUMMARY

The proposed amendment to the Constitution amends the existing Constitutional provisions which direct the division of the Commonwealth into 240 representative districts and 40 senatorial districts. It provides for a census of the inhabitants of each city and town in the Commonwealth in the year 1971 and in every tenth year thereafter. The census in 1971 is to be the basis for determining the representative and senatorial districts for the ten year period beginning January 1, 1975. Each subsequent census shall be the basis for determining the districts for each ten year period beginning the fourth January following each census, so that the census in 1981 will determine the districts as of January 1985, etc.

The amendment provides that the House of Representatives shall consist of two hundred and forty members and the Senate of forty members. In its first regular session following each census, the Legislature shall divide the Commonwealth into two hundred and forty representative districts of contiguous territory and forty senatorial districts also of contiguous territory. Each representative district shall contain, as nearly as may be, the equal number of inhabitants according to the census. Each senatorial district shall also contain as nearly as may be an equal number of inhabitants according to the census. A representative district shall not unite two or more counties, towns, or cities, parts thereof, or a city and a town, or parts thereof, in one district unless the same is unavoidable. Further, no town of less than six thousand inhabitants shall be divided in forming representative districts. It is also provided that the County of Dukes County and Nantucket County shall each be a representative district, notwithstanding the foregoing. The senatorial districts, each of which shall elect one Senator shall be formed without uniting two counties or parts of two or more counties, unless the same is unavoidable.

Each representative shall be an inhabitant of the district for which he is chosen at least one year immediately preceding his election, and each senator shall be an inhabitant of the district for which he is chosen at the time of his election and shall have been an inhabitant of the Commonwealth for at least five years immediately preceding his election. Any representative or senator who ceases to be an inhabitant of the Commonwealth shall cease to represent his district.

The amendment also provides that the Legislature (1) may by law limit the time within which judicial proceedings may be instituted calling in question any such division and (2) shall

prescribe by law the manner of calling and conducting elections for the choice of representatives and of ascertaining their election.

Finally, the amendment annuls the existing constitutional provisions with respect to apportionment of representative and senatorial districts, although those provisions will remain in effect until January 1, 1975.

QUESTION NO. 5

MULTIPLE CHOICE QUESTION

Which one of the following do you prefer with reference to the future course of action by the United States in Vietnam?

To vote on this question mark a cross X in the square at the right of the subdivision you prefer. DO NOT VOTE FOR MORE THAN ONE.

- A. Win a military victory.
- B. Withdraw our armed forces in accordance with a planned schedule.
- C. Withdraw all our armed forces immediately.

QUESTION NO. 6

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

D. Shall licenses be granted in this city (or town) for the sale of alcoholic beverages by hotels having a dining room capacity of not less than ninety-nine persons and lodging capacity of not less than fifty rooms?

And you are directed to serve this Warrant by posting attested copies thereof in each of the Post Offices in said Natick, and at the following public places in said Natick, to wit: entrance to Selectmen's Rooms, Main Street, Precinct 4; Natick Police Station, Precinct 1, Central Fire Station, Precinct 7; Town Clerk's Office, Precinct 4; Fire Station, South Natick, Precinct 2; Fire Station, West Natick, Precinct 3; Pole #53 at intersection of North Main and Bacon Streets, Precinct 4; Fire Station, East Natick, and Lilja School, East Natick, Oak Street, Precinct 5; Pole #114 North Main Street opposite Pine Street, Precinct 6; Bulletin Board First National Store, opposite New Road, Precinct 6; Pole #15 at intersection of Everett and Cottage Street, Precincts 1 and 2; Johnson School, South Main Street, Precinct 7; West School on Mill Street and pole at intersection of Speen and Mill Streets in Precinct 8.

Above locations being at least one public place in each precinct in the Town of Natick, seven days at least before November 3, 1970, also by causing an attested copy of said Warrant to be published once in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder", said publications being October 22, 1970.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this 19th day of October 1970 A. D.

James N. Luttrell
Daniel J. O'Leary
George A. Strait
Thomas L. Huddy
Peter H. Garland

Selectmen of Natick

A true copy.

Attest: William B. Rogers
Constable of Natick

OFFICER'S RETURN

Middlesex, ss

October 24, 1970

By virtue of this Warrant I have notified the qualified voters of said Town of Natick to meet at the times, places and for the purposes within specified by posting attested copies of said Warrant at the several locations and places therein designated for that purpose, Tuesday, November 3, 1970, also be causing an attested copy of said Warrant to be published in the newspapers called "The Natick Bulletin" and "The Suburban Press and Recorder", newspapers published in the said Town of Natick in the issues dated Thursday, October 22, 1970, respectively, all as within directed.

William B. Rogers
Constable

CENTRAL POLLING PLACE

TOTAL VOTE CAST - 14

Ballots Sealed and Impounded

After the announcement of the result in all eight precincts, the absentee ballots, used and unused, and the check lists were enclosed in separate packages, and delivered to the Town Clerk for safe keeping as prescribed by law. The automatic voting machines were sealed according to law.

Adjourned.

A Record of the Proceedings.

Edward W. Devereaux
Town Clerk of Natick

A HOME-LIKE ATMOSPHERE, with patients wearing casual street clothes and eating in a central dining room, pervades the new Progressive Care Unit at Leonard Morse Hospital where only ambulatory patients requiring minimal care are admitted. Francis R. Murphy Jr., of adjacent Wellesley adjusts stereophonic hi-fi, with only a hospital wrist tag to identify him as a patient.

JAMES O. DUNN
CERTIFIED PUBLIC ACCOUNTANT

Board of Trustees
Leonard Morse Hospital
Union Street
Natick, Massachusetts

We have examined the Balance Sheet of the Leonard Morse Hospital, Natick, Massachusetts, as of September 30, 1970, the Fund Summary Statements and the Statement of Revenue and Expense for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, subject to the final determination of contractual losses as further explained in Note 1 of Notes to Financial Statements, the accompanying Balance Sheet and Statement of Revenue and Expense present fairly the financial position of the Leonard Morse Hospital at September 30, 1970, and the results of its operation for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

JAMES O. DUNN
Certified Public Accountant

LEONARD MORSE HOSPITAL

NOTES TO ACCOMPANY FINANCIAL STATEMENTS

September 30, 1970

NOTE 1: There has not been a final determination of the payment adjustment to be made in connection with the filing of the Blue Cross reimbursement report for the year ended September 30, 1969. In the opinion of management this adjustment whether favorable or unfavorable, should not be material.

As of the date of this report both the Medicare and the Blue Cross reimbursement reports, for the year ended September 30, 1970, await completion. However, the estimated amounts due from each are reflected in both Exhibit A and Exhibit C; and their respective amounts are \$69,700 and \$85,000.

NOTE 2: The maturity dates on serial notes payable are as follows:

Leonard Morse Hospital, 7% Direct Obligation
Serial Notes Dated August 1, 1968

<u>Due Date</u>	<u>Amount</u>
February 1, 1971	\$ 107,000
August 1, 1971	111,000
February 1, 1972	114,000
August 1, 1972	118,000
February 1, 1973	123,000
August 1, 1973	127,000
<u>Total</u>	<u>\$ 700,000</u>

The trust indenture requires that the amount necessary to retire serial notes and to make interest payments be placed in escrow six months prior to due dates.

NOTE 3: The figures shown are condensed for the Town of Natick Report. A copy of the complete audit figures has been received by the Leonard Morse Hospital and is on public file.

LEONARD MORSE HOSPITAL

NOTES TO ACCOMPANY FINANCIAL STATEMENTS September 30, 1970

NOTE 4: As of September 30, 1970 the hospital was liable for \$650,000 in unsecured notes payable per the following schedule:

1) Time unsecured loan due 10/30/70 @8 $\frac{1}{2}$ %	\$ 200,000
2) Time unsecured loan due 12/29/70 @8%	200,000
3) Demand unsecured loan @8%	<u>250,000</u>
<u>Total</u>	<u>\$ 650,000</u>

The demand unsecured loan has a tentative repayment schedule as follows:

August 1, 1970-September 30, 1971	Interest only (billed monthly)
October 1, 1971-September 30, 1972	\$ 50,000
October 1, 1972-September 30, 1973	75,000
October 1, 1973-September 30, 1974	<u>125,000</u>
<u>Total</u>	<u>\$ 250,000</u>

NOTE 5: The hospital has established "The Leonard Morse Hospital Retirement Plan for Employees", effective March 1, 1970. The Newton Waltham Bank is acting as Trustee of the Plan.

The initial accrued liability is approximately \$650,000. It is expected that this will be amortized over the next twenty-five (25) years. Until fully funded, the accrued liability of the plan will be equal to the initial accrued liability, less payments made to amortize it, plus interest at 4% on the unfunded balance each year.

ACCOUNTING DEPARTMENT
Report of Town Comptroller

In compliance with Section 61, Chapter 41, General Laws, submitted herewith is the annual report of the Accounting Department for the year ended December 31, 1970.

All invoices and payrolls presented during the year by the Town Departments have been examined both for their accuracy and legal requirements before being submitted to the Treasurer for payment. The payments, which were presented on 258 Treasury Warrants, amounted to \$24,675,716.54.

I hereby certify that all petty cash funds and checking accounts of the Town have been verified and reconciled with the books.

The total receipts during 1970 were \$25,234,927.67. The cash balance on hand December 31, 1970 was \$1,650,178.54 plus invested cash of \$750,000.00 for a total of \$2,400,178.54 which is an increase of \$28,073.13 over the balance on hand at the end of 1969.

Monthly notices of appropriation condition were forwarded on State approved forms to all Towns officers, Committee and Boards charged with the expenditure of Town funds. At the time of this report the known unpaid bills of previous years are:

Boston Edison Co. - playground lighting	\$ 43.71
Green Stationery, Inc. - file folders	4.28
Dr. D. F. Kosloff - medical expense -	
D. O'Callighan	10.00
Dr. J. F. Dorsey - medical expense -	
D. Holland	10.00
Mass. Hospital Service, Inc.	1,507.61

Detailed statements of all departmental budgets were compiled showing amounts for each item expended in 1968, 1969 and the first nine months of 1970 and their requests for 1971. Copies of each were forwarded to the Finance Committee.

The unexpended appropriation balances, exclusive of Sewer and Water, returned to the 1970 Revenue Account amounted to \$291,777.15, a decrease of \$30,309.68 from the previous year.

As required by law, under Section 54A, Chapter 41, General Laws, notice was given to the Assessors of the total 1970 receipts except from taxes, loans, trust funds, federal grants and revolving funds, and the source of such receipts was specified. The actual collection in this group of receipts was \$421,172.04 higher than the estimate used by the Assessors in determining the 1970 tax rate.

Appended to this report are the following schedules:

- a) Cash Receipts
- b) Summary of Appropriations and Expenditures
- c) Balance Sheet showing the financial condition of the Town
- d) Deferred Revenue Not Due
- e) Net Funded or Fixed Debt
- f) Trust Funds - Cash and Securities
- g) Debt Statement showing amounts due for Principal and Interest for 1970
- h) Analysis of Revenue and other Accounts
